This information is meant to assist in referring offenders to necessary services.

If you cannot find services you are looking for in this manual please try: <http://www.kycares.net>. This is an Internet site that offers a statewide guide to services.

If you have a cellphone with internet capabilities, <https://myky.info/#/> is a phone-friendly website that allows the user to find immediate resources and services depending on their gender, age, etc.

Specific Reentry Programs/Classes

- Moral Recognition Therapy (MRT)
- MRT Mentor
- MRT Anger Management
- MRT Staying Quit
- MRT Thinking for Good
- MRT Untangling Relationships
- MRT Parenting & Family Values
- PORTAL New Directions

Moral Reconciliation Therapy (MRT) - This Evidence Based program combines group presentations and individual assignments, along with facilitator guidance when necessary. The program was designed in a criminal justice setting for offenders involved in the criminal justice system. MRT targets an offender's belief system and attempts to raise their level of moral reasoning in their decision-making process. The MRT program has been researched for over thirty years and has proven reduction in recidivism levels at multiple points of progress within the program, as well as after overall program completion. MRT is designed to achieve formal program completion after 12 in-group steps. The workbook for this program is entitled 'How to Escape Your Prison' and includes the use of a separate facilitator guide. Classes meet once or twice per week for 90 minute sessions per class. **This program received 90 days program credit upon completion.**

MRT Anger Management - This Cognitive-Behavioral program is designed to assist offenders in recognizing and overcoming anger. This program includes completion of 8 modules with a minimum of 8-10 group sessions utilizing the 'Coping with Anger' workbook, various supplemental materials, and the completion of homework assignments prepared outside of group. Classes meet once or twice per week for 90 minute sessions per class. **This program received 90 days program credit upon completion.**

MRT Staying Quit - This Cognitive-Behavioral program is designed to assist with relapse prevention by helping offenders to recognize risky situations, cravings, and triggers. This program requires completion of eight (8) modules over a minimum of 8-10 group sessions. Groups are open-ended and require the

completion of the 'Staying Quit' workbook, as well as preparation of homework assignments outside of the group. Classes meet once or twice per week for 90 minute sessions per class. **This program received 60 days program credit upon completion.**

MRT Thinking for Good - This Cognitive Behavioral program was developed to confront Anti-Social and Criminal Thinking errors. Completion entails 10 modules with a minimum of 10-12 group sessions utilizing the 'Thinking for Good' Workbook, and the completion of homework assignments prepared outside of group. Classes meet once or twice per week for 90 minute sessions per class. **This program received 60 days program credit upon completion.**

MRT Untangling Relationships - This Cognitive-Behavioral program focuses on providing treatment to offenders involved in addictive/co-dependent relationships – confronting the issues of manipulation and dependence. Targets domestic violence, unhealthy relationships, enabling, substance abusers and criminality. Offenders will be required to participate in a minimum of 12 group sessions, along with preparation of homework assignments outside of group. This program utilizes the 'Untangling Relationships' workbook. Classes meet once or twice per week for 90 minute sessions per class. **This program received 90 days program credit upon completion.**

Parenting & Family Values (MRT Parenting) - This Cognitive-Behavioral program focuses on family values and individual priorities, and is appropriate for all parents, stepparents, and guardians. Completion of 12 modules and program attendance is required. Classes meet once or twice per week for 90 minute sessions per class. **This program received 90 days program credit upon completion.**

PORTAL New Directions - This Life Skills program is designed to provide information and resources to address the most common reentry needs and barriers. Some barriers addressed in this program are housing, employment, transportation, money management, parenting, etc. Completion of this program is a minimum of 21 hours of group participation, and preparation and presentation of a Reentry/Maintenance plan in front of the group. PORTAL New Direction consists of 16-modules, facilitated no more than twice per week. **This program received 60 days program credit upon completion.**
