## INTRODUCTION

Supporting a successful transition to the community and maintaining stability within the offender population is central to the mission of the Kentucky Department of Corrections. The Department protects public safety by ensuring that offenders receive programming to support their successful return to the community. Programs are standardized across the Department, implemented with dedicated resources, and regularly reviewed for quality assurance.

This practical guide was prepared to highlight the Department's programs. Each program summary in this directory contains key information: a Program Description, Time Frame, Admission Criteria, Program Content, Applicable Policies, and Locations.

The Department maintains a catalogue of evidence-based, life skills, promising practice, and substance abuse programs to address a wide range of reentry, supervision, and incarceration needs. Program offerings vary based on available resources and the needs of the offender population. The Department of Corrections maintains a list of the programs that are currently available.

### General Information

#### Definitions:

Evidence Based Programs are programs demonstrated by scientific research to reliably produce reductions in recidivism.

Promising Practice represents a program that may have some research or data showing positive outcomes but does not meet criteria as an Evidence Based program. Promising practices have a clear focus and includes processes of accountability and evaluation.

Life Skills Programs provide strategies to assist in removing barriers for successful reintegration and address skill areas including time management, money management, use of technology, communication, and social skills.

Substance Abuse Programs are evidence based drug treatment programs for individuals with a substance use disorder.

Religious Program means a program that does not have a secular purpose or a program, which has a curriculum that advances or inhibits specific religion(s) and does not qualify for program credit.

Program Name	<p><b>MRT<sup>®</sup> – Moral Reconciliation Therapy</b></p> <p><i>MRT<sup>®</sup> is the product of Correctional Counseling Inc. (CCI). MRT<sup>®</sup> and its related products are property of CCI. CCI is the sole source provider of MRT<sup>®</sup> products.</i></p>
Program Description	<p>This <b>Evidence Based</b> program combines group presentations and individual assignments, along with facilitator guidance when necessary. The program was designed in a criminal justice setting for offenders involved in the criminal justice system. MRT<sup>®</sup> targets an offender’s belief system and attempts to raise their level of moral reasoning in their decision-making process. The MRT<sup>®</sup> program has been researched for over thirty years and has proven reduction in recidivism levels at multiple points of progress within the program, as well as after overall program completion. MRT<sup>®</sup> is designed to achieve formal program completion after 12 in-group steps. The workbook for this program is entitled ‘How to Escape Your Prison’<sup>®</sup> and includes the use of a separate facilitator guide.</p> <p>*MRT certification is required to facilitate this program.</p>
Time Frame	<p>Length of time in program is dependent on individual offender progress, although offenders can generally expect to participate in 24-36 open-ended group sessions. Offenders will also be required to work individually on homework assignments as part of the program requirements.</p>

Program Name	<p><b>MRT<sup>®</sup> Mentor</b>  <i>MRT<sup>®</sup> is the product of Correctional Counseling Inc. (CCI). MRT<sup>®</sup> and its related products are property of CCI. CCI is the sole source provider of MRT<sup>®</sup> products.</i></p>
Program Description	<p>The MRT<sup>®</sup> Mentoring program strives to ensure a higher success rate for those who have previously completed MRT<sup>®</sup>. A Mentor within the MRT<sup>®</sup> program will be held to a higher behavioral expectation than those participating in the MRT<sup>®</sup> group. Mentorship is beneficial for both the offender serving as the mentor, as well as for the offenders participating in the MRT<sup>®</sup> program. As a mentor, participants will complete steps 13-16 from their original 'How to Escape your Prison'<sup>®</sup> workbook, along with completing of the 'Your Lifework'<sup>®</sup> Workbook. Participants must also complete a total of twelve (12) dedicated 'helping sessions' where the mentor's focus is exclusively assisting regular MRT group participants with no focus on their own step work. A maximum of 3 mentors per MRT group of 15 (ratio of 1:5) shall assist in monitoring and assisting the current involved group with step completion while working through their own specific program curriculum.</p> <p>*MRT certification is required to facilitate this program.</p>
Time Frame	<p>Length of time in program is dependent on individual offender progress, although offenders can generally expect to participate in 24-36 open-ended group sessions. Offenders will also be required to work individually on homework assignments as part of the program requirements.</p>
Program Credit	<p>This program receives <b>90</b> days program credit upon completion.</p>
Admission Criteria	<p><b>Prerequisites:</b> completion of MRT<sup>®</sup> in the last 30 months. No convictions of major disciplinary violations or Violation of Supervision Reports for the preceding 6 months. Must still possess original 'How to Escape your Prison' workbook from MRT program completion. Must successfully demonstrate retention of MRT principles via essay questions submitted to program facilitator for review.</p> <p>All program recommendations are based on their specific criminogenic needs identified in the KYRAS assessment.</p>

## Addiction Services

Program Name	<b>Recovery Kentucky Center (RKC) and Reentry Service Center (RSC)</b>
Program Description	<p><b>Recovery Kentucky Centers (RKC):</b>            The Recovery Kentucky model is a Peer-Driven model with the goal of changing how clients think, feel, and experience emotions in order to reduce substance use disorder and homelessness. The Recovery Kentucky model incorporates elements of Twelve Step Principles and Recovery Dynamics. The Recovery Kentucky model is broken into 5 Phases: Safe off the Streets (SoS), Motivational Track I (MTI), Motivational Track II (MTII), Phase I, and Phase II/Peer Mentor. During each Phase of the program clients are asked to participate in alcohol and drug education classes; participate in community meetings; hold themselves accountable for negative behaviors and breaking rules; attend self-help meetings; work a Twelve Step program; and complete written assignments. During some portions of the program clients are asked to “trudge” (walk) to classes off-site. “Trudging” represents a client going to equal lengths for their recovery as they did their addiction. <b>**Accommodations can be made for clients unable to trudge**</b></p> <p><b><i>Recovery Kentucky has a partnership with Kentucky Housing and if applicable client’s will be required to follow HUD guidelines for housing and rent.</i></b></p> <p><b>Reentry Service Centers (RSCs):</b>            Some of the RSCs utilize a RKC model which is referenced above. However, most of the RSCs utilize the Therapeutic Community Model to treat clients with substance use disorder. The TC model is a peer driven program incorporating Cognitive Behavioral Therapy in conjunction with evidence-based curriculum. Participants engage in education regarding their substance use disorder and have the opportunity to learn, practice, and apply pro-social behaviors. The community itself, through self-help and mutual support, is the principal means for promoting personal change.</p>
Time Frame	<p>Recovery Kentucky Centers (RKC): The program can range from 6 to 18 months, however, DOC only requires completion through Phase I; which should typically take around 7 months to complete. Clients may choose to stay longer to complete the Phase II or Peer Mentor portion of the program.</p> <p>Reentry Service Centers (RSCs): The program is typically six (6) months in length and is based on the client’s individual progress and participation.</p>
Program Credit	This program receives <b>90</b> days program credit upon completion.
Admission Criteria	<p>Applicant has evidence of a substance use disorder that requires treatment.</p> <p>Applicant shall be deemed appropriate for this level of care by clinical staff within the Division of Addiction Services.</p> <p>Must be medically and psychologically stable – applicable to RKC placement only.</p>

	<p>From incarcerated population:          If an individual receives a recommendation of parole upon completion (PUC) of SAP, they shall be assessed by a Branch Manager or Program Administrator within the Division of Addiction Services to determine the appropriate level of care. If it is determined that the individual is appropriate for community/RKC/RSC they shall be released to treatment in the community.</p> <p>From community population:          The court or supervising probation/parole officer can refer a client to the community Social Service Clinicians (SSC) to determine the appropriate level of care.          Applicant shall have a custody status of Level 1 (community) – applicable to RSC placement only.          While enrolled in SAP a client may enroll in one (1) other evidence-based program. In addition anyone eligible to attend GED may do so and this will not count as the one additional program.</p>

Program Name	<b>SAP - VOA Liberty Place at Shelby Campus</b>
Program Description	The Volunteers of America Liberty Place at Shelby Campus Program is offered to justice involved males who are on either probation or parole. The program was specifically designed to deliver the customary six-month curriculum at an accelerated pace using a modified schedule. This modification allows participants an opportunity to complete treatment in less time than traditional residential programs based on a client's individualized clinical progress as determined by the treatment team. A Treatment Team is held weekly in partnership with VOA and DOC Division of Addiction Services staff to review each client's clinical progress as it is correlated to successful program completion.
Time Frame	This is a short-term residential treatment program. Length of stay is based on level of care criteria in conjunction with treatment team review.
Program Credit	The VOA program is approved for the issuance of 45 days program good time credit when clients successfully complete the program in an average length of 45, 60, or 90 days. If it is determined by the treatment team that a client needs an additional 90 days of care (beyond the initial 90 days) resulting in the client achieving a full 180 days of treatment, then at the successful completion of those 180 days the client will be issued two (2) certificates that will each be valid for 45 days PGTC for a total of 90 days of PGTC.
Admission Criteria	<p>Those individuals in need of treatment for Substance Use Disorder who meet the clinical and classification criteria for community custody at this level of care may participate in this program. Must meet general criteria for referral to Reentry Service Centers approved by the Department to offer Substance Use Disorder treatment programming.</p> <p>Referrals can be made for parolees, probationers, ISC or HIP (limited). VOA Program is not equipped to handle severe mental health issues. Cases may be reviewed on an individual basis. The program is not designed to manage clients with severe, chronic medical conditions that require frequent doctors' appointments and/or treatments that would call for them to be absent from the facility. This location is unable to serve sex offenders due to women and children being housed on the same campus.</p> <p>Referrals are made through the Community SSC and a specification should be made on the referral form to the Placement Office requesting "VOA Only."</p>

Program Name	<b>Community SAP - Comprehensive Outpatient Program</b>
Program Description	<p>Comprehensive Outpatient substance use disorder treatment program can be an initial entry point into treatment or accessed as a continuum of care for offenders determined to be in need of substance use disorder services. Participants receive weekly group treatment in an outpatient setting through an agreement with the Regional Community Mental Health Centers (CMHC). Participants receive evidenced based substance use disorder curriculum and must abide by all treatment program standards including submitting to random drug screening.</p> <p>Due to an enhanced need in central Kentucky, the department contracts with the Hope Center to provide Substance Use Disorder treatment services akin to those offered in the CMHC's.</p> <p>Eligible candidates include MRS, probationers, shock probationers, parolees, HIP, and pre-trial diversions. ICOTS, Women's Medical Releases, SOCD and Misdemeanor offenders upon approval.</p>
Time Frame	<p>This program is broken into three phases, moving from most intensive to least intensive.</p> <p>CMHC's provide two-hour sessions, at the following schedule:  PHASE 1: 3 sessions per week for 12 weeks (36 sessions/72 hours)  PHASE 2: 2 sessions per week for 8 weeks (16 sessions/32 hours)  PHASE 3: 1 session per week for 4 weeks (4 sessions)  Thus, CMHC participants generally complete in six months (56 sessions/112 hours)</p> <p>Hope Center provides three-hour session, at the following schedule:  PHASE 1: 3 sessions per week for 8 weeks (24 sessions/72 hours)  PHASE 2: 2 sessions per week for 5 weeks (10 sessions/30 hours)  PHASE 3: 1 session per week for 3 weeks (3 sessions/9 hours)  Thus, Hope Center participants generally complete in four months (37 sessions/111 hours)</p> <p>Participants in the program may be restarted as determined clinically appropriate.</p>
Program Credit	This program receives <b>90</b> days program credit upon completion.
Admission Criteria	<p>Offenders may be referred to Comprehensive Outpatient who present with a substance use disorder, which is causing multidimensional instability. Comprehensive Outpatient can be an entry point into treatment, a step down level of care, or a step up level of care. Comprehensive Outpatient would be considered for offenders who would likely benefit from structure and accountability. Offenders must be medically and mentally stable to attend treatment sessions in a group setting.</p> <p>From incarceration population:  If an individual receives a recommendation of parole upon completion (PUC) of SAP, they shall be assessed by the Division of Addiction Services to determine the appropriate level of care. If it is determined that the individual is appropriate for Comprehensive Outpatient and has a verified home placement, they shall be released to Comprehensive Outpatient treatment in the community. Individuals who are enrolled in SAP at the time of their release from a jail or institution can enter Comprehensive Outpatient with recognition for the weeks of treatment</p>

	<p>already completed.</p> <p>From community population: The court or supervising probation/parole officer can refer an offender to the community Social Service Clinicians (SSC) to determine the appropriate level of care.</p>

Program Name	<b>Community SAMAT (Supportive Assistance with Medication for Addiction Treatment)</b>
Program Description	<p>Community SAMAT candidates may be referred to a medical provider for evaluation for FDA approved medication to treat Opioid Use Disorder and/or Alcohol Use disorder. SAMAT may prevent overdose, relapse, and recidivism for individuals with Opioid Use Disorder and/or Alcohol Use Disorder. Candidates are currently engaged in ASAM level of care and may benefit from the implementation of FDA-approved medication for addiction treatment, including Naltrexone (Vivitrol), Buprenorphine (Suboxone and Sublocade), or Methadone as prescribed by their medical provider.</p> <p>The goal of Community SAMAT is to facilitate a successful transition to a referred level of care for substance abuse treatment that utilizes medication for addiction treatment, counseling, drug screens, and NACAN education upon the participant’s referral from a social service clinician.</p>
Time Frame	SAMAT candidates will meet with a community Social Service Clinician as soon as possible to assist in identifying community providers and ensuring treatment is implemented and monitored. Participants remain in the SAMAT program approximately six months to maintain good standing.
Program Credit	This program receives <b>90</b> days program credit upon completion of 6 consecutive months of monthly documented SAMAT participation and progress in ASAM level of care. Continuation of medication after 6 months is not eligible for additional program credit.
Admission Criteria	<p>Participants must:</p> <ul style="list-style-type: none"> <li>○ Be identified as having an Opioid Use Disorder or Alcohol Use Disorder</li> <li>○ If diagnosed with AUD only, Vivitrol is the only FDA approved medication available for PGTC.</li> <li>○ Voluntarily agree to participate</li> <li>○ Be on community supervision (parole, MRS, probation, diversion agreement)</li> <li>○ Have a community medical provider supervising medication management and drug screens</li> <li>○ Agree to provide documentation of one-time Narcan training.</li> <li>○ Agree to stay in compliance with and meet all other requirements of supervision</li> <li>○ Agree to be compliant with SSC referred ASAM level of care</li> </ul>

Program Name	<b>SHARE-CO</b> <b>(Supportive Housing for Adaptive Reentry – Co-occurring)</b>	
Program Description	<p>SHARE-CO is an evidenced based program for individuals with co-occurring disorders. This program assists offenders with mental illness, co-occurring mental illness, and substance use disorder (SUD). This program utilizes a combination of the Recovery Kentucky model of the peer-driven therapeutic community in conjunction with the living in balance curriculum. Clients in this program with severe SUD are also encouraged and allowed to attend Recovery Dynamics programming. Services for clients in this program are targeted to include alcohol and drug education classes; participate in community meetings; hold themselves accountable for negative behaviors and breaking rules; attend self-help meetings; work a Twelve Step program; and complete written assignments.</p> <p>This program also utilizes licensed mental health professionals to provide direct services and support. Additionally, this program has many resources that can provide onsite mental health counseling as well as referrals for outpatient psychiatric counseling as needed. This program also maintains smaller therapeutic community groups, providing a less intimidating and more personal format, which allows both staff and offenders to focus on the particular needs of the clients.</p> <p>During some portions of the program clients may be asked to “trudge” (walk) to classes off-site. “Trudging” represents a client going to equal lengths for their recovery as they did their addiction. **Accommodations can be made for clients unable to trudge**</p> <p><b><i>Recovery Kentucky has a partnership with Kentucky Housing and if applicable client’s will be required to follow HUD guidelines for housing and rent.</i></b></p>	
Time Frame	SHARE-CO is a minimum of six (6) month with options for aftercare services. Completion is dependent on client needs and progress.	
Program Credit	This program receives <b>90</b> days program credit upon completion.	
Admission Criteria	Offenders may be referred to SHARE-CO if they: <ul style="list-style-type: none"> <li>○ Suffer from both Serious Mental Illness and a history of Substance Use Disorder</li> <li>○ Meet requirements for residential level of care</li> <li>○ Have the ability to participate in a pro-social therapeutic community model</li> <li>○ Have no history of violence or present suicidal/homicidal ideations</li> <li>○ Are stabilized through medication management or other mental health services</li> </ul>
