The annual report serves to highlight statistical data of the Department of Corrections and illustrates the administration's commitment to public safety. It contains information of value in guiding public policy on important public safety issues, such as prosecution, treatment, corrections, crime prevention, and second chances.

The Department of Correction's mission is to protect the citizens of the commonwealth and provide a safe, secure, and humane environment for staff and offenders in carrying out the mandates of the legislative and judicial processes; and, to provide opportunities for offenders to acquire skills that facilitate non-criminal behavior.

Client Population by Age

DIVISION OF COMPLIANCE

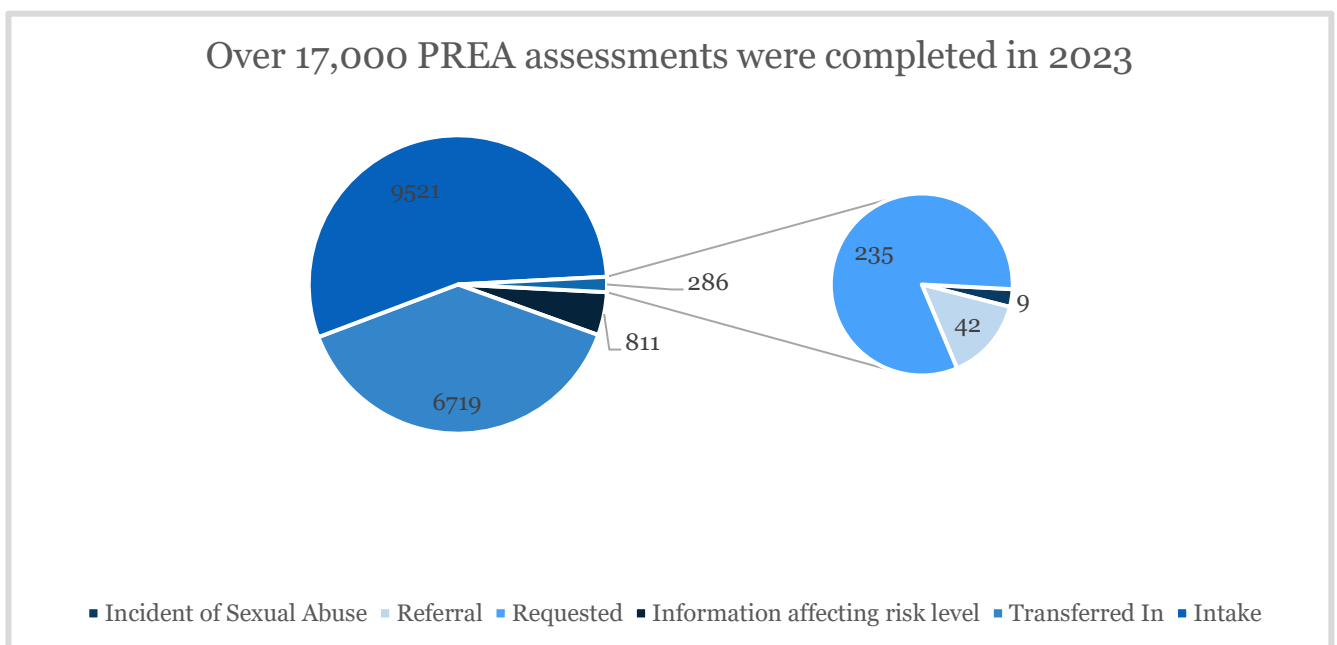

The Division of Compliance oversees the areas of Accreditation, PREA, Safety, Contract Management, Inmate Grievances and Program Credits.

Ombudsman

In 2023, approximately 435 grievances were researched and responded to by the Commissioner's Office. The total number of grievances filed throughout DOC was approximately 5,871. A total of approximately 812 were found in favor or partially in favor of the offender.

PREA Branch

The Prison Rape Elimination Act is responsible for developing, implementing, and overseeing agency efforts to comply with the national standards as set forth by the United States Department of Justice. Staff began the process of developing a Train-the-Trainers course to allow staff to train co-workers.

Safety Branch

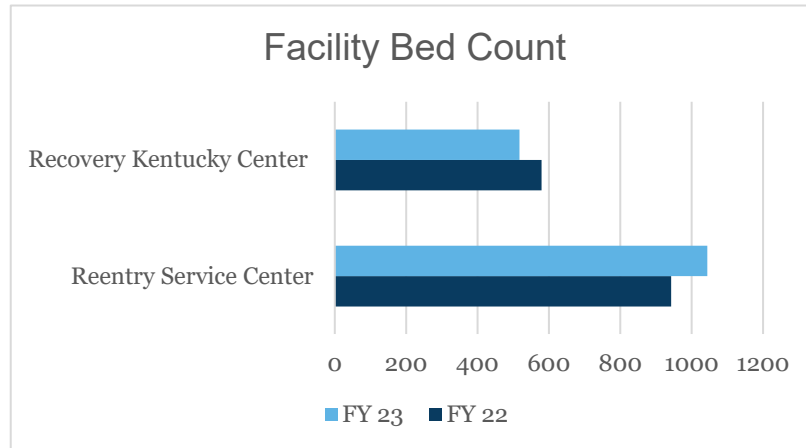

This area is responsible for institutional safety policies and procedures, compliance programs, safety training, inspections, and fire protection coordination.

Contract Management Branch

The Contract Management Branch oversees contract compliance for the Reentry Service Centers and Recovery Kentucky Centers. Throughout the year, staff complete announced and unannounced inspections at all contracted centers. In addition to inspections, staff in this branch focused on assisting with center staff training,

supporting locations during emergencies, and ensuring offenders received the appropriate services while being housed at the centers.

The branch provides oversight to 32 contracted facilities and 3 non-contracted for a total of 35 facilities.

Program Credit Branch

The Program Credit Branch oversees quality assurance for DOC-approved programming across the state. This includes programming facilitated in jails, RSCs/RKCs, adult institutions and Probation and Parole offices. Additionally, the Program Credit Branch is responsible for all program attendance, payments, and audits. In 2023, 563 total programs audited were conducted.

Policy and Accreditation Branch

Staff in the Policy and Accreditation Branch facilitate the revision and procedural review of all Corrections Policies and Procedures (CPPs), as well as the Legislative Research Commission (LRC) approval process for departmental policies while following American Correctional Association (ACA) guidelines.

In 2023, there were 22 CPPs (LRC, Non-LRC and Secured) that were revised, approved, and implemented. Additionally, the Religion Reference Manual was revised, approved, and implemented. Three new CPPs were created: CPP 1.13 Division of Parole Board Support, CPP 3.24 Employee Wellness Program, and CPP 3.25 Correctional Staff Therapy. The branch oversaw 18 internal audits and 5 ACA audits.

DIVISION OF HEALTH SERVICES

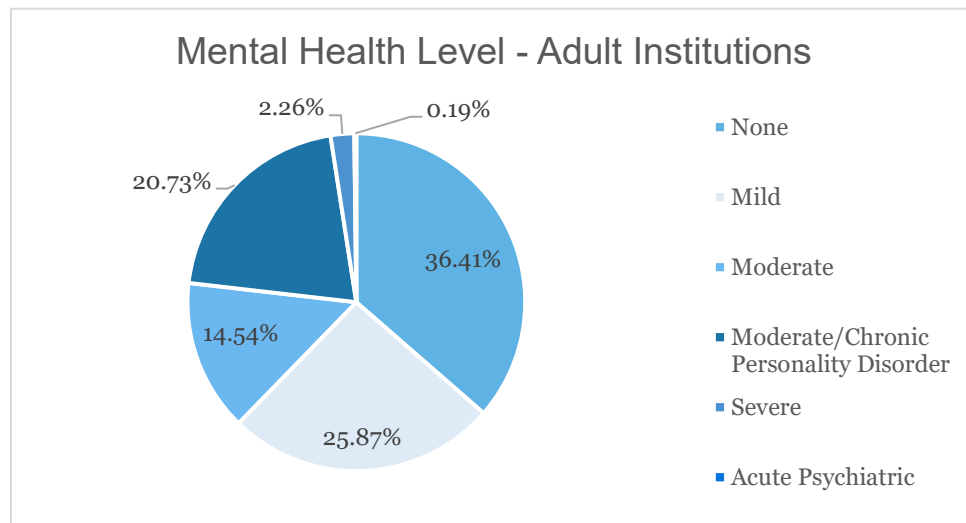

The Division of Health Services provides administrative oversight and direction for all aspects of inmate health care. In 2023, 29% of the population received a flu vaccine and 67% were vaccinated for COVID-19.

In 2023, 5,048 HIV tests were performed with 12 positive results. Acute Hepatitis Panels were conducted on 1,655 new intakes. Six of the seven inmates reviewed by the parole board for early medical parole consideration were given early medical parole. In support of the nationwide effort to eliminate Hepatitis C, 167 individuals were prescribed antiviral therapy.

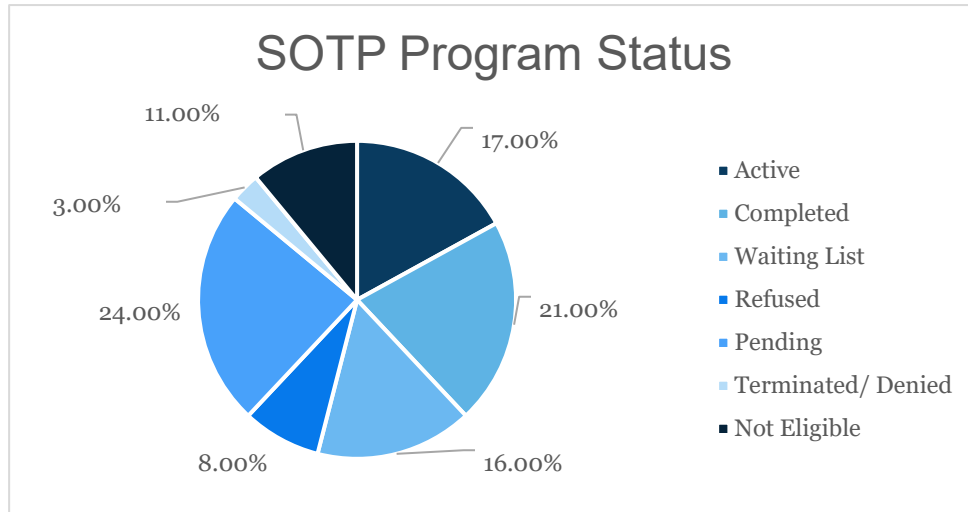

Mental Health

The Health Services Division employs 35 licensed mental health practitioners and 16 social service clinicians to provide clinical and support services. On average, mental health staff provide 8,389 service encounters (group, individual, crisis management, SMU/RHU appraisals) per month to offenders.

Outpatient Psychiatric Services has eight full-time psychiatric providers in adult institutions. It is responsible for prescribing psychotropic medications to inmates with complex mental health needs. On average, psychiatric practitioners provide 1,745 service encounters per month to offenders.

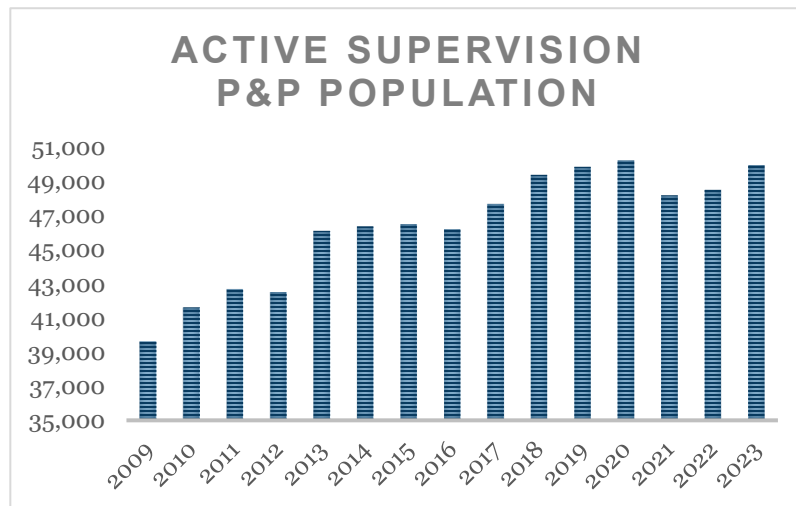

The Sex Offender Treatment Program provides treatment to approximately 1,000 offenders at any given time. In Adult Institutions, 28% of offenders have been convicted of a sex crime. On average, Social Service Clinicians within the program provide 486 intake assessments per year, conduct over 135 treatment groups per week and complete over 450 Comprehensive Sex Offender Presentence Evaluations for Kentucky's courts per year.

In 2023, Health Services Division added a full-time licensed psychologist dedicated to providing consultative services to offenders who are active clients with Probation & Parole. This psychologist also provides consultation with reentry staff to link offenders with severe mental illness to community providers upon release. Of the 76 referrals received in 2023, 88% came from Probation and Parole, with the rest coming from reentry.

DIVISION OF PROBATION AND PAROLE

The Division of Probation & Parole supervises approximately 50,000 active offenders on community supervision. The Beshear-Coleman administration believes every Kentuckian should be and feel safe in their community, and this requires quality supervision and the ability to make the best of a second chance. In efforts to recruit and retain more officers, the administration raised the starting salary of probation and parole officers from \$34,799.80 to \$52,501.44. Retaining experienced staff allows those under

supervision to be better monitored and provided with additional services that reduce recidivism.

Of the community supervision population, 22% are released by the Parole Board and 78% are placed under supervision by the court. Approximately, 25% of those under probation and parole supervision are supervised at a low-risk level allowing some districts to form low-risk caseloads.

Probation and Parole also has staff dedicated specifically to Presentence Investigation. There are eight (8) dedicated investigators and 75 specialized officers who completed 19,141 Presentence, 7,273 Supplemental, and 1,894 Post-sentence investigations. Division field staff also conducted 14,203 community parole plan investigations, and 1,248 home incarceration plans, processed 24,014 in-state transfer requests and entered 3,623 required registrations through the Sex Offender Registry.

DIVISION OF CORRECTIONS TRAINING

The Division of Corrections Training is tasked with developing, coordinating, and conducting training for correctional officers, uniformed supervisors, and non-security staff within the 13 adult institutions, Central Office, and Kentucky Correctional Industries, as well as annual training for elected/appointed jailers and their staff.

In 2023, the Division of Corrections Training saw close to 3,000 students throughout the 4 regional training centers. This included 1,203 security staff, 1,040 program staff, and 720 contract and jail staff. Staff presented over 9,485 hours of training including institutional pre-service academies, firearms, firearm instructor, basic life support and CPR, supervisor workshops, train the trainer courses, taser, less lethal weapons, and deputy jailer in-service. Institutional pre-service academy finished 2023 with an 81.98% graduation rate.

KENTUCKY CORRECTIONAL INDUSTRIES

Kentucky Correctional Industries is comprised of 15 industries and 4 farm operations. For more than 50 years, this division has been producing quality goods and services for government agencies, private businesses, and Kentuckians.

The Prison Industries Enhancement Certification Program started at the Kentucky Correctional Institution for Women on April 10, 2023. In just over 6 months, the first offender completed the program, was released from custody and began work with a private sector employer by December 2023.

VICTIM SERVICES

The Victim Services Branch provides a broad range of information-related services to Kentuckians who have been a victim of crime. Staff assist victims with explanations of inmate release dates and release type; restitution information; service referrals; victim rights services; and hearing notifications. This branch manages the Kentucky VINE system, which encompasses two victim notification services: Offender Status and Protective Orders. Additionally, the branch has a staff member who travels the state to promote and train other criminal justice professionals and victim service agencies on VINE services and office functions.

DIVISION OF PAROLE BOARD SUPPORT SERVICES

The Division of Parole Board Support Services is responsible for administrative duties of the Kentucky Parole Board. Parole Support staff completed a total of 13,676 parole risk assessments in 2023, as well as scheduled 12,695 parole eligibility hearings and 2,837 parole revocation hearings.

The division works closely with the Victim Services Branch to ensure victim and prosecutor notifications are received as required by statute, KRS 439.340. There were 225 victim hearings conducted in 2023.

This division is also responsible for the Parole Board Sanction Caseload. In 2023, there were a total of 92 Parole Board Sanctions; 69 had successful completions.

DIVISION OF ADMINISTRATIVE SERVICES

The Division of Administrative Services provides support in the areas of budget, financial management, accounting, fixed asset management, insurance, fleet, procurement, and internal financial audits.

The division processes accounts payable, accounts receivable and procurement documents, including travel vouchers for Probation and Parole staff and central office monthly. The division processed and/or approved over 25,000 eMARS documents in Fiscal Year 2023.

The Procurement Branch managed and issued over 120 contracts for the department in 2023. The branch also reviewed and approved over 5,000 purchases, while ensuring all purchases met Finance Cabinet policy and procedure standards.

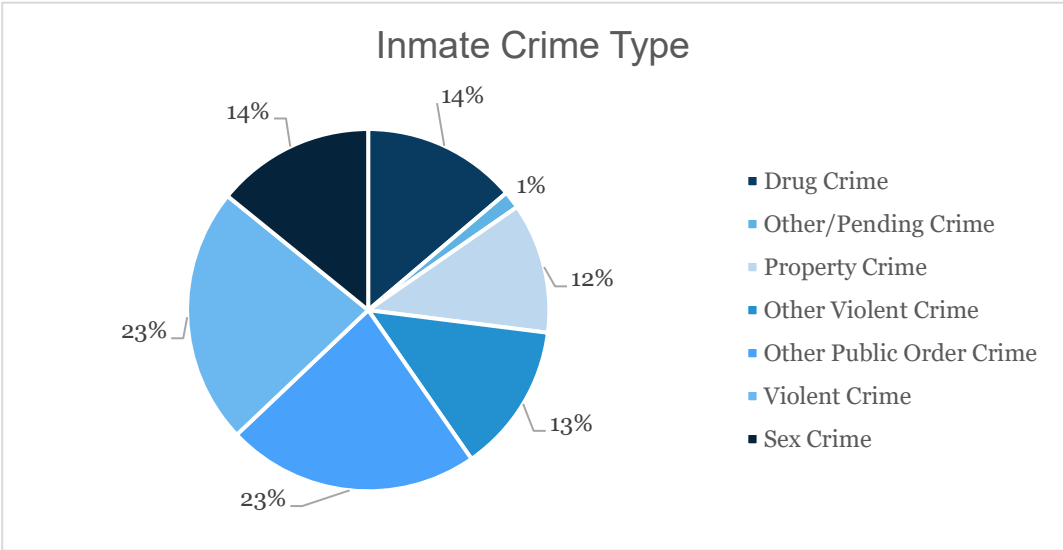

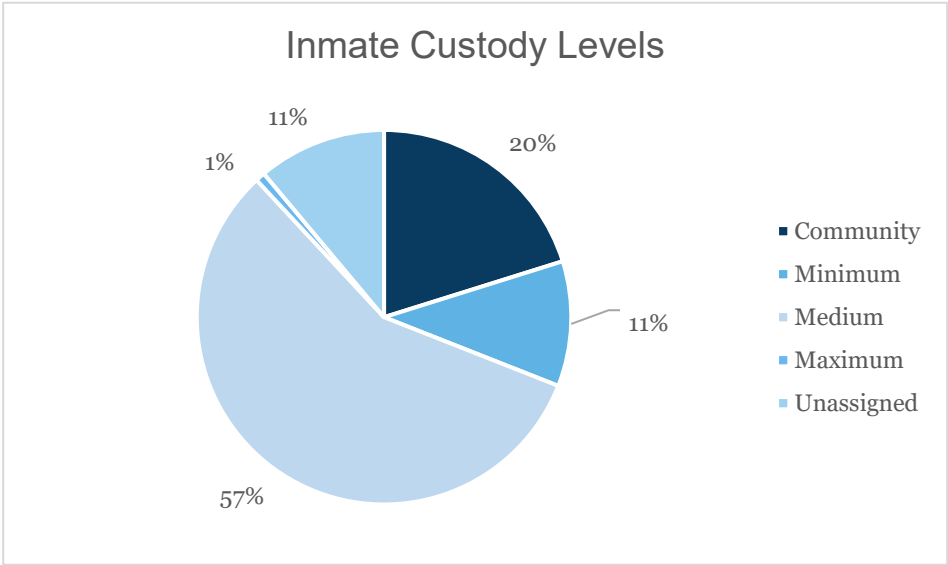

Upon the conclusion of each fiscal year, the Division the Administrative Services calculates the annual cost to incarcerate.

Cost to incarcerate for Fiscal Year 2024

DIVISION OF POPULATION MANAGEMENT

The Population Management Division is responsible for overseeing classification actions in all state institutions, contract facilities, and full-service county jails. Inmate custody levels are determined through an objective-based risk instrument that was developed with the assistance of the National Institute of Corrections. Over 35,000 custody classification actions were completed in 2023.

The Division of Population Management oversaw the movement of over 8,000 inmates in and out of Assessment Centers and over 10,000 initial jail classifications. The quick processing of these offenders contributed to a 27% decrease in inmates on controlled intake between January and December 2023.

DIVISION OF OFFENDER INFORMATION SERVICES

Information and Technology Branch

The Information and Technology Branch supports and maintains the systems that are driven by the business needs of the department, including the Kentucky Offender Management System and custom applications. It also serves as the liaison for outside applications. The branch provides ad-hoc reporting and data analytics to users in the field and outside researchers.

Offender Information Branch

The primary responsibility of the Offender Information Services Branch is to ensure accurate sentence calculations and expiration dates for the state inmate, as well as the offender population serving on mandatory reentry supervision, parole supervision, and sex offender post-incarceration supervision.

In 2023, Offender Information Services audited over 28,700 program completions to ensure compliance with all payment requirements for daily programming attendance and a one-time lump sum for all program completions. Program completions increased in 2023 by over 1,000 from 2022, creating significant revenue for county jails that house felons per KRS 532.100.

The branch consists of five smaller sections, including sentence calculation, sentence credit, parole review, jail management, and the community placement office.

The sentence calculation section provides quality assurance by conducting internal audits of inmate sentence calculation.

The sentence credit section provides subject matter expertise concerning credits that incarcerated inmates and offenders on supervision are eligible to earn.

The parole review section assists in the preparation of discharge certificates when an offender completes a sentence while on supervision; the calculation and application of parole supervision credit when an offender returns to custody because of a violation of supervision; review of inmate files before parole hearings; and reviewing inmates for release onto mandatory reentry supervision.

The jail management section serves as the institutional records office for all state inmates housed in county jails and community service centers.

The community placement section is responsible for bridging the gap for inmates upon release from incarceration to community supervision. Staff in this section work closely with the Division of Probation and Parole, Division of Addiction Services, and each institution to ensure offenders are released in a manner that best supports their needs.

DIVISION OF PUBLIC AFFAIRS

The Division of Public Affairs represents the Beshear-Coleman administration's priority of government transparency by responding to media and open record requests. In an effort to maintain an administration-wide culture of public accountability, this office provides media-related training across the department. In 2023, staff processed 220 open records requests. Many of these involved complex inquiries that resulted in hundreds of responsive pages.

LEGISLATION AND RESEARCH

During the 2023 legislative session, the legislative liaison provided a review and impact statements on approximately 160 filed bills.

The grants office manages an estimated \$5 million in grant funding. In 2023, the department received a grant to begin testing the state inmate jail population for Hepatitis C and HIV and helped those offenders make connections to UK Healthcare.

Kentucky State Corrections Commission

Per KRS 196.701, the department provides administrative support to the Kentucky State Corrections Commission. The commission is comprised of 20 members appointed by the Governor. Through the commission, local community corrections boards can apply to receive funding for alternatives to incarceration. Eight grantees received funding for Fiscal Year 2024, for a total disbursement of \$647,500.

DIVISION OF REENTRY SERVICES

A priority of the Beshear-Coleman administration is to increase public safety, deterring crime and reduce recidivism through second chances. Every day, the division reaffirms its commitment to creating a commonwealth where every single Kentuckian has the right to feel safe in their community, workplaces and schools by providing second-chance opportunities for inmates upon release to their community. Recidivism, as defined by the Department of Corrections, is re-incarceration within 24 months of release from custody. Reincarceration is defined as a new felony commitment or a return to custody from a technical violation of supervision.

2021 released with 24 months review period	Recidivism
Total releases	12160
Not recidivated	8285
Total recidivated	3875
New commitment recidivism	11.51%
Technical recidivism	20.36%
Total recidivism	31.87%

Reentry Coordinators are located in prisons, county jails and Probation and Parole offices. The Division of Reentry Services delivers all programming to community clients, as well as the majority of programming to inmates while in prison.

The Division of Reentry Services works in collaboration with the Department of Transportation to provide state identification to offenders before release from prison. The project is funded by the Kentucky Chamber of Commerce and the Kentucky Opioid Response Effort. In 2023, the Division of Reentry Services processed 1,659 Kentucky State ID applications in all 14 state prisons and an additional 20 county jails.

A risk and needs assessment is conducted on offenders upon commitment to the Department of Corrections. The assessment is used to provide services intended to address the offender’s criminogenic needs.

Inmate Population Risk Level		Supervision Population Risk Level	
Very Low	0.02%	Very Low	0.12%
Low	28.51%	Low	33.71%
Low/Moderate	2.64%	Low/Moderate	10.63%

High	21.51%	High	5.65%
Very High	1.96%	Very High	0.34%
Not Assessed	0.42%	Not Assessed	4.53%

DIVISION OF LOCAL FACILITIES

The Division of Local Facilities provides support and technical assistance to local jails’ operations, policy and procedure development, training, and construction review and consultation, and ensures compliance with the Kentucky Jail Standards.

The Division of Local Facilities works with county jailers and other local officials regarding the operation of 77 county and regional jails across the state. In 2023, these 77 facilities housed an average total of 20,996 state inmates per month.

A majority of those state prisoners are Class D and Class C inmates who are eligible to be housed in the county jails and who participate in various programming. Controlled Intake prisoners make up the next largest population of state inmates housed in county jails.

Throughout 2023, the department paid county jails a total of \$115,090,303 for housing state inmates. This amount was paid at a per diem rate of \$35.34 per inmate: \$33.19 for housing and \$2.15 for medical.

The Division of Local Facilities is also responsible for auditing housing bills monthly and reimbursing county jails within 30 working days of receipt of their housing bills. Division staff conducted more than 150 routine and special jail inspections on 77 jail facilities.

DIVISION OF ADDICTION SERVICES

The Division of Addiction Services is responsible for clinically assessing and providing treatment to offenders under state authority. The Beshear-Coleman administration is

committed to ending the drug epidemic in Kentucky and has worked tirelessly to increase programs and resources. As a result, the state is leading the nation in the number of residential drug and alcohol treatment beds per capita. According to Governor Beshear, overdose deaths in the commonwealth have decreased for the second year in a row, with 2023 seeing a 9.8% decrease compared with the previous year. Additionally, corrections-approved addiction treatment programs were expanded to 88 providers with 382 locations in 77 counties and statewide telehealth options. The division expanded harm reduction strategies including Narcan distribution and Medication for Addiction Treatment.

In 2023, there were a total of 8,148 SAP and SOAR achievements.

2023 CERTIFICATE TYPE	COUNT

SOAR Mentor	11
Total achievement entered in 2023:	8,148

DIVISION OF OPERATIONS & PROGRAM SERVICES

The Division of Operations and Program Services provides centralized management of the necessary daily operational functions within adult institutions.

In 2023, adult institutions along with reentry staff began the employment program. This cognitive-behavioral program is designed to assist offenders in job readiness. This program includes the completion of 8 modules with a minimum of 8-10 group sessions utilizing the 'Job Readiness'© workbook, resume preparation and completion, various supplemental materials, and the completion of homework assignments prepared outside of the group.

To date, there have been 100 inmates who have completed the program successfully, with 134 inmates actively participating in the program and 1,317 inmates currently on the waiting list.

Food Service Branch

The goal of the Food Service Branch is to provide each inmate with a wholesome and nutritious diet within a set budgetary allowance. Meals are prepared and served under strict sanitary conditions according to regulations set by the Kentucky Department for Health Services, as well as the ACA standards, including food service and sanitation standards. This branch monitors the Food Service Contract.

In 2023, the branch provided 10,888,395 inmate meals, 56,550 kosher meals, 177,907 staff meals; and various outside entity meals, and medically ordered double meals for a total of \$14,299,634 in cost. Over 56 sanitation inspections and 28 kitchen operations reviews, including follow-up inspections, were conducted in 2023.

Emergency Management

To create a better, safer Kentucky as pledged by Governor Beshear, Emergency Management ensures the department is ready to effectively respond to threats and emergencies, and conducts and coordinates incident management activities to protect correctional staff and the future generations of Kentucky. Additionally, Emergency Management oversees the use of force review process for the institutions and manages allowable force-related equipment and munitions. Lastly, it helps coordinate specialty training as it relates to weapons and tactics.

Capital Construction and Maintenance Branch

The Capital Construction Maintenance Branch provides architectural, engineering, and maintenance/construction support to the department.

The branch manages the construction and maintenance activity of 627 buildings, with a total occupied area of 4.4 million square feet and a building age range of 18 to 130 years. The staff also performs environmental audits for all 14 institutions.

DIVISION OF EDUCATION

The Beshear-Coleman administration is an education-first administration and has worked to ensure Kentuckians of all ages and economic status have access to education including those in state custody. Education is critical for offenders returning to communities and the workforce. The division has a workforce of 87 employees with two primary areas: Adult Education and Career and Technical Education. The division also provides oversight of ancillary courses and postsecondary partnerships.

In 2023, Adult institutions completed the following achievements:

- 273 GEDs
- 23 associate degrees
- 1 bachelor's degree
- 244 Career and Technical completions

- 150 ancillary completions

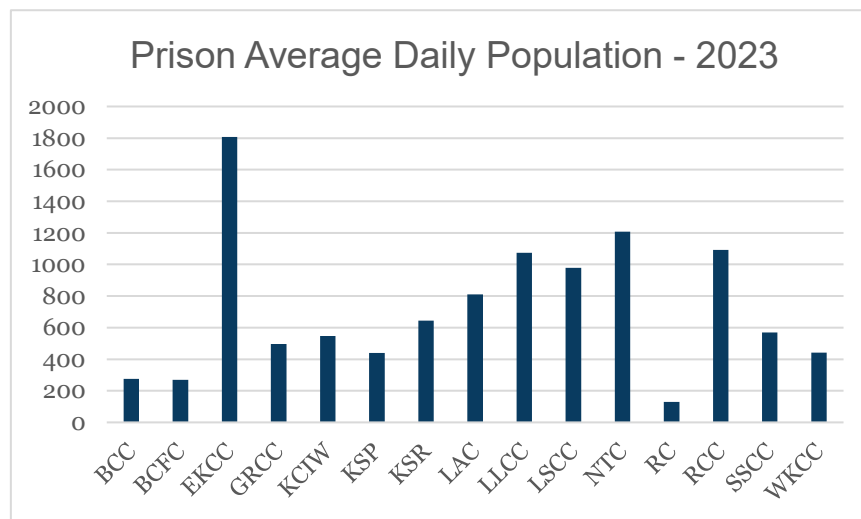

Additionally, there were 383 jail-obtained GEDs in which the Education Division awarded educational good-time, resulting in a cost avoidance of 34,470 days of incarceration.

In 2023, Probation and Parole supervised clients earned

- 68 GEDs
- 2 high school diplomas
- 10 college degrees
- 5 skills diplomas
- 1 Commercial Driver's License Permit

ADULT INSTITUTIONS

The Beshear-Coleman administration has supported Kentucky's Adult Institutions staff and facilities and recognizes its importance in ensuring safety for the commonwealth's 120 counties. The administration also provided significant raises for security personnel, which dramatically decreased staff vacancies. Between the first round of raises approved in December 2021 and the pay increase signed into law, the Beshear-Coleman administration has raised correctional pay more than any administration. The Division of Adult Institutions oversees 14 correctional facilities that house over 60% of Kentucky's adult inmate population.

BELL COUNTY FORESTRY CAMP

Bell County Forestry Camp (BCFC) is situated on approximately 15 acres in rural Bell County and 14 miles southwest of the town of Pineville. It is a minimum-security facility

with the capacity to house 300 adult male inmates. The facility employs 54 staff and has 14 contract employees who work in food service, medical services, and program facilitation.

BLACKBURN CORRECTIONAL COMPLEX

Blackburn Correctional Complex (BCC) is the largest minimum-security institution. This institution manages one of eight Second Chances Farms for the Thoroughbred Retirement Foundation and the only one located in Kentucky. The farm is currently home to 50 thoroughbreds who are retired or have an otherwise limited athletic future. The institution also has a cattle farm operation, which includes approximately 84 head of cattle.

EASTERN KENTUCKY CORRECTIONAL COMPLEX

Eastern Kentucky Correctional Complex (EKCC) was constructed in two phases and houses minimum, medium, close, and maximum custody inmates. The institution's best security tool is controlled movement. Inmates move to and from their dormitories to work, school, gym, and yard every hour and a half hour.

GREEN RIVER CORRECTIONAL COMPLEX

Construction of the Green River Correctional Complex (GRCC) was built in August 1992 and was originally designed to house 550 inmates. The facility design is a direct supervision model, consisting of three medium security general population housing units with 444 double-bunked cells, a maximum security segregation unit with 44 single-bunked cells, and a 50-bed open dorm-style minimum security unit.

KENTUCKY CORRECTIONAL INSTITUTION FOR WOMEN

The Kentucky Correctional Institution for Women (KCIW) is located on 270 acres in Shelby County with a campus-style setting with multiple housing units, double and single-bunked. It is considered a multi-custody facility as differential housing and programming must meet the needs of female felons serving one year to life, sentenced to death row, assigned to any custody level, and those with physical disabilities, intellectual disabilities, and mental health issues.

KENTUCKY STATE PENITENTIARY

The Kentucky State Penitentiary (KSP) serves as the only maximum-security facility with an operational capacity of 914 beds. The housing average was 440 inmates in 2023. The institution has operated for over 130 years. The population includes a small protective custody unit, a large restrictive housing unit in two separate cellblocks, death row, general population, and a 30-inmate minimum-security dormitory located outside the secure perimeter.

KENTUCKY STATE REFORMATORY

The Kentucky State Reformatory (KSR) is located in LaGrange, approximately 30 miles northeast of Louisville. The current institutional bed capacity is 1,051. There are five dormitories as well as 148 beds in the Correctional Psychiatric Treatment Unit. It is divided into a 50-bed program wing, a 25-bed program wing, a 50-bed stabilization wing and a 23-bed Restrictive Housing Unit. The Reformatory also maintains a 75-bed Nursing Care Facility, a 20-bed open wing maintained in the medical services building and a 50-bed open-wing Daily Assisted Living Unit. The primary mission is to provide extensive mental health and medical services to inmates within the system.

LEE ADJUSTMENT CENTER

Operating under a contract with the state, CoreCivic's Lee Adjustment Center (LAC) is an 866-bed medium security correctional facility housing adult male offenders. The facility is located in Beattyville, approximately 70 miles southeast of Lexington. The property consists of approximately 98 acres with an estimated secure compound of about 11 acres. The secure facility is within a double perimeter fence equipped with an additional non-lethal electric stun fence. An onsite corrections employee provides daily oversight of the facility to ensure operations comply with departmental policies and contract requirements.

LITTLE SANDY CORRECTIONAL COMPLEX

Little Sandy Correctional Complex (LSCC) is a level 4 institution located in Elliott County. It is the state's most technologically advanced institution. The institution, which houses 1,050 inmates, includes two living units, a 100-bed minimum security unit, and a 118-bed restrictive housing unit. The institution operates under a direct supervision model that encourages staff and inmate interaction and allows the inmates to have direct access to staff when they have a concern.

LUTHER LUCKETT CORRECTIONAL COMPLEX

The Luther Lockett Correctional Complex (LLCC) was built in direct response to the 1980 Federal Consent Decree. The facility is unique in that it houses two separate institutions - Luther Lockett Correctional Complex which is operated by corrections and the Kentucky Correctional Psychiatric Center which is operated by the Cabinet for Health and Family Services. The two facilities share several resources and operate under a written shared services agreement.

NORTHPOINT TRAINING CENTER

Northpoint Training Center (NTC) is a medium-security correctional facility for adult male offenders located on 551 acres. The facility is located in northern Boyle County near Danville. It was initially conceived as a minimum-security institution for less than 500 inmates. The mission rapidly changed to the development of a medium-security institution with a proposed population of 700 inmates. The institution has expanded over the years to a bed capacity of 1,270. General population inmates are housed in open-bay dormitories within a secure perimeter. Restrictive Housing Unit inmates are housed

in single cells in a 60-bed segregated structure separated from the main compound. There are 54 minimum-security inmates housed in dormitories outside the secure perimeter.

ROEDERER CORRECTIONAL COMPLEX

Roederer Correctional Complex (RCC) opened on August 28, 1976, as a 150-bed minimum-security “work camp” responsible for the farming operation of approximately 3,000 acres. Today, the institution has five separate units with a maximum capacity of 1,238 inmates. Additionally, it houses the controlled intake records office, which completes all felony sentence calculations.

Roederer is a dynamic facility, with three distinct areas. The Assessment and Classification Center processes all incoming male felons, except those sentenced to death row. It currently has 200 medium custody inmates permanently assigned to work in the maintenance department, kitchen, laundry, legal office, grievance office, and other areas necessary for the daily operation of the facility. Additionally, the minimum security units have a maximum capacity of 308 inmates, which includes a 200-bed substance abuse program.

SOUTHEAST STATE CORRECTIONAL COMPLEX

In May 2020, Governor Andy Beshear announced the opening of Southeast State Correctional Complex (SSCC) a medium-security prison located in Floyd County. The 621-bed prison offers evidence-based programming including a substance abuse program and educational courses. Vocational courses are also offered, including carpentry and horticulture programs.

WESTERN KENTUCKY CORRECTIONAL COMPLEX

The Western Kentucky Correctional Complex (WKCC) was constructed in 1968 as a satellite facility of the Kentucky State Penitentiary. The institution can house a total of 693 inmates. It includes 44 cells with two additional observation cells in a special management unit. There are 477 medium-security male inmates housed in three open-wing dormitories within the secured perimeter and 200 minimum-security female inmates are housed in two open-wing dormitories outside of the secured perimeter at the Ross-Cash Center.
