

# Academics

The Division of Education provides individualized and group instruction to residents so that they may acquire or improve basic general education skills and pass the GED® examination. Everyone is a learner with potential. It is the duty and challenge of each instructor to determine the learner’s needs and to motivate the individual to achieve their full potential. Each facility’s Education Center assists every offender to define and then realize their goals through excellence in academic subjects while simultaneously enhancing the offender’s value system, attitudes, and their consequent success.

It is the purpose of the Division of Education and its individual schools to identify and place offenders in their appropriate skill level, then guide them to the upper limits of their capabilities. Modules or components of the Individual Learning Plan (ILP) are variously graded upon completion by percentage correct, satisfactory, and unsatisfactory. Progress is also measured on such standardized instruments as the Test for Adult Basic Education (TABE) 11/12, which is administered upon entry and after 40 hours of instruction. The GED Ready® test is given on a pre-arranged schedule to those offenders reaching the minimum TABE score requirements and deemed ready by the instructor.
