

## Kentucky State Corrections Commission Guidelines for Community Corrections Programs

Rev. 4-2020

The Kentucky State Corrections Commission, herein referred to as the Corrections Commission, was created to administer Community Corrections Programs (CCP) with local government agencies, private nonprofits and/or charitable organizations. Community Corrections Programs (CCP) are designed to provide sentencing alternatives for the judicial system and to assist local agencies in providing treatment, rehabilitation, and restitution opportunities.

Community Corrections Programs provide alternatives to incarceration for targeted offenders as defined by KRS 196.700. Targeted offenders are persons ***charged with or convicted of one (1) or more felonies*** who under application of law are eligible for probation or suspension of sentence.

Community Corrections Programs offer additional resources and opportunities to increase the potential for successful completion of sentences. Additionally, these programs allow individuals to remain in their local communities while they participate in home incarceration and electronic monitoring, drug testing, work release, treatment, counseling and rehabilitation services including mentoring and coaching, employment and job search assistance, and workforce development training. These options can help reduce recidivism and break the cycle of repeated incarcerations.

Award amounts vary depending on the scope of the programs and budget availability. Programs are funded on a July 1 – June 30 cycle.

**Statutory Authority:** KRS 196.700-KRS 196.736. Italic font in this document indicates statutory language.

### **Purposes of Community Corrections Programs (CCP) - (KRS 196.705)**

*The purposes of the commission and community corrections programs shall be to:*

- (1) Provide the judicial system with sentences to be used in lieu of incarceration;*
- (2) Develop community-based sentencing alternatives to incarceration individuals convicted of a felony;*

*(3) Monitor and enforce the payment of restitution to victims of crime and the community through financial reimbursement, community service, or both;*

*(4) Stimulate local involvement in community corrections programs to assure that they are specifically designed to meet the needs of the sentencing court and the community; and*

*(5) Reduce expenditures of state funds by increasing community-based sentencing, reducing the rate of recidivism, and reducing revocations of probation and parole.*

### **Eligible Applicants**

Community Corrections Programs (CCP) as defined by KRS 196.700 can apply for grants administered by the State Corrections Commission:

*Community corrections program means a local government agency, private nonprofit, or charitable organization within the judicial circuit which shall perform one (1) or more of the following:*

*(a) Prepare community penalties plans;*

*(b) Directly provide, arrange, or contract with public and private agencies for sentencing services for offenders; and*

*(c) Monitor the progress of offenders placed on community penalty plans or who receive sentencing services through provisions of KRS 196.700 to 196.735.*

The following indicates eligibility for participation in a Community Corrections Program:

**Under KRS 196.700, targeted offenders means individuals charged with or convicted of one (1) or more felonies. Only offenses eligible for probation or suspension of sentence by statute are eligible to participate in a community corrections program. Only individuals charged with or convicted of a felony are eligible. Misdemeanor offenses are not eligible. Individuals whose felony charges are amended to a misdemeanor through a guilty plea would remain eligible until sentencing. However, offenders convicted of a misdemeanor would not be eligible after sentencing.**

Each community corrections program is governed by a community corrections board. Community corrections boards are defined in KRS 196.725. Grants may be awarded to new or existing boards. Grants may be awarded only to community corrections boards as provided in KRS 196.725 unless the Commission determines that the community corrections program is governed by an alternative board. An alternative board shall serve the same functions as described in KRS 196.700 – 735. The Commission shall further determine that establishment of a new or additional community corrections board would impose an administrative burden upon or pose a conflict of interest in the program.

The purpose of the community corrections boards is to provide direction and assistance in the design, implementation, and evaluation of the community corrections program. The board shall be organized as required in KRS 196.725 as nonprofit corporations under KRS 273 and shall consist of not less than eight (8) members, and shall include, judges, commonwealth attorneys, defense attorneys, crime victims or survivors, community leaders, social workers, law enforcement officers, probation officers, and other interested parties. Members of the board shall receive no compensation for their duties and shall meet (in compliance with Kentucky Open Meetings Law, KRS 61.800-61.850 and 61.991) on a regular basis to

develop the program budget, select new board members, arrange for a private and independent audit, approve Quarterly Reports, and develop procedures for contracting services. (KRS 196.725).

### **Pre-Application Planning Requirement: Developing a Community Corrections Plan**

Community corrections plan requirements under KRS 196.720:

*Community corrections programs applying for grants under KRS 196.700 to 196.735 shall prepare a community corrections program plan for the judicial circuit, as prescribed by the commission. More than one (1) community corrections program plan may be prepared, submitted, and approved for any one (1) judicial circuit. The plan shall include:*

- (1) Objectives of the community corrections program described in the community corrections program plan.*
- (2) Realistic goals for reduction of offenders committed to prison for each county within the judicial circuit, and a system of monitoring the number of commitments to prison.*
- (3) Procedures for identifying targeted offenders, and a plan for referral of targeted offenders to the community corrections program.*
- (4) Procedures for preparing and presenting community penalty plans to the court, when applicable.*
- (5) Procedures for obtaining services from existing public or private agencies, and a detailed budget for staff, contracted services, and all other costs.*
- (6) Procedures for monitoring the progress of offenders on community penalty plans and for cooperating with the probation personnel who have supervisory responsibility for the offender, when applicable.*
- (7) Procedures for returning offenders who do not comply with their community penalty plan to court for action by the court.*
- (8) Procedures for evaluating the program's effect on numbers of prison commitments and revocations of probation and parole.*

Additional information on the administration and application procedure for community corrections grants is located in 500 KAR 10:020 (*the administrative regulations applicable to the State Corrections Commission can be located at <https://apps.legislature.ky.gov/law/kar/TITLE500>*).

### **Funding Cycle**

Grants are awarded on performance and funding available in accordance with the state fiscal year, July 1 to June 30.

### **Notification of Funding Availability**

Notice of funding availability may be issued from the Governor's Communications Office, the Department of Corrections and the Justice and Public Safety Cabinet websites, and through social media.

The Department of Corrections will send notice to all county governments, jailers, and judicial districts via letter and/or email. These are generally issued in the month of December and/or January.

Interested parties may visit the Justice and Public Safety Cabinet Grants Management Website at [justice.ky.gov/Pages/SCC](http://justice.ky.gov/Pages/SCC) for the program guidelines directions on how to apply, timeframes for submission, and to log into online portal for the Community Corrections grant application. Inquiries may also be submitted to the Kentucky Justice and Public Safety Cabinet’s Grants Management Division or the Department of Corrections’ State Corrections Commission staff.

**Submission of Grant Application (see list of Attachments on included in Appendix A)**

Applicants must submit a completed application via the online portal through the Kentucky Justice and Public Safety Cabinet’s Electronic Grant Management System at [www.kyjusticegms.com](http://www.kyjusticegms.com). Applicants may contact Kentucky Department of Corrections’ State Corrections Commission staff with questions or assistance with the Electronic Grant Management System. Concerns should be addressed before the grant submission deadline. Contact information can be found at [justice.ky.gov/Pages/SCC](http://justice.ky.gov/Pages/SCC).

The project narrative shall identify the problem to be addressed; define the targeted population; and define project goals, objectives and measurable performance indicators, (i.e. proposed impact on recidivism, revocations, and project success rate as defined in the Quarterly Performance Spreadsheet in Appendix C). The application should specify if there are additional funds, over those requested in the grant application, that are required to run the program. If so, provide the amount and sources of those funds. Re-applying programs are encouraged to provide information about program completion numbers, re-incarceration rates, rates of new arrests, and positive program outcomes.

Below is the form to be completed and included with the application. See Appendix C for exact areas to be completed only for the proposal/application.

### **Awarding of the Grants and the Grant Review Process (KRS 196.710)**

Grant applications and attachments are reviewed by the Kentucky State Corrections Commission. The Commission shall make grant award decisions. All applicants will be notified of funding decisions and, if approved, provided signature documents and requirements.

### **Fiscal Disbursements and Audits**

Programs may not be considered for subsequent funding if required Quarterly Reports (including required Financial Report, Progress Report, and Quarterly Performance Spreadsheet) are not properly submitted within fifteen (15) days of the end of the quarter. End of year close out is an exception allowing thirty (30) days for report submission. In addition, current year funds may be terminated at the discretion of the Commission.

The first grant disbursement for the fiscal year will occur on or around July 1. The Chairman of the State Corrections Commission holds the authority to designate Department of Corrections staff to determine compliance. The Chairman of the State Corrections Commission reserves the right to hold subsequent disbursements if a grantee does not adhere to program guidelines. Upon due consideration, the Chair may take immediate action if needed, with compliance issues reported to the Commission and processed in accordance with 500 KAR 10:040. For example, quarterly disbursement may be delayed until Quarterly Reports have been submitted. A formal notice of discrepancies shall be provided to the grantee if this action is taken. (*effective FY2021*). Department of Corrections will arrange for an annual independent audit of each recipient. However, if an audit has not been conducted by the time to submit for final disbursement, grantees should attach a certified letter from the Chief Financial Officer stating review and compliance.

### **Fiscal Requirements and Stipulations (Reimbursement only)**

1. Funds shall not be used to supplant funds previously committed to programs by other state or county appropriations for probation, parole, or other post-prison supervision services or community corrections programs.
2. Projects cannot expend any funds unless services have been provided.
3. Funds shall not be used for operating costs, construction, or other costs associated with local jail confinement.
4. Funds shall not be used for cell phones, furniture, or computers.
5. Funds cannot be utilized for charitable contributions.
6. An employee shall not receive compensation from two (2) jobs for the same hours being worked.
7. Funds cannot be allocated for administrative fees.

11. Funds may be used to pay for supplies, materials, and services relating to counseling, clinical assessments or psychological testing, treatment, and substance testing.
12. Funds may be used to purchase equipment, if it is essential for the operation of the program and it must be identified at the time of application along with estimated cost. Equipment is defined as anything that has a value of \$500.00 or greater or a serial number. All equipment purchased with grant funds will be considered state property and must be made part of state inventory. An inventory listing of equipment shall be maintained.
13. All supplies and equipment must be purchased in accordance with State Purchasing Regulations. 27. If personnel are hired under this grant, the following must be paid in addition to the gross salary: withholdings for FICA taxes; all other applicable federal, state, and local taxes; and any unemployment insurance or Worker's Compensation Insurance required by state, federal or local statutes.
28. Any grant funds that are not expended and reimbursed within 30 days of the grant year end will divert to Department of Corrections.
29. Amount of grant funds used to provide participant transportation shall be in alignment with the program's individual grant application. Approved means of transportation include bus tokens, Ride Share companies, vouchers, and pre-paid cards that exclusively purchase gasoline.
