### Michael McKinney Named Assistant Director of Administrative Services Division

**FRANKFORT, Ky. (Nov. 8, 2018)** – Kentucky Department of Corrections Deputy Commissioner Hilarye Dailey today announced that Michael McKinney has been named the assistant director of the department's Division of Administrative Services. He assumes his new role Nov. 16.

"Having served as a fiscal manager at three facilities and as a deputy warden at EKCC, Mike McKinney brings a wealth of fiscal and operational experience to this position," said Dailey. "His dedication and acumen in fiscal operations will be a tremendous asset to the department."

McKinney served as deputy warden at Eastern Kentucky Correctional Complex (EKCC) since May of this year. He began his career with the Department of Corrections in May 2001 as a fiscal officer at Blackburn Correctional Complex. While there he also worked with the department's budget director on developing the agency's six-year capital construction plan. He went on to work as fiscal manager at Little Sandy Correctional Complex at its inception in 2005 and EKCC starting in 2013. He has worked 20 years within Kentucky state government, holding positions for both the Department of Corrections and the Department of Parks in financial and administrative roles.

In addition to his assigned duties, McKinney has also served as a public information officer, hostage negotiation team member, and PREA coordinator. He was very involved in the creation of EKCC's Leadership Program and actively participated in local job fairs and recruitment for the institution.

McKinney is a graduate of the 2015 Commissioner's Executive Leadership Program.
