INTRODUCTION

Supporting a successful transition to the community and maintaining stability within the offender population is central to the mission of the Kentucky Department of Corrections. The Department protects public safety by ensuring that offenders receive programming to support their successful return to the community. Programs are standardized across the Department, implemented with dedicated resources, and regularly reviewed for quality assurance.

This practical guide was prepared to highlight the Department's programs. Each program summary in this directory contains key information: a Program Description, Time Frame, Admission Criteria, Program Content, Applicable Policies, and Locations.

The Department maintains a catalog of evidence-based, life skills, promising practice, and substance abuse programs to address a wide range of reentry, supervision, and incarceration needs. Program offerings vary based on available resources and the needs of the offender population. The Department of Corrections maintains a list of the programs that are currently available.

General Information

Definitions:

Evidence Based Programs are programs demonstrated by scientific research to reliably produce reductions in recidivism.

Promising Practice represents a program that may have some research or data showing positive outcomes but does not meet criteria as an Evidence Based program. Promising practices have a clear focus and includes processes of accountability and evaluation.

Life Skills Programs provide strategies to assist in removing barriers for successful reintegration and address skill areas including time management, money management, use of technology, communication, and social skills.

Substance Abuse Programs are evidence based drug treatment programs for individuals with a substance use disorder.

Religious Program means a program that does not have a secular purpose or a program, which has a curriculum that advances or inhibits specific religion(s) and does not qualify for program credit.

Cognitive Behavioral Programs

Program Name	MRT©– Moral Reconation Therapy *MRT© is the product of Correctional Counseling Inc. (CCI). MRT© and its related products are property of CCI. CCI is the sole source provider of MRT© products.*
Program Description	This **Evidence Based** program combines group presentations and individual assignments, along with facilitator guidance when necessary. The program was designed in a criminal justice setting for offenders involved in the criminal justice system. MRT© targets an offender's belief system and attempts to raise their level of moral reasoning in their decision-making process. The MRT© program has been researched for over thirty years and has proven reduction in recidivism levels at multiple points of progress within the program, as well as after overall program completion. MRT© is designed to achieve formal program completion after 12 in-group steps. The workbook for this program is entitled 'How to Escape Your Prison'© and includes the use of a separate facilitator guide. *MRT certification is required to facilitate this program.
Time Frame	Length of time in program is dependent on individual offender progress, although offenders can generally expect to participate in 24-36 open-ended group sessions. Offenders will also be required to work individually on homework assignments as part of the program requirements.
Program Credit	This program receives **90** days program credit upon completion.
Admission Criteria	All program recommendations are based on their specific criminogenic needs identified in the KyRAS assessment.

Program Description	The MRT© Mentoring program strives to ensure a higher success rate for those who have previously completed MRT©. A Mentor within the MRT© program will be held to a higher behavioral expectation than those participating in the MRT© group. Mentorship is beneficial for both the offender serving as the mentor, as well as for the offenders participating in the MRT© program. As a mentor, participants will complete steps 13-16 from their original 'How to Escape your Prison'© workbook, along with completing of the 'Your Lifework'© Workbook. Participants must also complete a total of twelve (12) dedicated 'helping sessions' where the mentor's focus is exclusively assisting regular MRT group participants with no focus on their own step work. A maximum of 3 mentors per MRT group of 15 (ratio of 1:5) shall assist in monitoring and assisting the current involved group with step completion while working through their own specific program curriculum. *MRT and KY DOC MRT Mentor Certifications are required to facilitate this program.
Time Frame	Length of time in program is dependent on individual offender progress, although offenders can generally expect to participate in 24-36 open-ended group sessions. Offenders will also be required to work individually on homework assignments as part of the program requirements.
Program Credit	This program receives **90** days program credit upon completion.
Admission Criteria	**Prerequisites:** completion of MRT© in the last 30 months. No convictions of major disciplinary violations or Violation of Supervision Reports for the preceding 6 months. Must still possess original 'How to Escape your Prison' workbook from MRT program completion. Must successfully demonstrate retention of MRT principles via essay questions submitted to program facilitator for review. All program recommendations are based on their specific criminogenic needs identified in the KYRAS assessment.

Addiction Services

Program Name	Recovery Kentucky Center (RKC) and Halfway House (HWH)
Program Description	**Recovery Kentucky Centers (RKCs):** The Recovery Kentucky model is a Peer-Driven model with the goal of changing how clients think, feel, and experience emotions in order to reduce substance use disorder and homelessness. The Recovery Kentucky model incorporates elements of Twelve Step Principles and Recovery Dynamics. The Recovery Kentucky model is broken into 5 Phases: Safe off the Streets (SoS), Motivational Track I (MTI), Motivational Track II (MTII), Phase I, and Phase II/Peer Mentor. During each Phase of the program clients are asked to participate in alcohol and drug education classes; participate in community meetings; hold themselves accountable for negative behaviors and breaking rules; attend self-help meetings; work a Twelve Step program; and complete written assignments. During some portions of the program clients are asked to "trudge" (walk) to classes off-site. "Trudging" represents a client going to equal lengths for their recovery as they did their addiction. **Accommodations can be made for clients unable to trudge** ***Recovery Kentucky has a partnership with Kentucky Housing and if applicable client's will be required to follow HUD guidelines for housing and rent.*** **Halfway Houses (HWHs):** Some of the HWHs utilize a RKC model which is referenced above. However, most of the HWHs utilize the Therapeutic Community Model to treat clients with substance use disorder. The TC model is a peer driven program incorporating Cognitive Behavioral Therapy in conjunction with evidence-based curriculum. Participants engage in education regarding their substance use disorder and have the opportunity to learn, practice, and apply pro-social behaviors. The community itself, through self-help and mutual support, is the principal means for promoting personal change.
Time Frame	Recovery Kentucky Centers (RKCs): The program can range from 6 to 18 months, however, DOC only requires completion through Phase I; which should typically take around 7 months to complete. Clients may choose to stay longer to complete the Phase II or Peer Mentor portion of the program. Halfway Houses (HWHs): The program is typically six (6) months in length and is based on the client's individual progress and participation.
Program Credit	This program receives **90** days program credit upon completion.
Admission Criteria	Applicant has evidence of a substance use disorder that requires treatment. Applicant shall be deemed appropriate for this level of care by clinical staff within the Division of Addiction Services. Must be medically and psychologically stable – applicable to RKC placement only.

	From incarcerated population: If an individual receives a recommendation of parole upon completion (PUC) of SAP or is determined eligible for HIP, they shall be assessed by a Branch Manager or Program Administrator within the Division of Addiction Services to determine the appropriate level of care. If it is determined that the individual is appropriate for community/RKC/HWH they shall be released to treatment in the community. Individuals who are enrolled in SAP at the time of their release can enter community RKC/HWH with recognition for the treatment already completed. From community population: The court or supervising probation/parole officer can refer a client to the community Social Service Clinicians (SSC) to determine the appropriate level of care. Applicant shall have a custody status of Level 1 (community) – applicable to HWH placement only. While enrolled in SAP a client may enroll in one (1) other evidence-based program. In addition anyone eligible to attend GED may do so and this will not count as the one additional program.

Program Name	Recovery Kentucky Center (RKC) and Halfway House (HWH) Mentor (SAP Mentor)
Program Description	**Recovery Kentucky Centers (RKCs):** The clients who have completed all the requirements through Phase I with a Recovery Kentucky model program can apply and sign on for Peer Mentorship. The key role of Peer Mentors to act as mentors, role models, and teachers to the program participants. The Peer Mentors are trained and assigned to teach the Recovery Dynamics curriculum to the program participants. After 90 days, Peer Mentors are permitted to gain outside employment. ***Recovery Kentucky has a partnership with Kentucky Housing and if applicable client's will be required to follow HUD guidelines for housing and rent.*** **Halfway House (HWHs):** Those individuals who have completed all the requirements for an HWH can apply to stay for Peer Mentorship. They begin to give back to the community by acting as role models, mentors, and teachers to the other phases in the program. Peer Mentors for both RKCs and HWHs are responsible for the following (but not limited to): ○ Model prosocial behaviors and attitudes; ○ Model success or failure through trial-and-error learning process; ○ Model support and guidance to peers and staff in community; ○ Model new behaviors, attitudes, and responsible living on a daily basis; ○ Model appropriate accountability to bring awareness to Criminal & Addictive Thinking Patterns and behaviors for self and peers; ○ Model leadership through tasks assigned to create clear and understandable expectations; Complete work in Hazelden "Now That You're Sober" © workbook or other evidenced-based curriculum.
Time Frame	Recovery Kentucky Centers (RKCs) and Halfway Houses (HWH): DOC requires a full six (6) month commitment to be eligible for good time.
Program Credit	This program receives **90** days program credit upon completion.
Admission Criteria	Must have completed all previous program requirements and applied for peer mentorship. Peer Mentor Agreement (and other applicable documentation) must be sent to DOCSAP.RKCRSCDocuments@ky.gov email, providing notification of client's intent to participate in SAP Mentor program. While enrolled in SAP Mentor a client may enroll in one (1) other evidence-based program. In addition, anyone eligible to attend GED may do so and this will not count as the one additional program.

Program Name	SAP – DOC Approved Program
Program Description	A client on misdemeanor supervision, pre-trial diversion, probation, MRS (mandatory reentry supervision), or parole may be referred to a DOC Approved Provider for Substance Use Disorder Treatment. The goal of Approved Providers is to provide treatment for substance use disorder through a community provider that utilizes a level of care of 2 or higher upon the clinically appropriate referral from a Division of Addiction Services staff. Levels of treatment eligible include levels 2 and 3.
Time Frame	Will vary based on clinical need, but may include multiple levels of care. Eligible clients will be reviewed by Division of Addiction Services staff to assist in identifying community providers and ensuring treatment is implemented and monitored. Participants remain in programming as clinically appropriate.
Program Credit	Program Credit for this program will be determined by the levels of care completed as follows and for individuals on court ordered release, at the sentencing Judges discretion: • ASAM Levels 3 – 30 days of program good time credit upon completion • ASAM Levels 2 – 60 days of program good time credit upon completion • Client may receive credit for each level of care once per treatment episode • Addiction Services maintains the ability to grant credit at the discretion of the division if deemed appropriate.
Admission Criteria	Participants must: • Be deemed appropriate for level of care by clinical staff within the Division of Addiction Services • Be on community supervision (parole, MRS, probation, diversion agreement) • Have an active "Authorization for disclosure of information" with provider and DOC (if the ROI is revoked or revised credit will be denied) • Be compliant with Conditions of Supervision (to include treatment recommendations as required by the sentencing authority, Court/Parole Board) Provider Must: • Be verified as a DOC Approved Provider of substance use disorder treatment.

Program Name	Community SAP - Comprehensive Outpatient Program
Program Description	Comprehensive Outpatient substance use disorder treatment program can be an initial entry point into treatment or accessed as a continuum of care for offenders determined to be in need of substance use disorder services. Participants receive weekly group treatment in an outpatient setting through an agreement with the Regional Community Mental Health Centers (CMHC). Participants receive evidenced based substance use disorder curriculum and must abide by all treatment program standards including submitting to random drug screening. Due to an enhanced need in central Kentucky, the department contracts with the Hope Center to provide Substance Use Disorder treatment services akin to those offered in the CMHC's. Eligible candidates include MRS, probationers, shock probationers, parolees, HIP, and pre-trial diversions. ICOTS, Women's Medical Releases, SOCD and Misdemeanor offenders upon approval.
Time Frame	This program is broken into three phases, moving from most intensive to least intensive. CMHC's provide two-hour sessions, at the following schedule: PHASE 1: 3 sessions per week for 12 weeks (36 sessions/72 hours) PHASE 2: 2 sessions per week for 8 weeks (16 sessions/32 hours) PHASE 3: 1 session per week for 4 weeks (4 sessions) Thus, CMHC participants generally complete in six months (56 sessions/112 hours) Hope Center provides three-hour session, at the following schedule: PHASE 1: 3 sessions per week for 8 weeks (24 sessions/72 hours) PHASE 2: 2 sessions per week for 5 weeks (10 sessions/30 hours) PHASE 3: 1 session per week for 3 weeks (3 sessions/9 hours) Thus, Hope Center participants generally complete in four months (37 sessions/111 hours) Participants in the program may be restarted as determined clinically appropriate.
Program Credit	This program receives **90** days program credit upon completion.
Admission Criteria	Offenders may be referred to Comprehensive Outpatient who present with a substance use disorder, which is causing multidimensional instability. Comprehensive Outpatient can be an entry point into treatment, a step down level of care, or a step up level of care. Comprehensive Outpatient would be considered for offenders who would likely benefit from structure and accountability. Offenders must be medically and mentally stable to attend treatment sessions in a group setting. From incarceration population: If an individual receives a recommendation of parole upon completion (PUC) of SAP or is determined eligible for HIP, they shall be assessed by the Division of Addiction Services to determine the appropriate level of care. If it is determined that the individual is appropriate for Comprehensive Outpatient and has a verified home placement, they shall be released to

	Comprehensive Outpatient treatment in the community. Individuals who are enrolled in SAP at the time of their release from a jail or institution can enter Comprehensive Outpatient with recognition for the weeks of treatment already completed. From community population: The court or supervising probation/parole officer can refer an offender to the community Social Service Clinicians (SSC) to determine the appropriate level of care.

Program Name	Community SAMAT (Supportive Assistance with Medication for Addiction Treatment)
Program Description	A client on misdemeanor supervision, pre-trial diversion, probation, MRS (mandatory reentry supervision), or parole may be eligible for SAMAT. Community SAMAT candidates may be referred to a medical provider for evaluation for FDA approved medication to treat Opioid Use Disorder and/or Alcohol Use disorder. SAMAT may prevent overdose, relapse, and recidivism for individuals with Opioid Use Disorder and/or Alcohol Use Disorder. Candidates are currently engaged in ASAM level of care and may benefit from the implementation of FDA-approved medication for addiction treatment, including Naltrexone (Vivitrol), Buprenorphine (Suboxone, Sublocade, Brixadi), or Methadone as prescribed by their medical provider. The goal of Community SAMAT is to facilitate a successful transition to a referred level of care for substance abuse treatment that utilizes medication for addiction treatment, counseling, drug screens, and NARCAN education upon the participant's referral from a social service clinician.
Time Frame	SAMAT candidates will be reviewed by a community Social Service Clinician as soon as possible to assist in identifying community providers and ensuring treatment is implemented and monitored. Participants remain in the SAMAT program approximately six months to maintain good standing.
Program Credit	This program receives **90** days program credit upon completion of 6 consecutive months of monthly documented SAMAT participation and progress in ASAM level of care. Continuation of medication after 6 months is not eligible for additional program credit.
Admission Criteria	Participants must: ○ Be identified as having an Opioid Use Disorder or Alcohol Use Disorder ○ If diagnosed with AUD only, Vivitrol is the only FDA approved medication available for PGTC. ○ Voluntarily agree to participate ○ Be on community supervision (parole, MRS, probation, misdemeanor probation, or diversion agreement) ○ Be on community supervision (parole, MRS, probation, diversion agreement) ○ Have a community medical provider supervising medication management and drug screens ○ Agree to provide documentation of one-time Narcan training. ○ Agree to stay in compliance with and meet all other requirements of supervision ○ Agree to be compliant with SSC referred ASAM level of care
