GOODWILL WORKS

Goodwill is dedicated to helping motivated job seekers who need help getting a foot in the door with employers or who may need a second chance to participate in the workforce.

Preparation and opportunity are the keys to success, and we offer a Work Ready Certificate to graduates of Goodwill's Soft Skills Academy. Currently, participants study and practice six concepts that significantly impact the ability to find and maintain employment: attitude, conflict resolution, dependability, safety, self-presentation, and team building.

Further, through partnerships with employers across the state – and by matching job seekers with long-term career coaches – Goodwill is connecting Kentuckians with meaningful opportunities to find a career path and climb the ladder out of poverty.

For more information, call **1-844-GWK-WORK (1-844-495-9675)** or contact the Goodwill

NEW LEGACY REENTRY CORPORATION - Faith based community organization whose mission is to empower ex-offenders and veterans who are reentering society by fostering a New Legacy of hope and motivation via support services, education, employment, and community service. Our program utilizes seven core components to address the societal stigma and challenges that ex-

offenders and homeless veterans face, as they find substantive ways to integrate, successfully, back into mainstream society. For more information about New Legacy, please email info@newlegacyrc.org or call (502) 276-0660. You can visit us on the web at www.newlegacyrc.org

Moral Reconciliation Therapy (MRT) - This Evidence Based program combines group presentations and individual assignments, along with facilitator guidance when necessary. The program was designed in a criminal justice setting for offenders involved in the criminal justice system. MRT targets an offender's belief system and attempts to raise their level of moral reasoning in their decision-making process. The MRT program has been researched for over thirty years and has proven reduction in recidivism levels at multiple points of progress within the program, as well as after overall program completion. MRT is designed to achieve formal program completion after 12 in-group steps. The workbook for this program is entitled 'How to Escape Your Prison' and includes the use of a separate facilitator guide. Classes meet once or twice per week for 90 minute sessions per class. **This program received 90 days program credit upon completion.**

MRT Mentor - The MRT Mentoring program strives to ensure a higher success rate for those who have previously completed MRT. A Mentor within the MRT program will be held to a higher behavioral expectation than those participating in the MRT group. Mentorship is beneficial for both the offender serving as the mentor, as well as for the offenders participating in the MRT© program. As a mentor, this offender will be expected to revisit steps 1-4 from the offender's original 'How to Escape your Prison' workbook, along with completion of the 'Character Development' Workbook. Clients must have previously completed MRT for admission into the program. Classes meet once or twice per week for 90 minute sessions per class. **This program received 90 days program credit upon completion.**

MRT Thinking for Good - This Cognitive Behavioral program was developed to confront Anti-Social and Criminal Thinking errors. Completion entails 10 modules with a minimum of 10-12 group sessions utilizing the 'Thinking for Good' Workbook, and the completion of homework assignments prepared outside of group. Classes meet once or twice per week for 90 minute sessions per class. **This program received 60 days program credit upon completion.**

Parenting & Family Values (MRT Parenting) - This Cognitive-Behavioral program focuses on family values and individual priorities, and is appropriate for all parents, stepparents, and guardians. Completion of 12 modules and program attendance is required. Classes meet once or twice per week for 90 minute

sessions per class. **This program received 90 days program credit upon completion.**

MRT Anger Management - This Cognitive-Behavioral program is designed to assist offenders in recognizing and overcoming anger. This program includes completion of 8 modules with a minimum of 8-10 group sessions utilizing the 'Coping with Anger' workbook, various supplemental materials, and the completion of homework assignments prepared outside of group. Classes meet once or twice per week for 90 minute sessions per class. **This program received 90 days program credit upon completion.**

MRT Staying Quit - This Cognitive-Behavioral program is designed to assist with relapse prevention by helping offenders to recognize risky situations, cravings, and triggers. This program requires completion of eight (8) modules over a minimum of 8-10 group sessions. Groups are open-ended and require the completion of the 'Staying Quit' workbook, as well as preparation of homework assignments outside of the group. Classes meet once or twice per week for 90 minute sessions per class. **This program received 60 days program credit upon completion.**

MRT Untangling Relationships - This Cognitive-Behavioral program focuses on providing treatment to offenders involved in addictive/co-dependent relationships – confronting the issues of manipulation and dependence. Targets domestic violence, unhealthy relationships, enabling, substance abusers and criminality. Offenders will be required to participate in a minimum of 12 group sessions, along with preparation of homework assignments outside of group. This program utilizes the 'Untangling Relationships' workbook. Classes meet once or twice per week for 90 minute sessions per class. **This program received 90 days program credit upon completion.**

PORTAL New Directions - This Life Skills program is designed to provide information and resources to address the most common reentry needs and barriers. Some barriers addressed in this program are housing, employment, transportation, money management, parenting, etc. Completion of this program is a minimum of 21 hours of group participation, and preparation and presentation of a Reentry/Maintenance plan in front of the group. PORTAL New Direction consists of 16-modules, facilitated no more than twice per week. **This program received 60 days program credit upon completion.**

MRT Trauma - This Evidence Based program combines group presentations and individual assignments, along with facilitator guidance when necessary. A recovery program for Trauma-Informed care, Breaking the Chains of Trauma is

based on the MRT approach. It is designed to target trauma-related symptoms by incorporating the key issues -Informed Treatment Protocol. Length of time in program is dependent on individual offender progress, although offenders can generally expect to participate in 9 -12 open-ended group sessions. Offenders will also be required to work individually on homework assignments as part of the program requirements. **This program receives 60 days program credit upon completion.**

MRT Employment Program - This Cognitive-Behavioral program is designed to assist offenders in job readiness. This program includes completion of 8-10 modules with a minimum of 8 group sessions utilizing the job readiness© workbook, resume preparation and completion, various supplemental materials, and the completion of homework assignments prepared outside of group. **This program receives 45 days program credit upon completion.**

SEX OFFENDER TREATMENT PROGRAM (SOTP)
COMMUNITY COMPONENT
JEFFERSON COUNTY

The Sex Offender Treatment Program is housed in the East Office of Probation and Parole. Clients are referred into this program by 1) court order; 2) Parole Board Order; 3) request for evaluation is made by a Probation and Parole Officer. The Officer needs to complete a *Sex Offender Treatment Program Community Services Referral Form* (see next page) and submit it along with a copy of the PSI and any pertinent information.

The Sex Offender Treatment Program, community component, is a three-phased program designed to assist sexual offenders in acquiring skills to prevent relapse. The length of time necessary to complete treatment is solely determined by the efforts of the client in completing Therapy Tasks. Two to four years is a realistic range.

For further information contact Bruce Campbell (ext. 234), or (502) 933-1719.

SUBSTANCE ABUSE PROGRAM (SAP)
JEFFERSON COUNTY

The Jefferson County Substance Abuse Program began in 1994. Its mission is to provide assessment, referral and case management services to clients being seen by Probation and Parole Officers in Jefferson County. Social Service Clinicians are in each office to provide services. Clients need to be referred if 1) they are court ordered for a substance abuse evaluation and/or treatment; 2) they are Parole Board Ordered for services, and 3) they admit use or have a positive drug test. Clients being seen after being paroled who are graduates of an institutional SAP program need to be seen immediately by a Social Service Clinician. A *Referral for Alcohol/Drug Treatment/Assessment* form (see copy) needs to be completed and given to the Social Service Clinician when a referral is made.

For further information, Request a referral from your officer to the Social Service Clinician(s) in your office or visit [Find Help Now - KY](#) for treatment options available state wide.

Kentucky's Healthcare Connection
Quality Health Coverage. For Every Kentuckian.

Getting Kentuckians Covered.

Kentuckians can now buy health coverage a new way: through kynect, Kentucky's Healthcare Connection. Kynect offers choices of health plans at a good value. Coverage cannot be denied or canceled, even if you have a condition like high blood pressure or diabetes.

kynect helps you find quality coverage. It helps even if you were denied coverage before or could not afford it. It's a new kind of health insurance marketplace – convenient and easy to use.

It's easy to apply.

Just fill out one application to see if you can save money. Kynect shows plans and prices. It also checks for low-cost or free coverage through Medicaid and KCHIP, the Kentucky Children's Health Insurance Program.

Help to shop for free.

There are plenty of places to find out more about kynect. You can visit kynect.ky.gov or call customer service at 1-855-4kynect (459-6328), TTY: 1-855-328-4664. We have special groups trained and ready to help you.

• Insurance Agents • Kynectors • Customer Service • DCBS Offices

All these groups can help you find the best healthcare plan for you, your family and your budget. To find the right help for you, go to kynect.ky.gov or call 1-855-4kynect.

Quality plans to meet your needs.

kynect health plans offer peace of mind. All plans cover essential health benefits like doctor visits, trips to the hospital or emergency room, medicine and care for pregnant women and children.

Plans you can afford.

Many people know they need health insurance, but are concerned about cost. To make sure health coverage is affordable, kynect helps people find out if they qualify for:

Help with monthly bills: Just enter your income to see if you qualify. Payment assistance can lower your monthly bill.

Help with out-of-pocket costs: You may qualify for discounts on out-of-pocket expenses, like the co-payment when you go to the doctor.

Medicaid: Medicaid is low-cost health coverage for those who qualify, including people with disabilities and lower incomes. There are no premiums, but there may be some co-payments.

Compare health plans more simply.

With kynect, comparing different health plans is simple. Health plans offered on kynect are in one of four new metal categories: Bronze, Silver, Gold and Platinum. As the metal level increases in value from Bronze to Platinum, so does the percentage of medical expenses that the plan covers. For example, you could choose a Platinum plan with a higher premium and pay a lower out-of-pocket cost. Or you could choose a Bronze plan with a lower premium and pay a higher out-of-pocket cost.

Women's program (502) 749-9194
Men's program (502) 588-9096

Prodigal Ministries has been described as the cutting edge for offender reentry programming and having a "holistic approach" to assisting felons. The Prodigal staff can realistically address prison aftercare because of their combined previous experience with the Kentucky Department of Corrections. Our staff has over 85 years of experience and over 10 years of establishment within the community, which includes over 5 years of residential programming. They have assisted the KY- DOC with pre-release services within the prisons for parolees and inmates who have served their entire sentence. Prodigal Ministries trains church members and volunteers to help offenders prior to release and after their release into the community. This instills a disciplined, spiritual lifestyle that makes transitioning easier in terms of housing, family issues, addictions, employment, medical and mental health.
