| Course Description                   | This course is designed to meet the needs of the beginning offender in the Career and Technical fields or as a refresher to the experienced craftsman. CT-Fundamentals may be taken as a stand-alone course or concurrently with a trade enrollment; however, it is a mandatory component and prerequisite for the completion of all NCCER and NOCTI Career and Technical Education courses offered in adult institutions.                                                                                                    |
| Course Length                        | A minimum of six (6) hours of class time per week for a minimum of six (6) calendar months.                                                                                                                                                                                                                                                                                                                                                                                                                                   |

## Pre-Apprenticeship

| Ironworkers Pre-Apprenticeship |                                                                                                                                                         |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Course Description             | This course is designed to be an introduction to the ironworking trade and help prepare individuals to enter and succeed in a Registered Apprenticeship |

| Ironworkers Pre-Apprenticeship |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                | Program. The curriculum has been aligned to training modules from the International Association of Bridge, Structural, Ornamental and Reinforcing Ironworkers. Students who study this curriculum will be under the supervision of instructors from Iron Workers Local 70. Students who complete the course will obtain the basic skills required to be efficient and productive on jobsites as an ironworker.                                                                                                                                                                                                                               |
| Course Length                  | Programmed for 5 weeks (25 days), 175 contact hours                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| Educational Good Time (EGT)    | <b>90 days</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

| Course Description              | This advanced course equips students with the knowledge and skills necessary to enter the world of Information Technology (IT). Students will be taken from just-a-user level to the I-can-fix-this level by learning about hardware, installing, and supporting operating systems, software troubleshooting, networking, security, cloud computing, and an emphasis on mobile devices. Students will also gain an understanding of the best practices for safety, customer service, and professionalism in the IT field. |

| Course Description                          | The Water Treatment System Operator Certification Program, administered by the Division of Compliance Assistance, is required by regulation. Certification is obtained by meeting minimum education and experience requirements, submitting the appropriate forms and fee, and by passing the certification examination. There are multiple levels within the water treatment system operator certifications. In order to qualify to take a Kentucky Water Operator Certification examination, an applicant must meet the experience and education requirements appropriate for that particular certification level. |
| Course Length                               | Course length is dependent on experience:<br>Three (3) years of experience operating a public water treatment plant, with one (1) year of that experience in a Class IIA, IIIA, or IVA water treatment plant.                                                                                                                                                                                                                                                                                                                                                                                                        |
| Educational Good Time (EGT)                 | <b>90</b> days                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
