

Steps Taken at Green River Correctional Complex (GRCC)

The prison is a medium-security male prison located in Central City, Ky. (Muhlenberg County) with a total inmate population of 928 and a staffing complement of 264.

- We have a screening process for staff to check for COVID-19 symptoms every day upon entry. Anyone entering a DOC facility is required to sanitize hands, receive a temperature scan, and answer questions regarding recent travel activity and current health symptoms.
- We have significantly increased sanitation at the prison using germicide and a bleach solution multiple times a day. In addition, 10 extra bottles of germicide have been placed in each dorm and refillable spray bottles have been provided for each cell.
- Foot sanitation systems have been placed in front of every dorm so inmates and staff can kill any germs on their shoes.
- Cloth masks are mandatory for all staff and inmates.
- We have established regular medical checks for all inmates. Our medical staff go to each dormitory and check on the men cell by cell. Medically vulnerable inmates are closely monitored by medical staff and checked regularly throughout the day.
- If any inmate becomes symptomatic for any illness, not just COVID-19, and the prison medical staff cannot handle their care adequately, they are transferred to the hospital.
- Please feel free to contact GRCC at 270-754-5415 between 7 a.m. and 3 p.m. Central Time and we will answer your questions.

“I would like to thank the staff at Green River Correctional Complex for the hard work and dedication that they have shown to this institution, the Department of Corrections, and most importantly to our inmate population. Staff have gone above and beyond to make sure the inmates are taken care of and to address their questions. The inmates are handling this difficult situation relatively well and we have been keeping them up to date with any new developments. To the families: I want you to know that we are taking every measure to make sure your loved one is taken care of and we are here to answer your questions.”
