

Addiction Services

Program Name	Outpatient Substance Abuse Treatment Program (SAP) (Prison)
Program Description	The Ross Cash Center Outpatient Substance Abuse Program provides treatment services for 25 female offenders, while KSR program's capacity is 20 male offenders. Participants are housed with general population offenders and report in the morning and afternoon for classes or group sessions. The primary curriculum for both programs is the Hazelden A New Direction® Series. Evidence-based interventions such as Cognitive Behavior Therapy, 12 step facilitation, Social Skills Training, Brief Intervention, and Relapse Prevention are also utilized. Offenders receive individual and group counseling services, as well as drug and alcohol education throughout the duration of programming. Evidence-based activities and learning tools, such as role-plays and skits, are incorporated in the daily schedule. Upon entering the program, each offender is assigned a primary counselor. The clinician and offender work together to develop an individualized treatment plan and eventually a continuum of care plan. This plan includes aftercare recommendation to be followed once released to active supervision.
