| <p>Number of buildings:</p> <p>Auditors should count all buildings that are part of the facility, whether inmates are formally allowed to enter them or not. In situations where temporary structures have been erected (e.g., tents) the auditor should use their discretion to determine whether to include the structure in the overall count of buildings. As a general rule, if a temporary structure is regularly or routinely used to hold or house inmates, or if the temporary structure is used to house or support operational functions for more than a short period of time (e.g., an emergency situation), it should be included in the overall count of buildings.</p> | 17 |
| <p>Number of inmate housing units:</p> <p>Enter 0 if the facility does not have discrete housing units. DOJ PREA Working Group FAQ on the definition of a housing unit: How is a "housing unit" defined for the purposes of the PREA Standards? The question has been raised in particular as it relates to facilities that have adjacent or interconnected units. The most common concept of a housing unit is architectural. The generally agreed-upon definition is a space that is enclosed by physical barriers accessed through one or more doors of various types, including commercial-grade swing doors, steel sliding doors, interlocking sally port doors, etc. In addition to the primary entrance and exit, additional doors are often included to meet life safety codes. The unit contains sleeping space, sanitary facilities (including toilets, lavatories, and showers), and a dayroom or leisure space in differing configurations. Many facilities are designed with modules or pods clustered around a control room. This multiple-pod design provides the facility with certain staff efficiencies and economies of scale. At the same time, the design affords the flexibility to separately house inmates of differing security levels, or who are grouped by some other operational or service scheme. Generally, the control room is enclosed by security glass, and in some cases, this allows inmates to see into neighboring pods. However, observation from one unit to another is usually limited by angled site lines. In some cases, the facility has prevented this entirely by installing one-way glass. Both the architectural design and functional use of these multiple pods indicate that they are managed as distinct housing units.</p> | 25 |

Based upon the inmate population on day one of the audit (1030), the PREA Auditor Handbook required that the auditor interview a minimum of 40 inmates, 20 random and 20 targeted. A total of 42 inmate interviews were conducted. All interviews with inmates occurred in a secure area to ensure privacy. All interviews were conducted using appropriate social distancing by both the auditor and interviewee. Inmates in quarantine areas were not selected to be interviewed. Offender interviews were conducted using the established DOJ interview protocols. If a randomly selected inmate had refused to be interviewed, an additional inmate from the same housing area would be selected in an attempt to get a cross section from the entire general population. There were no selected inmates that refused. |

| 33. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed: <i>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols.</i> <i>For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed.</i> | 22 |

Based upon the inmate population on day one of the audit (1030), the PREA Auditor Handbook required that the auditor interview a minimum 20 targeted inmates. All interviews with inmates occurred in a secure area away from offender housing to ensure privacy. All interviews were conducted using appropriate social distancing by both the auditor and interviewee. Inmates in quarantine areas were not selected to be interviewed. Offender interviews were conducted using the established DOJ interview protocols. If an inmate had refused to be interviewed, an additional inmate from the same targeted group would be selected. Site Review and Documentation Sampling

Site Review

PREA Standard 115.401(h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: discussions related to testing critical functions are expected to be included in the relevant Standard-specific overall determination narratives.

general population housing areas, as well as restrictive housing cells, search procedures, and availability and access of medical and mental health services. The Auditor observed and made note of the video monitoring system and camera placement throughout the facility, including reviewing the monitors in the control room.

Documentation Sampling

Where there is a collection of records to review—such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files—auditors must self-select for review a representative sample of each type of record.

65. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?

Yes No

66. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).

Note: as this text will be included in the audit report, please do not include any personally identifiable information or other information that could compromise the confidentiality of any persons in the facility.

The Auditor conducted a document review of employee and inmate files, and a spot check of documents that were previously provided to the auditor along with the PAQ, including log books and other institutional forms. The Auditor reviewed a random sampling of personnel files to determine compliance related to standards on hiring and promotion and background check procedures for officers and contract staff. The auditor reviewed the annual PREA training rosters maintained by the training staff and cross referenced the staff files with the training rosters to ensure training was verified. The training coordinator explained the process for relaying the mandated PREA information to new hires, as well as the procedure for annual refresher training. Random offender case files (20) were reviewed to evaluate intake procedures, including screening and subsequent housing decisions, and verify offender PREA education. In addition, the intake and receiving procedures were observed and intake screenings are conducted in private. The Auditor requested additional supporting documentation to include: training records, randomly chosen inmate medical records, randomly chosen inmate classification records, volunteer records, contractor records, and staff personnel files including PREA disclosure forms for hiring and promotions. All investigative files (17) for the previous 12 months were reviewed for compliance to applicable standards.

- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does

not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 3.22, 14.7
3. LLCC Organizational Chart
4. Interviews with Staff including the following:
 - a. PREA Coordinator
 - b. Warden
 - c. PCM
5. Interviews with Inmates
6. Observations during on-site review

Findings:

The Auditor reviewed the KYDOC Policies. The Department has a comprehensive PREA policy which clearly mandates a zero-tolerance policy on all forms of sexual abuse and harassment. The language in the policy provides definitions of prohibited behaviors in accordance with the standard and includes notice of sanctions for those who have been found to have participated in prohibited behaviors. The definitions contained in the policy are consistent and in compliance with PREA definitions. The policy details the agency overall approach to preventing, detecting and responding to sexual abuse and harassment. The culture of “zero tolerance” is apparent throughout the facility as evidenced by informational posters and interactions and interviews with both offenders and staff. The zero-tolerance mandate is taken seriously by the staff at the facility and this is reflected in both the staff and offender interviews.

The KYDOC has designated an upper-level staff as the agency-wide PREA Coordinator for the department. She is a supervisor in the Department’s Compliance Division and all 14 PREA Compliance Managers report to her. By virtue of her position, she has the authority to develop, implement and oversee the Department’s efforts to comply with PREA standards. There appears to be an open line of communication between all levels of staff at the Department and facility levels. The PREA Coordinator is directly involved in the implementation efforts, as well as handling and reviewing individual offender issues for the agency.

The LLCC has designated an upper-level staff member as the PREA Compliance Manager. Her position is Unit Administrator (UA-II) and reports to the Warden on PREA related matters. A review of the organizational chart reflects this position in organizational structure. The PCM reports that she has sufficient time and by virtue of her position, the authority to develop, implement and oversee the facility’s efforts to comply with PREA standards. There appears to be an open line of communication between all levels of staff at the facility and the PCM is involved in the implementation efforts, as well as handling and reviewing individual offender issues at the facility level. The PCM stated that she feels her time management is very good, which enables her to complete all her duties. In addition, she stated she has “fantastic administrators” and there is good communication between all levels of staff. She takes her position very seriously and ensures that all facets of the LLCC PREA Program are completed per policy and the PREA standards.

Interviews with facility staff indicated that they were trained in and understood the zero-tolerance policy established by the LLCC and KYDOC. They understand their role with regard to prevention, detection and response procedures.

In addition to the designated PREA Compliance Manager, LLCC has designated a back-up PCM to assist in overseeing PREA compliance efforts at the facility.

In a targeted interview with the Warden she stated that every allegation is investigated, no matter who reports it. All allegations are investigated thoroughly and each one is looked at on a case-by-case basis on its own merits.

After a review, the Auditor determined the facility exceeds the requirements of the standard.

Corrective Action: None

Standard 115.12: Contracting with other entities for the confinement of inmates

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.12 (a)

- If this agency is public and it contracts for the confinement of its inmates with private agencies or other entities including other government agencies, has the agency included the entity's obligation to comply with the PREA standards in any new contract or contract renewal signed on or after August 20, 2012? (N/A if the agency does not contract with private agencies or other entities for the confinement of inmates.) Yes No NA

115.12 (b)

- Does any new contract or contract renewal signed on or after August 20, 2012 provide for agency contract monitoring to ensure that the contractor is complying with the PREA standards? (N/A if the agency does not contract with private agencies or other entities for the confinement of inmates.) Yes No NA

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. Memo
3. Interviews with Staff including the following:
 - a. PREA Coordinator
 - b. Contract Monitor

Findings:

The KYDOC has included language in all contracts (Master Agreements) to ensure that all contracted facilities comply with provisions of PREA. Targeted interviews with both the Contract Monitor for the agency and the PREA Coordinator confirm that all related contracts include language requiring compliance with PREA standards.

The Luther Luckett Correctional Center (LLCC) does not house inmates contracted by other entities or contract with other entities to house LLCC inmates. LLCC only houses state inmates and the Kentucky Department of Corrections contracts with halfway houses through Master Agreement to house state inmates.

After a review, the Auditor determined the facility meets the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 3.22
3. Staffing Formula for LLCC (7-27-22)
4. Staffing Plan Review/PREA Meeting 11-16-2022
5. Incident Report Summary
6. Staffing plan memos
7. Unannounced rounds
8. Observations during on-site review

Interviews with the following:

- PCM
- Warden
- Random Staff
- Supervisors Responsible for Conducting Unannounced Rounds

Observation of the following:

- Observation of unannounced rounds by supervisors as well as auditors during the site review
- Observation of supervisors documenting rounds in the daily logbooks on the duty post during the site review

Findings:

The LLCC has a comprehensive staffing plan that addresses all required elements of the standard. The staffing plan addresses staffing in each area, staffing ratios, programming, facility layout, composition of the inmate population, video monitoring and other relevant factors. The most recent review of the staffing analysis was completed on November 16, 2022. The facility staffing is based upon a multi-faceted formula to determine the number of staff needed for essential positions. The

staffing plan does require any deviations be documented and justified. Notations and daily deviations from the regular staffing plan are notated by the Captain. In the instance of a deviation from the staffing plan, an incident report (Extraordinary Occurrence Report) is completed listing the vacated posts due to staff shortages.

The average daily population since the last PREA Audit is 1027. The staffing plan is predicated on a population of 1204. The auditor reviewed the facility's current staffing plan as well as the most recent staffing plan review. In that review, they have documented that they have considered all of the elements from standard 115.13 (a) (1-15) as part of the review. During a targeted interview with the Warden, the auditor verified that the Warden reviews the annual staffing plan and is a part of the review meeting. The Warden stated that they do consider the use of CCTV in considering the staffing plan. They have added more than 120 additional cameras in the past year and are regularly doing camera reviews and assessing areas that need additional coverage. The Warden verified that if there were an instance where the facility did not comply with their staffing plan, that instance would be reported through an Incident Report, including the reason for the shortage and the actions taken. According to staff and the PAQ, there were instances where they were out of compliance with the staffing plan due to staffing shortages. At the time of the on-site review, the Warden stated that the facility was at a 55-63% vacancy rate.

The auditor reviewed the most recent annual review, and the facility's review was in compliance with the elements of 115.13(a). In addition, during the on-site review, the auditor reviewed the deployment of CCTV monitoring. The facility has a camera surveillance system comprised of multiple monitors located in the control room. These screens are monitored by staff at all times. The most recent review of the staffing plan indicated the video monitoring system and placement of cameras were reviewed. There are 632 cameras covering all areas of the facility. The cameras are accessible from multiple locations in the facility.

In accordance with the provisions of the staffing plan, LLCC, in collaboration with the PREA Coordinator, reviewed the staffing plan to see whether adjustments are needed to: (a) the staffing plan, (b) the deployment of monitoring technology, or (c) the allocation of facility/agency resources to commit to the staffing plan to ensure compliance with the staffing plan. This was documented by memo from the PREA Coordinator on November 23, 2022.

The staffing plan appears satisfactory in the agency's efforts to provide protection against sexual abuse and harassment. The Auditor observed cameras in all areas of the facility. There appeared to be open communication between staff and inmates. The Auditor observed formal and informal interactions between staff and inmates.

In the PAQ, the agency reports that they conduct unannounced rounds on all shifts. A review of the KYDOC policies indicated that policy requires that supervisors will conduct and document unannounced rounds each shift, and that there is a prohibition against staff alerting other staff of the rounds. This language is also included in the post orders. During the pre-audit phase, the facility provided the auditor a sample of documentation of unannounced rounds for each shift. This documentation sampling verified that unannounced rounds were conducted during all shifts. During the on-site portion of the audit, the auditor reviewed logbooks that verified that unannounced rounds were recorded daily and documented by the supervisors. It is clear through observation that supervisors and administrators are conducting unannounced rounds. Interviews with supervisors, as well as line staff indicate that the rounds are unannounced and random.

A targeted interview with the Warden revealed that at the time of the onsite audit, there were 165 vacancies out of 271 total positions. The Warden indicated the facility had a roughly 55-63% vacancy rate. She stated they had added more than 120 cameras in the past year to areas where they needed additional coverage. The Warden feels as if the camera coverage is sufficient and they are used in the

overall management plan for the facility. She stated they continually do camera reviews and would assess any additional needs on a regular basis. The Warden stated that they ensure that all posts are covered and can reach out to neighboring facilities if needed for additional staff.

After a review, the Auditor determined that the facility meets the requirements of the standard.

Corrective Action: None

Auditor Overall Compliance Determination

- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 3.22, 14.7, 9.8
3. Strip Search Log
4. Lesson Plan for Searches
5. Memos
6. Training Rosters
7. Post Orders

Interviews with the following:

- Training staff
- Random Staff
- Medical Staff
- Random Inmates

Observation of the following:

- Observation of inmate housing area
- Observation of CCTV coverage of housing areas and individual protective cells
- Observation of staff announcing the presence of opposite gender staff during site review

Findings:

The KYDOC policies prohibit cross-gender strip searches and cross-gender visual body cavity searches except when performed by medical personnel. The LLCC does not conduct cross-gender strip searches or cross-gender visual body cavity searches except when performed by medical practitioners. There is no exigent circumstance exception in the policy. Interviews with facility staff, including medical personnel indicate operational practice is consistent with this policy. The facility reports in the PAQ and verified through staff interviews that no cross-gender strip searches or visual body cavity exams have occurred. The auditor observed the areas where strip searches occur and found them to be adequate in providing privacy from viewing by female staff or incidental viewing by anyone not performing the strip search.

The LLCC only holds male offenders.

KYDOC policy states that inmates are able to shower, change clothes and perform bodily functions without nonmedical staff of the opposite gender viewing their breasts, buttocks or genitalia, except in exigent circumstances or incidental to routine cell checks. The toilet areas had modesty shielding and the showers were adequately private. A review of CCTV coverage in common areas, bathroom areas and individual protective cells revealed that the cameras were pointed away from toilet areas or covered.

The KYDOC policy states that staff of the opposite gender shall announce their presence when entering an inmate housing unit. This language is also included in the LLCC duty post orders. Female officers can supervise the male housing units. There are multiple safeguards in place to ensure that offenders are aware that female staff are on duty. There are announcements made, it is logged and there is also a placard that is put up when female officers are working that says "female on duty." Random inmate interviews indicated that there is not an issue with them being able to change clothes, shower or perform bodily functions without the female officers seeing them. Offender interviews indicated that announcements are being made when opposite gender staff enter the housing units. Staff interviews also indicate the offenders' privacy from being viewed by opposite gender staff is protected. Curtains and partitions afford offenders appropriate privacy while still affording staff the ability to appropriately monitor safety and security. Cameras are placed appropriately so that shower and toilet areas are not in direct view. The auditor observed all areas in the facility where inmates may be in a state of undress and concluded that these areas are sufficiently private to prevent viewing by female staff.

LLCC policy prohibits searching or physically examining a transgender or intersex offender for the sole purpose of determining the offender's genital status. According to targeted interviews with medical staff and review of logs during the on-site portion of the audit, no inmate has been examined for the purpose of determining gender status. During staff interviews, staff were clear in their understanding and were able to articulate that they could determine this information other ways, including asking the offender. As LLCC is not a receiving facility, they are typically aware when they are receiving a transgender offender.

During the pre-audit portion of the audit, the auditor reviewed the training presentation that is provided to all employees regarding how to conduct cross-gender pat down searches as well as how to properly search transgendered and intersex inmates in accordance with this standard. According to the PAQ, 100% of all employees hired in the last 12 months received the required training. The Training staff also provided training rosters for facility staff. During the on-site document review of employee files, the auditor verified the documents in the employee files provided during the pre-audit phase. KYDOC policies require all staff to be trained on how to conduct searches, including those of transgender and intersex offenders. Staff indicated that they are trained to do cross-gender searches at the academy and were generally able to articulate to the Auditor how they would accomplish a search of a transgender inmate. A targeted interview with the training coordinator indicates officers are trained on how to do searches of transgender and intersex offenders during their initial training, as well as during in-service. The Auditor reviewed the training outline and found it to be in compliance with the standard. The training coordinator provided the auditor with a print out of all completed in-service for the year thus far. During the random staff interviews, all employees interviewed recalled being provided training on how to perform cross-gender pat down searches, as well as how to search transgendered or intersex inmates. Interviews indicate that the officers understand how to conduct cross-gender searches and searches of transgender and intersex offenders in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs. Interviews with 5 transgender female offenders confirm these practices.

After a review, the Auditor determined the facility meets the requirements of the standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Forms and pamphlets
4. Deaf Handout
5. Review of PREA training curriculum with section on effective communications
6. Employee training rosters for the past 12 months
7. PREA Training Video in English and Spanish and with subtitles
8. Agreement with commercial interpreter service

Interviews with the following:

- PREA Compliance Manager
- Random Staff
- Classification Staff
- Intake Staff
- Inmates who have limited English proficiency and cognitive disabilities

Observation of the following:

- Observation of Interpretive Service access posters in classification as well as booking area

Findings:

The LLCC, in accordance with KYDOC policy takes appropriate steps to ensure that offenders with disabilities, including those who are deaf, blind or have intellectual limitations have an equal opportunity to participate and benefit from all aspects of the facility's efforts to prevent, detect and respond to sexual abuse and harassment. KYDOC policy is written in accordance with the standard and indicates that during intake, offenders determined to have disabilities will have accommodations made to ensure that materials are received in a format or through a method that ensures effective communication. Interviews with the PCM and Intake staff indicate that LLCC ensures that any offenders with significant disabilities that required any special accommodations would be identified at intake and this would be notated in KOMS. Staff would ensure the offender was able to fully participate and benefit from all aspects of the facility's efforts to prevent and/or respond to sexual abuse and harassment.

Interviews with staff, including supervisory staff and intake officers confirm that they have a process in place to ensure that all inmates, regardless of disability would have equal access to PREA information. Auditors observed PREA informational posters throughout the facility, in visible locations in both English and Spanish. Spanish is the prevalent non-English language in the area. During interviews with staff responsible for intake and classification, they ensured that inmates with disabilities were provided access to the PREA program. Staff indicated that these situations would be handled on a case-by-case basis. The LLCC is one of only three prisons in the state that can hold up to Mental Health level 4 inmates. So, the staff are very cognizant of being aware of any special needs.

Staff are generally aware of the availability of interpretive services for LEP inmates. The facility has the PREA brochure in a variety of formats, including braille in both English and Spanish, large print, and information for deaf or hard of hearing.

KYDOC policy indicates that offenders who are limited English proficient have access all aspects of the facility's efforts to prevent, detect and respond to sexual abuse and harassment, including providing interpreters. The Auditor determined through staff interviews that the LLCC has interpreters available for limited English proficient offenders through the use of a telephone-based interpreter service. There are also bilingual staff that can assist with translation. The facility indicated through memo and on the PAQ that there were no requests for interpreters during this audit cycle.

During the on-site portion of the audit, the Auditor was able to speak with two inmates who had been identified as having a cognitive disability, one inmate identified as blind or low-vision, and one inmate identified as limited English proficient. During the targeted interviews, the inmates were able to answer the auditor's questions and were aware of PREA. The use of the interpretive service was not necessary for the LEP inmate as he could speak English. However, the auditor verified with the inmate his knowledge of the availability of interpreter services should he need them.

The Auditor was also able to speak with five inmates identified as hearing impaired or deaf. During the targeted interviews, the inmates were able to answer the auditor's questions and were aware of PREA. Per memo from the ADA Coordinator, there are multiple aids and equipment available to deaf and

hearing-impaired inmates. These include a Video Relay Interpreter Laptop (VRI), which can be used during classification, adjustment committee, grievance hearings, medical appointments, and other scheduled meetings; Video Relay Service (VRS) – Purple Video for inmate phone calls; Telecommunication devices for the deaf (TTY/TDD) that can be used to make phone calls; Captioned Telephone Service (CapTel) can be used to make phone calls; Amplification units for programming occurring in the Chapel and School; Portable Telephone amplifiers located in each of the living unit control centers for use with any phone not having volume control; In-Person Interpreter.

LLCC has not had an incident where staff had to utilize these systems to address any PREA issue.

The KYDOC policy prohibits the use of inmate interpreters except in instances where a significant delay could compromise the offender's safety. Interviews with staff indicate that offenders are not and would not be used as interpreters. During the random staff interviews, no staff member said it was appropriate to use an inmate interpreter when responding to allegations of inmate sexual abuse. According to the targeted interview with the PCM and a memo in the file, as well as the PAQ, there were no instances of the use of an inmate interpreter even in exigent circumstances.

The annual in-service staff training includes a 2-hour module on Communicating with Deaf and Hard of Hearing inmates. In addition, the facility has the PREA related information and handouts in a multitude of formats above and beyond the minimum.

After a review, the Auditor determined the facility exceeds the requirements of the standard.

Corrective Action: None

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 3.1, 3.6
3. Hiring Background Packet
4. Background Check on All Employees
5. Review of recently promoted employee files from the past 12 months
6. Reviews of randomly selected employee files
7. Review of randomly selected volunteer files
8. Background Information on Contract Employees hired within the last 12 months
9. Background Information on Medical Employees
10. Interviews with PREA Coordinator, Investigator and Human Resources

Findings:

The LLCC does not hire any staff that has engaged in sexual abuse or harassment as stipulated in the standard. The language in the policy is written consistently with that in the standard. The Auditor reviewed the background packet and interview questions used by the KYDOC and LLCC and found that they are asking these questions during the interview process to determine if they are hiring anyone

who has engaged in prohibited conduct. Staff indicated that the background investigator thoroughly vets any prospective employee and asks directly about previous misconduct as required by the standard. The document review on-site and interviews with the PREA Coordinator, Warden and Human Resources Manager confirmed that they have complied with this policy and no employee with such a history has been hired during the audit period.

The policy indicates that the LLCC will consider any instances of sexual harassment in determining whether to hire or promote anyone, or enlist the services of contractors who may have contact with inmates. A targeted interview with Human Resources stated that instances of sexual harassment would be a factor when making decisions about hiring and promotion, however there had been no incidents. Every employee and contractor undergoes a background check and is not offered employment if there is disqualifying information discovered.

There is a written policy that requires inquiry into a promotional candidate's history of sexual abuse or harassment. Documentation reviewed supports compliance with the standard in accordance with agency policy. During the on-site portion of the audit, the Auditor reviewed files of employees that were hired in the last 12 months. All of the employees' files contained background checks and pre-employment questionnaires where employees were asked the questions regarding past conduct and their answers were verified by a background investigation. The auditor also reviewed files of employees who were promoted in the last 12 months. The acknowledgement was completed for employees who had participated in the promotional process. Human Resources stated that employees are asked this information 3 different times – on the pre-qualification paperwork, during the interview, and the acknowledgement form. The PAQ indicates there have been 56 staff hired in the past 12 months who have had background investigations.

KYDOC policy requires inquiry into the background of potential contract employees regarding previous incidents of sexual assault or harassment. Consistent with agency policy, all employees and contractors must have a criminal background records check prior to employment. Staff at the LLCC complete criminal background checks for all prospective applicants and contractors, prior to being offered employment. Staff verified this information in interviews discussing the background process. The Human Resource Manager stated that the process is essentially the same for contract employees with respect to background checks and ensuring compliance with the standard. In addition, the LLCC uses a checklist for the background process, which verifies all steps have been completed, including the criminal history check.

Human Resources stated that if a prospective applicant previously worked at another correctional institutional, they make every effort to contact the facility for information on the employee's work history and any potential issues, including allegations of sexual assault or harassment, including resignation during a pending investigation.

In accordance with the standard, KYDOC policy requires background checks be conducted on facility staff and contract staff a minimum of every five years. LLCC does annual background checks through NCIC. Documentation of annual background checks was provided by the facility and reviewed by the auditor. The Human Resource Manager stated that Internal Affairs (IA) had just completed all of them in January. This was confirmed by the IA Captain. He indicated that they were now doing background checks on all employees annually at the same time rather than by hire date. Targeted interviews with facility administrators revealed that an employee engaging in any type of misconduct such as listed in the standard would not be retained.

The LLCC asks applicants and contractors directly about misconduct as described in the standard using a Self-Declaration form during the application process. These forms are maintained in their respective personnel files. The Auditor reviewed random files and verified these forms are being completed. Interviews with staff indicated that the forms are being completed as required by the

standard and agency policy. KYDOC policy stipulates a continuing affirmative duty to disclose any PREA related misconduct. All current and new staff are trained on the PREA policy, as well as annual refresher training. Training records verifying that employees acknowledge that they have read and understand the policy were reviewed by the auditor.

In accordance with the standard, policy stipulates that material omissions regarding such conduct, or the provision of materially false information shall be grounds for termination. Interviews with staff verified that the LLCC would terminate employees for engaging in inappropriate behavior with inmates, upon learning of such misconduct.

KYDOC policy indicates that the facility shall provide information on substantiated allegations of sexual abuse or sexual harassment involving a former employee upon receiving a request from an institutional employer and a signed release of information. Staff indicated they would share information upon request from another facility regarding a former employee.

The LLCC uses a disclosure/acknowledgement form that asks the required questions of applicants to determine prior prohibited conduct. The hiring process includes requiring the investigator to make his/her best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse.

After a review, the Auditor determined the facility exceeds the requirements of the standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC 7.1
3. Schematic of facility
4. Interviews with staff
5. Observation of camera placement and footage
6. Memo
7. Staffing Plan Review 2022
8. Luther Luckett Annual Planning Document

Findings:

The facility has not acquired a new facility or made a substantial expansion to existing facilities since the last PREA audit.

According to the LLCC PAQ and targeted interviews with the staff, the LLCC has made upgrades to the camera system since their last PREA audit. A targeted interview with the Warden indicates that they have added more than 120 cameras in the last year. Currently LLCC has 636 cameras. While the Warden feels that the camera coverage is very good, she stated they constantly do camera reviews and would update as needed. The staff member responsible for the cameras stated that they do camera checks every morning. The new cameras are all for improved video monitoring and assist with population management, including protecting inmates from sexual abuse.

Per interview with the Warden and PCM, when installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology, LLCC considers how such technology may enhance LLCC's ability to protect inmates from sexual abuse. The auditor reviewed camera placement during the on-site review, as well as camera monitors and views off areas in the facility, and a listing of all cameras.

After a review, the Auditor determined the facility meets the requirements of the standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ

2. KYDOC Policy 14.7
3. LLCC Evidence Protocol and Guide
4. MOU with KASAP
5. Memo
6. Review of incident logs

Interviews with the following:

- PCM
- Investigator
- Warden
- Medical personnel

Findings:

The LLCC is responsible for only administrative investigations. The facility follows a uniform protocol for investigating allegations of sexual abuse that maximizes the possibility of collecting usable evidence and trains facility staff who may be first responders in this protocol. The evidence protocol is the Kentucky State Police (KSP) Evidence Guide, specified in policy and described and confirmed by the facility Investigator who is experienced and able to articulate investigative procedures for a sexual assault in a jail setting. Interviews with staff indicate that they are trained and familiar with the evidence protocol and what to do if they are the first responder to a sexual assault.

The Kentucky State Police would be contacted to investigate incidents that occur that are criminal in nature, including those related to PREA violations. The KSP will conduct sexual abuse investigations in accordance with PREA standards and follow the nationally accepted protocols for Sexual Assault Medical Forensic Exams published by the USDOJ. According to interviews with random staff, there are multiple investigators trained to conduct sexual assault investigations. In addition, the PREA Compliance Manager would be notified. The facility provided a copy of the evidence guide for review. A targeted interview with the investigator indicated that in the instance of an allegation referred to the State Police, the facility would conduct a simultaneous investigation and maintain communication.

The LLCC does not hold youthful offenders.

KYDOC policy stipulates that all victims of sexual abuse shall be offered a forensic medical exam, without financial cost including prophylactic testing/treatment for suspected STIs. These exams would be performed off-site at the Hospital. An inmate at LLCC needing these services would be transferred to the University of Louisville Hospital. Examinations will be conducted by qualified SANE/SAFE experts in accordance with the guidelines of the National Protocol for Sexual Assault Medical Forensic Examinations from the Department of Justice. Persons performing these exams will be Registered Nurses licensed by their respective State Board of Nursing and possess training and/or certification in the Sexual Assault Nurse Examination or a Physician with training specific to the sexual assault medical forensic examination. The availability of these services was confirmed by the Auditor with the HSA. She indicated they had a SANE/SAFE nurse available 24 hours per day and 7 days per week and there would be no charge to the victim for this exam. The University of Louisville has 1-2 SANE nurses on staff.

The LLCC reported on the PAQ there has been one allegation or incidents of sexual abuse requiring a forensic exam be conducted. This was confirmed onsite by staff interviews and reviewing the investigative logs. The auditor reviewed the investigative report for this incident and found the facility to be in compliance with the provisions of the standard.

KYDOC policy indicates they will make a victim advocate from a rape crisis center available to an inmate victim of sexual assault upon request. The LLCC, through KYDOC has an MOU with KASAP to

provide services to the facility. A local rape crisis center, The Center for Women and Families, is available to serve as a victim advocate to victims of sexual assault at the LLCC. The KYDOC has an MOU with the agency, which was provided to the Auditor for review. As stipulated in the MOU, KASAP is available to provide an advocate to accompany and support the victim through the forensic exam process, if requested and shall provide any needed or requested emotional support or crisis intervention services. KYDOC policy stipulates these services are available. The auditor verified the availability of these services. Staff at The Center for Women and Families stated that all the advocates are PREA trained.

Targeted interviews with the PREA Coordinator and PCM also confirmed that the MOU was in place. The MOU is a renewal of a previous one and is effective July 1, 2022 to June 30, 2024.

The KYDOC has standardized this process across the state. They work with the Kentucky State Police and refer all suspected criminal PREA allegations to them, receiving guidance from them to ensure all allegations are handled appropriately. In addition, the KYDOC has a statewide contract and MOU with KASAP to ensure that advocacy services are available to all inmate victims of sexual assault.

After a review, the Auditor determined the facility meets the requirements of the standard.

Instructions for Overall Compliance Determination Narrative

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Monthly PREA Report
4. Review all investigative files for allegations of sexual abuse or harassment for the past 12 months
5. Website

Interviews with the following:

- PREA Coordinator
- PCM
- Investigative Staff
- Random Inmates

Findings:

The KYDOC policy is written in accordance with the standard and requires that an investigation is completed for all allegations of sexual abuse and harassment. Policy also dictates that allegations are referred for a criminal investigation, if warranted. The PREA Compliance Manager, supervisors and Investigators work very closely together to ensure that all allegations of sexual abuse and harassment are investigated promptly and thoroughly. If an offender alleges a sexual assault or sexual harassment has taken place, the staff member will notify the supervisor, who will take the initial report and refer it to one of the investigators for further action. The Investigator coordinates with the PCM and supervisors to determine the course of action. The Kentucky State Police conduct all criminal investigations for the LLCC and the KYDOC and will be notified by the Investigator if there is suspected potential criminal charges. The KYDOC policy is posted on the website under the PREA section.

Targeted interviews with the Investigator, PREA Compliance Manager and Warden verified that all allegations of sexual abuse or harassment are investigated promptly and thoroughly. They described the process for investigations, which is a collaborative approach. According to the interviews, once an allegation is received, it is referred for investigation based upon the type of allegation. In the case of a sexual abuse allegation, the first responders and supervisory personnel would initially take action to separate the alleged victim and perpetrator and takes steps to preserve any evidence. The on-duty supervisor would brief the PCM and depending on the situation, initiate a call to the KSP to begin a criminal investigation. Essentially, all reports of sexual abuse or harassment are evaluated by the first responders and supervisors in coordination with the PCM and a determination is made whether to initiate a criminal investigation. If there is no exigency and no evidence that a crime has occurred, the facility initiates an administrative investigation. The incident is investigated and if during the investigation, it is determined that there is evidence to support a crime was committed, the investigator will consult with the Kentucky State Police as necessary. If there is no evidence that a crime was committed, then the investigation is completed as an administrative investigation by the facility investigator.

Interviews with staff indicate they are aware of their responsibility to investigate every allegation, refer the allegation if it involves criminal behavior and notify the PREA Compliance Manager of all allegations. The KYDOC Central Office staff maintain oversight of facility investigations through the use of Monthly PREA Reports. This process is standardized throughout the DOC and provides consistency throughout the Department.

The LLCC reports there have been 17 allegations of sexual abuse or harassment in the past 12 months. A review of the investigative files indicate that the allegations were promptly and thoroughly investigated. There have been 6 allegations in the past 12 months that warranted referral for criminal investigation to the Kentucky State Police. Two investigations are still pending.

KYDOC policy requires that all sexual assault allegations that involve evidence of criminal behavior be referred for criminal prosecution. Documentation of such is contained in the investigative reports.

The auditor reviewed the KYDOC website and the agency policy is posted and publicly available. During an interview with the investigator, he verified that investigations that revealed criminal behavior would be referred to the Kentucky State Police and subsequently to the Commonwealth Attorney for prosecution. The PCM and PREA Coordinator confirmed this information.

After a review, the Auditor determined the facility meets the requirements of the standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. 2020 and 2021 Annual Training
4. New Hire PREA Training
5. PREA Lesson Plan
6. Review of Training Files
7. Interviews with Random Staff, PREA Coordinator, PCM, and Training Coordinator

Findings:

The KYDOC policy is written in accordance with the standard and includes all required topics and elements of the standard. Policy requires that all employees, contractors, and volunteers who have contact with inmates receive training. According to the policy, mental health and medical personnel receive specialized training. The training is tailored to male inmates, as the facility does not hold female inmates. The facility reports via memo there have not been any Kentucky Department of Corrections staff members transfer from a women's correctional facility to Luther Lockett Correctional Complex within this past audit cycle. Should this occur, they would be provided gender specific training for male offenders.

The facility provides PREA training annually to each employee to ensure they remain up to date on the KYDOC policies and procedures regarding sexual abuse and harassment. Each employee completes this training annually on Day 1 of the required In-Service Training. In addition, each employee signs a verification acknowledging they have received and understand the information.

The Auditor reviewed the training curriculum and verified it included all information and each element required by the standard. The Auditor reviewed the training rosters to verify and ensure all employees are receiving the training. During the pre-audit period the Auditor reviewed the training documentation submitted by the facility. In addition, during the on-site portion of the audit, the auditor verified the

training of staff, which includes contractors, by reviewing the entire training logs for all employees who had received training for the previous and current year.

New staff are given PREA training during their orientation, before assuming their duties and sign a verification acknowledging they have received the information. During interviews with the PCM and Training staff, they confirmed that no employee is permitted to have contact with inmates prior to receiving PREA training during orientation.

The Auditor reviewed the following rosters: IPSA Phase 1 Introduction to Corrections, IPSA Phase 2 Introduction to Corrections, Staff Sexual Offenses with Offenders and PREA, DOC AIIIS Computer Based Training, Institutional In-Service Day 1, Medical and Mental Health PREA.

Based upon the printout provided by the training coordinator, all active employees at LLCC have completed the required training.

The Auditor conducted formal and informal interviews with random and specialized staff. All staff interviewed indicated that they had received training and were able to articulate information from the training. During the staff interviews, all the random employees recalled having annual PREA training. Staff appear to understand their responsibilities regarding the standards. The staff are appropriately trained, and all documentation is maintained accordingly.

PREA training is conducted on an annual basis during in-service, versus every two years as required by the standard.

After a review, the Auditor determined the facility meets the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Annual Training
4. New Contractor PREA Training
5. Review of Training Files
6. Volunteer orientation

Interviews with the following:

- PCM
- Contract Staff
- Training Coordinator

Findings:

The KYDOC policy is written in accordance with the standard and includes all required topics and elements of the standard. The policy requires that all staff receive training regarding PREA. This training is required to be completed in person prior to contact with any inmates. The training is tailored to male inmates at LLCC, as the facility does not hold females. The facility provides PREA training annually to each contract employee to ensure they remain up to date on the KYDOC policies and procedures regarding sexual abuse and harassment.

The Auditor reviewed the training curriculum and verified it included all information required by the standard. The Auditor reviewed the training rosters, as well as random training files to verify and ensure all contracted employees are receiving the training. New contractors and volunteers are given PREA training during their orientation before assuming their duties and sign a verification acknowledging they have received the information. During the document review, the auditor was able to verify that the contractors who had been trained were required to sign an acknowledgement that they had received and understood the PREA training. The auditor reviewed the files of newly hired contract employees and verified that the signed training acknowledgement form is retained in their files. In addition, during targeted interviews with Human Resource staff, they verified that training acknowledgements were retained in the files.

The Auditor conducted formal and informal interviews with contracted staff. During targeted interviews with contract staff members, each of the interviewees told the auditor that they recalled having the PREA training and knew of the LLCC's zero-tolerance policy against sexual abuse and harassment. In addition, they could articulate what to do if an inmate reported to them. When asked what would be the consequence if they violated the PREA policy, they stated they would be terminated and removed from the facility. The contract staff were knowledgeable regarding the PREA information they had received. Staff appear to understand their responsibilities regarding the standards. The LLCC is providing training in accordance with the standard. The documentation is maintained accordingly.

The auditor interviewed two religious volunteers. The Volunteers both stated that they had received PREA Training, understood the zero-tolerance policy and were able to articulate what they would do if an inmate reported a PREA allegation to them. The auditor reviewed acknowledgement forms signed by certified volunteers verifying receipt and understanding of PREA training.

The facility reports on the PAQ that there are 252 volunteers and contractors, who may have contact with inmates, who have been trained in agency's policies and procedures regarding sexual abuse and sexual harassment prevention, detection, and response

Volunteers and contractors all receive PREA training on an annual basis. The contract staff receive the same training as the facility staff.

After a review, the Auditor determined the facility meets the requirements of the standard.

conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Review of inmate training materials
4. Review of inmate training documentation
5. Inmate Handbook
6. Sampling of inmate files comparing intake date, the date of initial screenings, and the date of comprehensive screening
7. Inmate Brochure and acknowledgement
8. Logs of Completion of inmates provided Comprehensive Education

Interviews with the following:

- PCM
- Random Inmates
- Intake Staff

Observations of the Following:

- PREA informational Posters throughout the facility in inmate housing and common areas
- Inmate Intake Process

Findings:

The KYDOC policy is written in accordance with the standard. In accordance with policy, offenders receive information regarding the facility and agency's zero tolerance policy. This information in the form of a brochure, along with the inmate handbook and informal posters, provides offenders with information regarding sexual abuse and assault, the agency's zero tolerance policy and how to report incidents of sexual abuse or harassment.

The LLCC PAQ reported that during the last year 833 offenders were committed to the facility and given PREA information at the time of intake, in accordance with the standard. Targeted interviews with multiple staff indicated that this information is communicated to the offenders verbally and in writing upon arrival at the facility.

Offenders will receive a PREA brochure immediately upon intake and sign an acknowledgement of receipt that is maintained electronically in their file in KOMS. The brochure contains information about the zero-tolerance policy and reporting information. Of those, 469 inmates were at the facility for 30 days or more and given the comprehensive PREA education.

The auditor observed PREA signage in a number of different locations and notification of the agency's zero tolerance policy. Staff told the auditor that they explained the agency's zero tolerance policy regarding sexual abuse and harassment, and they explained to the newly committed inmates that they could report any instances of abuse or harassment to staff and use the inmate telephone system to report abuse to the listed hotline. The PREA brochure information is read to the inmates upon arrival at the facility.

Interviews with intake staff verified that inmates, including any transferred from another facility, are given the same PREA orientation. Further questioning revealed that inmates who were LEP would be provided the orientation using a language telephone interpreter service or a Spanish speaking staff

would be utilized, if available. For offenders that are visually impaired, a staff member would read the information to the offender. The video also has printed subtitles for the hearing impaired. Staff would assist any other disabled or impaired inmates that needed assistance, such as intellectually limited inmates. Information in multiple formats was available throughout the facility. Targeted interviews with staff indicated that the facility will make needed accommodations for identified inmates with disabilities. The Auditor observed PREA informational posters in all offender housing areas, intake, and public areas. There are also monitors available in the inmate housing areas that displays PREA and other information on a continual basis.

Inmate interviews revealed that most inmates remembered receiving information about the agency's zero tolerance policy and how to make a report of sexual abuse. All inmates interviewed stated they are aware of PREA and how to report.

The comprehensive education is accomplished through the use of the PREA education video. The video is shown during the inmate's comprehensive facility orientation. This is documented on the inmate orientation, as well as the comprehensive PREA Education Acknowledgement Form, both of which are kept in the inmate record to verify receipt of the training. Offender interviews indicated that they were receiving the training.

The auditor reviewed a sampling of 20 random inmate files. Of the 20 files reviewed, documentation showed that 7 had not received the comprehensive education within the 30-day timeframe. This was identified as a corrective action during the mock audit conducted in January 2023 by the DOC Compliance Division staff. The auditor reviewed the files for all inmates received since the time of the mock audit (31) and found that the initial and comprehensive education is being completed in accordance with KYDOC policy and PREA standards. The auditor is satisfied that no other corrective action is necessary.

The file contained documentation of the initial inmate PREA orientation and receipt of the brochure at the time of admission, as well as the comprehensive education. This verified what the interviews revealed, what was required by policy and what was reported in the submitted PAQ. Interviews with staff and offenders verified that offenders are receiving the initial and comprehensive training as required.

All current offenders have received PREA training. Offender interviews indicate that the majority remember receiving information upon arrival and viewing the orientation video. They have an awareness of PREA information and how to report.

As required by the standard, policy provides for education in formats accessible to all inmates. There are Spanish versions of all materials. For offenders that are visually impaired, a staff member would read the information to the offender. The information is also available in Braille, in both English and Spanish. In addition, the Purple machine is available for signing for the hard of hearing inmates. As indicated in the policy, all other special needs would be handled in coordination with the PCM or Unit Manager on a case-by-case basis. There have been no instances of the need to accommodate special needs inmates during this audit period.

Information in multiple formats was available throughout the facility. The Auditor observed PREA informational posters in all offender housing areas, intake, and medical. The inmate handbook is available and provided to all offenders.

Inmates receive a PREA Brochure and advocate information immediately upon arrival. The PREA brochure and education is available in large print, braille, and Spanish with the capability of translating to other languages as needed.

After a review, the Auditor determined that the facility meets the requirements of the standard.

3. Review of Training Materials
4. Review of Training Documentation
5. Review Training Curriculum for Specialized Training
6. Review of Training Certificates for Investigators
7. Interviews with PCM & Investigative Staff

Findings:

Agency policy is written in accordance with the standard. LLCC investigators conduct administrative investigations. The Auditor verified the training for the facility investigators. The training included all mandated aspects of the standard, including Miranda and Garrity, evidence collection in a correctional setting, as well as the required evidentiary standards for administrative findings. Per a targeted interview with the PREA Coordinator, this training is standardized for the Department and was developed in consultation with the Moss Group. During a targeted interview with one of designated investigators for the facility, he was able to articulate the aspects of the training received. He appeared knowledgeable in the training he had received, as well as conducting sexual assault investigations. He indicated that, if in the course of the investigation, it appeared that the conduct was criminal in nature and there could be criminal charges involved, they would call the State Police and consult with the Commonwealth Attorney regarding any potential charges.

The Auditor was provided and reviewed a master list of trained investigators for the KYDOC. There are 23 investigators listed as being assigned to LLCC. The Auditor reviewed the training records for the facility investigators and verified that they had received the specialized training.

After a review, the Auditor determined the facility meets the requirements of the standard.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Review of Training Materials
4. Review of Training Documentation
5. Interviews with Training Coordinator and Medical Staff

Findings:

KYDOC policy requires that all staff members receive PREA training in accordance with standard 115.31. Further, the policy requires that all part- and full-time mental health and medical staff members receive additional specialized training. The policy requires that the mental health and medical staff receive additional specialized training on how to detect and assess signs of sexual abuse and harassment, how to preserve physical evidence, how to respond effectively to victims of sexual abuse and harassment and to whom to report allegations or suspicions of sexual abuse or harassment.

The LLCC employs contract medical and mental health providers. All of the medical and mental health staff received the specialized training as evidenced by documentation provided by the training staff and reviewed by the auditor. During the on-site portion of the audit, the auditor reviewed the training logs provided by the staff and verified that all of the current employees had received the required training. During targeted interviews with the HSA and other medical and mental health staff, they stated they received PREA training upon orientation. In addition to the annual PREA training required by the KYDOC, all medical and mental health staff complete additional training related to healthcare and PREA, which is done annually through Wellpath, the contract medical provider.

A targeted interview with the training coordinator verified that every employee is required to participate in PREA training in accordance with 115.31 and that training is documented. In addition, medical and mental health staff receive specialized training annually through the state that covers all aspects of the standard. The auditor verified this training had been completed.

The staff of the LLCC does not perform forensic medical examinations for victims of sexual assault. Forensic medical exams are conducted at the local hospital.

After a review, the Auditor determined the facility meets the requirements of the standard.

Observations of the Following:

- Inmate Intake Process

Findings:

According to KYDOC Policy, all inmates shall be assessed upon their admission to the facility and reassessed no later than 30 days after admission to the facility. The policy is written in accordance with the standard and includes all the required elements. During the site review, the auditor was not able to follow an inmate through the admission and classification process. During the site review, the auditor spoke with multiple staff who explained the initial intake process. Upon arrival at the facility, inmates are informed of their right to be free from sexual abuse and harassment as well as the agency's zero-tolerance for sexual abuse and harassment and how to report instances of sexual abuse or harassment. Interviews with the PCM, Unit Administrators and Case Managers verified that within 72 hours of admission, all inmates are screened for risk of sexual abuse victimization and the potential for predatory behavior. This is typically done by the case manager. During interviews with random inmates, most all remember their initial screening and remember being asked some PREA related questions during their admission. Many of the inmates interviewed had been housed at LLCC for longer than 12 months, however still recalled something about the risk screening or some of the questions.

All inmates are assessed during an intake screening and upon transfer to another facility for risk of being sexually abused by other inmates or sexually abusive toward other inmates. Intake screenings take place within 72 hours of arrival at LLCC. The facility uses an objective screening instrument that is standardized for KYDOC. The intake screening considers, at a minimum, the following criteria to assess inmates for risk of sexual victimization: (1) Whether the inmate has a mental, physical, or developmental disability; (2) The age of the inmate; (3) The physical build of the inmate; (4) Whether the inmate has previously been incarcerated; (5) Whether the inmate's criminal history is exclusively nonviolent; (6) Whether the inmate has prior convictions for sex offenses against an adult or child; (7) Whether the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming; (8) Whether the inmate has previously experienced sexual victimization; and (9) The inmate's own perception of vulnerability. The KYDOC does not hold offenders solely for civil immigration purposes. The initial screening considers prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to LLCC, in assessing inmates for risk of being sexually abusive. According to the PAQ and KYDOC Policy, the PREA screening instrument shall include 10 individual elements. Upon review of the screening instrument, the auditor determined that the screening instrument included all of the required elements.

According to the PAQ, 100% of the 319 inmates entering the facility (either through intake or transfer) within the past 12 months whose length of stay in the facility was for 72 hours or more and who were screened for risk of sexual victimization or risk of sexually abusing other inmates within 72 hours of their entry into the facility.

An inmate's risk level is reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness. The PCM stated that a reassessment is completed any time there is an incident and/or based on a referral from a staff member. Interviews with additional staff also indicated that an inmate's risk level is reassessed based upon a request, referral or incident of sexual assault.

Inmates are asked their sexual orientation in addition to the reviewing staff's perception. Within 30 days from the inmate's arrival at LLCC, the case manager reassesses all inmate's risk of victimization or abusiveness based upon any additional, relevant information received by LLCC since the intake screening. This is done in conjunction with the comprehensive inmate orientation. Inmates are not disciplined for refusing to answer, or for not disclosing complete information in response to, questions asked. According to the PAQ, 100% of the 469 inmates entering the facility (either through intake or transfer) within the past 12 months whose length of stay in the facility was for 30 days or more and who were reassessed for their risk of sexual victimization or of being sexually abusive within 30 days after their arrival at the facility based upon any additional, relevant information received since intake

LLCC has implemented appropriate controls on the dissemination within LLCC of responses to questions asked pursuant to this standard in order to ensure that sensitive information is not exploited to the inmate's detriment by staff or other inmates. All files are controlled by supervisory personnel and maintained in each inmate's electronic Classification files.

The Auditor interviewed staff who complete the screenings. The staff indicated that the risk screening is completed within 72 hours and the PREA risk assessment completed at the previous facility is reviewed. The screenings are completed in KOMS, the electronic records system. There is limited access to the PREA risk assessment. This screening is used for housing and program decisions and referrals. The auditor reviewed this information and verified it is maintained electronically with limited access. The auditor was provided a copy of and reviewed the screening form.

Targeted interviews with staff, as well as the PREA Coordinator and PCM verified that risk assessments are performed within 72 hours of intake. The questions are asked and the answers are recorded by the staff on the risk assessment form in KOMS. There are areas on the form that allows for the inclusion of additional details related to the question, if additional data needs to be documented.

The auditor reviewed 20 random inmate files and looked at their intake records and risk screenings in order to compare the admission date and the date of admission screening. All of the randomly selected files had received risk screenings within 72 hours of intake, and reassessments completed within 30 days.

The PCM, Case Managers and PREA Coordinator confirmed that 30-day reassessments are being completed on inmates, including meeting with the inmates. The auditor reviewed inmate files of initial PREA risk assessments. The auditor also reviewed the 20 random inmate files to determine if 30-day re-assessments had been completed. The 30 day re-assessment was completed within 30 days for all files reviewed.

KYDOC policy stipulates that no inmate shall be disciplined for refusing to answer or disclose information in response the risk assessment questions. According to targeted interviews with the staff, there have been no instances of inmates being disciplined for refusing to answer screening questions.

The Auditor randomly reviewed inmate files and determined that the initial risk assessments are being completed within 72 hours as required and the 30-day reassessments are being completed on a consistent basis.

After a review, the Auditor determined the facility meets the requirements of the standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7, 14.8
3. Review of Screenings

Interviews with the following:

- PREA Coordinator

- PCM
- Supervisors Responsible for Conducting Unannounced Rounds

Observation of the following:

- Site review of inmate housing units

Findings:

The KYDOC policy requires that screening information from the PREA risk assessment is used in making housing, bed work, education, and programming assignments. The case manager completes a risk assessment screening upon the inmate's arrival to the facility. Staff use this information to make recommendations on housing, bed, work, program assignments and referrals with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive.

When an inmate is determined to be high risk for victimization or high risk for abusiveness, it is the responsibility of the staff member conducting the screening to enter the results into the PREA Risk Assessment and inform the PREA Compliance Manager and Correctional Unit Administrator. An inmate that is determined to be at high risk for victimization will not be placed in the same cell or general area as an inmate that has been determined to be high risk for abusiveness.

It is the responsibility of the Classification Committee to check each inmate being placed in a job that has been determined as an area where there should not be victims and abusers working together unless under direct supervision and sign the job application stating these areas were reviewed. All program and education areas are fully staffed at all times when in operation. Additionally, KOMS generates an automatic alert system that will alert staff when assigning beds if a high-risk victim and high-risk abuser are located in the same area. When working in the kitchen, high-risk victims and high-risk abusers are assigned to separate areas. All areas/rooms in the kitchen are monitored by camera. In addition, LLCC maintains a weekly list of high-risk abusers and high-risk victims that are assigned to the same work location. Work supervisors are notified of any potential conflicts.

The LLCC uses a "Controlled Work Assignment Form" to approve requested work assignments. PREA risk assessments are checked to ensure no potential conflicts exist and has to be approved by the Deputy Warden(s).

KYDOC policy requires that the agency will consider housing for transgender or intersex inmates on a case-by-case basis in order to ensure the health and safety of the inmate and take into consideration any potential management or security problems. The policy requires that a transgender or intersex inmate's own view about their own safety shall be given serious consideration and that all transgender or intersex inmates are given the opportunity to shower separately from other inmates. During the site tour, the auditor reviewed all inmate housing units.

At the time of the onsite review, LLCC had 42 offenders identified as transgender or with a gender dysphoria diagnosis. During the targeted interviews, 5 transgender inmates were interviewed. The offenders indicated that they were able to shower separately by request during count. LLCC allows for transgender inmates to shower separately by request, which occurs during count. Interviews with facility administration corroborate these practices are enforced. The PCM keeps an updated, confidential memo that is distributed as needed, listing the transgender inmates and those approved to have a female for strip searches.

The policy stipulates that LGBTI inmates will not be placed in a dedicated facility, unit, or wing solely on the basis of such identification or status, unless the placement is established in connection with a

consent decree, legal settlement, or legal judgment for the purpose of protecting such inmates. Staff are aware of their responsibilities should they receive a transgender inmate with regard to this standard. Interviews with facility staff indicate that placement of any transgender or intersex offenders is made on a case-by-case basis. Agency policy stipulates that placement and programming assignments for transgender inmates will be reassessed at least twice a year to review any threats to safety and a transgender inmate's views with respect to his or her safety will be given serious consideration. This process has been standardized across the department. An inmate that identifies as transgender is monitored at the facility level by the assigned case manager, unit administrator, the PCM and mental health staff. The auditor reviewed completed bi-annual housing/program reviews and found that these reviews are in person and solicit input from the inmate. Interviews with the transgender offenders indicate that they recalled the housing/program reviews taking place. In addition, these offenders are monitored at the state level and discussed and reassessed at Therapeutic Level of Care (TLOC) meetings which include facility and state level staff.

LGBTI offenders are not placed in dedicated housing areas. Interviews with staff confirm this practice would not occur. The auditor conducted informal discussions with inmates during the site review and no inmate mentioned being housed according to their sexual preference or identity. The auditor conducted targeted interviews with staff. The auditor was informed that inmates' housing was based upon objective finding and LGBTI inmates were not placed in dedicated units. Targeted interviews with LGBTI inmates verified that the LLCC does not place inmates in dedicated housing units. A review of the roster indicated that identified LGBTI inmates are located in different housing areas throughout the facility.

After a review, the Auditor determined the facility exceeds the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 10.2
3. Memo from PCM

Interviews with the following:

- PCM
- Supervisors and Staff Responsible for Supervising Inmates in Restrictive Housing

Findings:

In accordance with agency policy, LLCC does not place inmates who are at high risk for sexual victimization in restrictive housing unless alternatives have been considered and are not available. Agency policies are written in accordance with the standard and cover all mandated stipulations. According to the PAQ, there have not been any instances where inmates at risk for sexual victimization were placed in restrictive housing for the purpose of separating them from potential abusers. According to targeted interviews with staff who supervise inmates in restrictive housing, they are not aware of a case where an inmate was placed in restrictive housing as a result of being a high risk for sexual victimization. All staff interviewed indicate that an inmate identified as high risk would be moved to another housing location and not placed in segregation unless it was a temporary placement to keep the inmate safe until the investigation was complete, or unless the inmate requested it. A targeted interview with the PCM also verified that no inmates during the audit period have been placed in restrictive housing involuntarily in order to separate them from potential abusers. Staff indicated that there was sufficient space and housing units to find a suitable place for an otherwise orderly inmate.

The agency policy states that if inmates were placed in restrictive housing for involuntary protective purposes, they would be permitted programs and privileges, work and educational programs and any restrictions would be limited. Further, the policy stipulates that such an involuntary housing assignment would not normally exceed 30 day and such a placement would be documented and include the justification for such placement and why no alternative can be arranged. According to the policy, if an inmate is confined involuntarily under these circumstances, the facility shall review the continuing need for placement.

Staff are aware of their responsibilities with regard to this standard, including the need for a review every 30 day. There have been no instances that required action with regard to this standard.

During the on-site portion of the audit, the auditor reviewed all of the restrictive housing areas and had informal discussions with both inmates and staff. As verified by targeted interviews with staff, the auditor did not identify any inmates who were involuntarily housed in restrictive solely for protective purposes for being a high risk victim or having made an allegation.

After a review, the Auditor determined the facility meets the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Agency Memo
4. Inmate Handbook
5. Inmate Orientation
6. Site Review
7. KASAP MOU
8. KYDOC Website
9. Hotline Information

Interviews with the following:

- PREA Coordinator
- PCM
- Warden
- Random Staff
- Random Inmates

Observation of the following:

- Observation of informal interactions between staff and inmates
- Observation of inmates using the telephone system
- Observation of Information Posters inside the housing units, adjacent to telephone and in the booking area

Findings:

The KYDOC policy designates multiple mechanisms for the internal reporting of sexual abuse and harassment, retaliation by other inmates or staff for reporting, as well as mechanisms for reporting conditions that may have contributed to the alleged abuse. Policy is written in accordance with the standard. The auditor reviewed the inmate handbook and found that inmates are informed that they may report instances of abuse or harassment by reporting to staff members, both verbally and in writing, as well as by using the inmate telephone system to make a report to the PREA hotline. There are multiple internal ways for offenders to privately report PREA related incidents, including verbally to any staff member, a written note submitted to staff, anonymous reports within or external to DOC, and third-party reports. This information is received by offenders at intake in both written and verbal form, contained in the inmate handbook and on informational posters in all offender housing areas, intake

and various other locations throughout the facility. Operational practice at LLCC is consistent with the KYDOC policy.

During random staff interviews, staff stated that inmates could make a PREA report to any staff member, as well as call the hotline. During the site review, the auditor observed information adjacent to all inmate telephones. Random offender interviews revealed that they feel that the staff at LLCC would take any report seriously and act immediately, regardless of the source of the information

The KYDOC does not hold inmates solely for civil immigration purposes.

Staff interviews revealed that they are aware of their responsibilities with regard to reporting and would accept and act on any information received immediately. All staff that were interviewed acknowledged their duty to report any PREA related information. Information on how to report on behalf of an inmate is listed on the agency website. Staff indicated they would accept and act on third-party reports, including from another inmate. Verbal reports are required to be documented within 24 hours.

KYDOC policy provides a requirement that inmates have the option of reporting incidents of sexual abuse to a public or private entity that is not part of the agency. Offenders have the ability to report outside the LLCC, by phone, to DOC central office or an outside agency. Inmates can also write to the Central Office staff. This information is in the inmate handbook, posted by the phones and on the brochure the inmates receive at intake. Offenders can also send a Jpay message directly to Internal Affairs. During the site review, the auditor observed PREA informational posters and placards adjacent to the inmate telephones with the Hotline information where reports can be taken and referred immediately for investigation. Most all offenders interviewed were aware of this as a potential reporting method, indicating the offenders are receiving this information. Documentation provided shows that there have been reports made through the hotline making this a viable reporting method. Contact information, including address and phone number is also available for The Center for Women and Families, the local rape crisis hotline.

The auditor reviewed the allegations for the previous 12 months and found that there were 17 allegations reported through a variety of methods, including reporting directly to both security and non-security staff, hotline, anonymous mail and Jpay messages. This indicates that offenders are aware of the various reporting methods.

The Auditor verified the availability of the hotline by making a test call to both the internal and external hotlines. The report was immediately received by the PREA Coordinator's Office for the internal call and logged. Notification of the call to the external hotline was received by the PREA Coordinator's office. The auditor received documentation of this report the same day. The Auditor verified the availability of the local rape crisis hotline and their ability to take reports. The Center for Women and Family staff stated all the advocates are PREA trained.

Policy and the inmate handbook stipulate that 3rd party reports of sexual abuse or harassment will be accepted verbally or in writing. Random inmate and staff interviews revealed that the staff and inmates are aware that third party reports will be accepted and treated just like any other reports, with an investigation started immediately.

A targeted interview with the PREA Coordinator and PCM verified that there are multiple ways to make PREA complaints by both staff and inmates, including the use of the inmate phone system, anonymous letters, as well as third party reporting by family and friends. In addition, inmates can report using the Jpay tablets available in the inmate housing areas to directly email Internal Affairs. The auditor reviewed investigative files for 17 allegations of sexual misconduct within the last year. Most of the allegations were reported directly to facility staff, however there were a variety of methods used.

Policy requires that all staff accept reports of sexual abuse or harassment both verbally and in writing and that those reports shall be documented in writing by staff and responded to immediately. During targeted interviews with staff, the staff indicated that if an inmate reported an allegation of sexual abuse or harassment, they would notify their supervisor of such an allegation and immediately intervene by separating the victim and alleged perpetrator. Each staff member stated that they would take action without delay and would accept a verbal complaint and would be required to make a written report of the incident. During random inmate interviews, the inmates were asked if they knew that they could make a verbal report of an incident of sexual harassment. All the inmates stated that they knew that they could just tell any staff member if something happened.

Staff may privately report sexual abuse or harassment of inmates either verbally or in writing to their supervisors, or Warden directly. There is also a hotline available to staff. Staff members are informed of this provision during PREA training. Staff interviews revealed that they are aware they can go directly to facility administration, including the PCM to report sexual abuse and harassment of inmates and all staff that were randomly interviewed answered that they would report any such incident to their supervisor.

After a review, the Auditor determined that the facility meets the requirements of the standard

Corrective Action: None

Standard 115.52: Exhaustion of administrative remedies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.52 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address inmate grievances regarding sexual abuse. This does not mean the agency is exempt simply because an inmate does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse. Yes No

115.52 (b)

- Does the agency permit inmates to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency always refrain from requiring an inmate to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (c)

- Does the agency ensure that: An inmate who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA

- Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (d)

- Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by inmates in preparing any administrative appeal.) (N/A if agency is exempt from this standard.) Yes No NA
- If the agency claims the maximum allowable extension of time to respond of up to 70 days per 115.52(d)(3) when the normal time period for response is insufficient to make an appropriate decision, does the agency notify the inmate in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.)
 Yes No NA
- At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, may an inmate consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (e)

- Are third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)
 Yes No NA
- Are those third parties also permitted to file such requests on behalf of inmates? (If a third-party files such a request on behalf of an inmate, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.) Yes No NA
- If the inmate declines to have the request processed on his or her behalf, does the agency document the inmate's decision? (N/A if agency is exempt from this standard.)
 Yes No NA

115.52 (f)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. Memo
3. Staff Interview

Findings:

The Kentucky Department of Corrections does not have an administrative procedure to address inmate grievances regarding sexual abuse therefore is exempt from this standard.

This is verified by the PAQ, memo from the PREA Coordinator and targeted interview with same.

After a review, the Auditor determined the facility meets the requirements of the standard.

4. Hotline Information
5. Sexual Assault brochure
6. MOU with KASAP

Interviews with the following:

- a. PCM
- b. Random Inmates
- c. Random and Targeted Staff
- d. Mental Health and Medical Staff

Observations of the Following:

- a. PREA informational Posters throughout the facility and public areas

Findings:

KYDOC policy is written in accordance with the standard. The facility provides inmates with access to local, state, or national victim advocacy or rape crisis organizations, including toll-free hotline numbers. The policy requires reasonable communications between inmates and those organizations and agencies, in as confidential manner as possible. The LLCC informs inmates of the extent to which these will be monitored prior to giving them access. There have been no requests for confidential support services during this audit period. Staff interviews indicate they are aware of their obligations under this standard.

The auditor reviewed the LLCC handbook, which included information regarding the availability of outside confidential support services for victims of sexual abuse and harassment. During the site review, the auditor viewed posters that notifies inmates of the availability of a third-party reporting hotline, in both Spanish and English. The posters state, "Communications between victims and sexual assault programs are confidential according to KRS 211.608." Services through the local sexual assault program can be accessed through the free hotline, by writing a letter or virtual visits. These visits are coordinated through psychology staff at the request of the inmate.

Policy requires that inmates and staff are allowed to report sexual abuse or harassment confidentially and requires that medical and mental health personnel inform inmates of their limits of confidentiality. Targeted interviews with medical and mental health reveal they are aware of their obligations to inform the inmates of the limits of confidentiality. The auditor reviewed documentation that verified this is being relayed to the inmates.

Inmates are informed of the services available at intake. LLCC provides all inmates information regarding victim advocacy services upon intake (same day) and during orientation. The information is

provided in written form and provided to the inmate verbally. Inmates are also made aware of the 24/7 crisis line that is available to them as part of the victim advocate service. Inmate interviews indicated that some of the inmates are aware of the services that are available to them. Most inmates interviewed indicated they knew they could ask to speak to mental health for counseling services if they needed to.

The information is listed in the brochure that is provided to the inmates, as well as the inmate handbook.

The LLCC has an MOU with the Kentucky Association of Sexual Assault Programs (KASAP) to establish an agreement for emotional support services through the local rape crisis center, The Center for Women and Families. The Auditor was provided a copy of the MOU and verified the agreement for services. The auditor verified the availability of services with Center for Women and Families staff, as well as facility psychology staff.

There have been no inmates detained solely for civil or immigration purposes.

After a review, the Auditor determined the facility meets the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Inmate Handbook
4. KYDOC Website
5. Staff Interviews
6. Inmate Interviews

Findings:

The KYDOC policy is written in accordance with the standards, stipulating that all third-party reports will be accepted and investigated. The LLCC publicly provides a method for the receipt of third-party reports of sexual abuse or harassment through the KYDOC website. The Auditor reviewed the DOC website. The website has information on its PREA page that contains information about PREA and their responsibilities for criminal and administrative investigations. It also contains contact and reporting information should any one wish to report an incident of sexual abuse or harassment on behalf of an inmate.

Staff interviews reveal that they are aware of their obligation to accept and immediately act on any third-party reports received. Staff, including supervisors, indicate they will accept a third-party report from a family member, friend or another inmate. They would document the report and inform their supervisor and the report would be handled the same as any other allegation or report and investigated thoroughly.

Offenders are provided this information at intake and offender interviews indicate that they are aware that family or friends or other offenders can call or write and report an incident of sexual abuse on their behalf.

A review of the investigations for the past 12 months revealed two allegations of sexual abuse or harassment through anonymous reports in this review period.

After a review, the Auditor determined the facility meets the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7, 3.22
3. Review of investigative files

Interviews with the following:

- Investigative staff
- Warden
- Random Staff

Findings:

KYDOC policy is written in accordance with the standard and requires all staff, contractors and volunteers to immediately report any knowledge, suspicion or information related to sexual abuse or harassment to a supervisor. During the site review, all staff members interviewed were asked if they were required by policy to report any instances or suspicions of sexual abuse or harassment. All of the staff members responded unequivocally that they were required to report any such instances. The auditor also informally asked the same question of contracted staff, and they stated that they would report any instance of sexual abuse or harassment immediately to security staff. Interviews with staff indicate they are very clear with regard to their duties and responsibilities with regard to reporting PREA related information, including anonymous and third-party reports. During random staff interviews, all of the staff members stated that they were required by policy to report any instance of sexual abuse or harassment or retaliation for making reports. They were also asked if that included alleged behavior by staff or contractors or volunteers. All staff members who were randomly interviewed said that they were obligated to report any such allegations or suspicions, no matter who it involved. Staff articulated their understanding that they are required to report any information immediately and document such in a written report.

Policy requires confidentiality of all information of sexual abuse or harassment beyond what is required to be shared as a part of the reporting, treatment, or investigation. During the random staff interviews, staff were asked about their requirement for maintaining confidentiality. The staff understand the need to keep the information limited to those that need to know to preserve the integrity of the investigation. All of the interviewed staff stated that details related to either inmate allegations or staff allegations should remain confidential and they would only discuss details with supervisors and investigators. A targeted interview with the PREA Coordinator and PCM verified that all investigative files are maintained in KOMS with limited access.

Policy requires that all medical and mental health personnel report the mandatory reporting requirements and limits of confidentiality to victims of sexual abuse. Interviews with medical and mental health staff indicate they are aware of their mandatory reporting requirements and comply with the mandate to disclose the limits of their confidentiality. Medical and mental health staff are aware of their responsibilities to report information, knowledge, or suspicions of sexual abuse, sexual harassment, retaliation, staff neglect or violations of responsibilities which may have contributed to an incident. The auditor viewed documentation that shows that medical and mental health staff discuss limits of confidentiality with the offenders.

Targeted interviews with the PCM, as well as random staff interviews verified that all allegations of sexual abuse or harassment received from a third party are referred for investigation and immediately acted upon.

All allegations of sexual abuse and harassment are reported to the on-duty supervisor, who initiates an investigation. The reporting officer and supervisor create a report, and this report is forwarded to the PCM for review and further action. In addition, the PCM is notified verbally through the chain of command.

The Auditor conducted a formal interview with one of the facility investigators, who indicated that all allegations are immediately reported and investigated. There were 17 allegations of sexual harassment or assault for the previous 12 months. The Auditor reviewed the investigative files for all 17 allegations and determined that they were promptly reported and investigated as required by the standard.

After a review, the Auditor determined the facility meets the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

Evidence Reviewed:

- LLCC Completed PAQ
- KYDOC Policy 14.7
- Memo

Interviews with the following:

- PCM
- Warden

- Random Staff
- Random Inmates

Findings:

KYDOC policy is written in compliance with the standard and requires that whenever there is a report that there is an incident of sexual abuse or harassment, the victim should be immediately protected. Random interviews with staff indicate they are clear about their duty to act immediately if an offender is at risk of imminent sexual abuse. Staff indicated they would immediately remove the inmate from the situation, keep them separate and safe, and find an alternate place for them to stay or be housed pending an investigation or further action. Staff stated they would ensure the inmate was kept safe, away from the potential threat and an investigation was completed by the supervisor. Classification staff and the Unit Managers would also be notified. Targeted interviews with the Warden and the PCM confirmed that it is the policy of LLCC to respond without delay when inmates are potentially at risk for sexual abuse or any other types of serious risk.

LLCC reports in the PAQ that there have been no determinations made that an offender was at substantial risk of imminent sexual abuse. Per an interview with the PCM, LLCC did not have any inmates determined by the facility to be subject to a substantial risk of imminent sexual abuse requiring immediate action during this audit period. All inmates that report an allegation are immediately separated from the alleged abuser and kept in staff sight at all times until the alleged abuser is secured. If the report is made to staff other than an officer, security staff would be notified immediately. The staff member that the inmate reported the allegation to would remain with the inmate and ensure their safety until security staff responded.

The Auditor randomly reviewed files and talked with staff, both formally and informally, and found no evidence that an inmate was determined to be at imminent risk of sexual abuse. There have been no incidents that required action with regard to this standard.

After a review, the Auditor determined the facility meets the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7

Interviews with the following:

- PCM
- Warden

Findings:

The KYDOC's policy is written in accordance with the standard and requires that if the Warden or his/her designee receives an allegation regarding an incident of sexual abuse that occurred at another facility, he/she must make notification within 72 hours. During this review period, the facility reported receiving no notifications from an inmate alleging sexual abuse while incarcerated at another facility that needed to be reported. According to targeted interviews with the Deputy Warden and PCM, if they received such a notice, they would immediately report such an allegation to the Warden or Administrator of the other facility and document such a notice. They confirmed their understanding of their affirmative requirement to report allegations in accordance with the standard.

LLCC requires that if the Warden or designee receives notice that a previously incarcerated inmate makes an allegation of sexual abuse that occurred at the LLCC, it would be investigated in accordance with the standards. The LLCC reported they have not received an allegation that an inmate was sexually harassed or abused while confined at another facility within this audit cycle. In the event such allegation is received, the Warden shall notify the head of the facility or appropriate office of the agency where the alleged abuse occurred. Such notification shall be provided as soon as possible, but no later than 72 hours after receiving the allegation at LLCC. The notification shall be documented. Interviews with the Warden and PCM confirm the staff are aware of their obligation to fully investigate allegations received from other facilities.

Further, interviews with the staff, both formal and informal, revealed that staff is aware of their obligations with regard to reporting, and there is a universal understanding and commitment to immediately report any allegations of sexual abuse or harassment, which increases the probability that abuse will be detected, reported and investigated.

After a review, the Auditor determined the facility meets the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. PREA Checklist
4. Review of investigative files
5. Interviews with Random Staff, PCM, Investigator

Findings:

The KYDOC policy is written in accordance with the standard and indicates actions staff should take in the event of learning an inmate has been sexually assaulted. Policy requires that when an inmate reports an incident of sexual abuse, the responding staff member: Separate the alleged victim and alleged abuser, preserve and protect and evidence, if the abuse allegedly occurred within a time period that would allow the collection of evidence the first responded advise the victim not take any actions that would destroy any evidence, and take action to prevent the alleged abuser from destroying evidence.

There has been one instance of reported sexual assault during this review period that required the first responder to preserve or collect physical evidence. The auditor reviewed the investigative report for this allegation and found that the staff acted promptly and in accordance with policy.

There were 15 allegations of sexual abuse during this audit period. The auditor reviewed the investigative reports for all 15 allegations. In all cases, the first security staff member to respond to the report separated the alleged victim and abuser.

The auditor interviewed 4 inmates during the on-site portion of the audit who had reported sexual abuse or harassment. The inmates stated that staff responded promptly to the allegations. None of the inmates interviewed had to have evidence collected or preserved.

The Auditor conducted formal and informal interviews with staff first responders. Security first responders were asked to explain the steps they would take following an alleged sexual abuse reported to them. Most all staff interviewed said that they would notify their supervisor after separating the inmates and wait for further instructions. The staff were able to appropriately describe their response procedures and the steps they would take, including separating the alleged perpetrator and victim and securing the scene and any potential evidence. The Auditor was informed the scene would be preserved and remain so until the assigned Investigator arrived to process the scene. A targeted interview with the Investigator indicated that once the initial steps were done and the scene was secure, the State Police would be notified, depending on the nature of the investigation.

The Auditor conducted interviews with supervisory staff. The Auditor asked what the supervisor response and role would be following a report of sexual assault. The supervisor stated that they would ensure the alleged victim and alleged abuser were removed from the area and kept separately in the facility. The crime scene would be secured and a staff member posted to ensure no one entered the scene. The alleged victim would be taken to medical for treatment of any emergent needs and

transported to the University of Louisville Hospital for a forensic exam, if needed. The PCM would also be informed. The supervisor stated the Investigator(s) would be the only ones allowed in the crime scene to process the evidence.

Policy requires that if the first responder is not a security staff member, the staff immediately notify a security staff member. There were 10 instances during the audit period where a non-security staff member acted as a first responder to an allegation of sexual abuse. The Auditor conducted formal interviews with non-security personnel. Staff were asked what actions they would take following an alleged sexual abuse reported to them. Staff indicated they would ensure the victim remains with them and immediately inform an officer or supervisor. They would also request the victim not take actions to destroy evidence.

Medical personnel interviewed stated they would first ensure a victim's emergency medical needs are met. They stated they would request the victim not to use the restroom, shower, or take any other actions which could destroy evidence. Medical staff informed the auditor they would immediately notify a supervisor if they were the first person to be notified of an alleged sexual abuse. Victims would be transported off-site to the University of Louisville hospital for forensic exams if needed.

After a review, the Auditor determined the facility meets the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. PREA Checklist
4. Sexual Assault Action Plan
4. Interview with PCM, Investigator and Warden

Findings:

LLCC has a coordinated facility plan to address actions in response to an incident of sexual abuse among facility staff, including first responders, supervisory staff, medical, investigative staff and administrators. Interviews with multiple staff indicate that they understand their duties in responding to allegations of sexual assault and are knowledgeable in their role and the response actions they should take. The LLCC has a Sexual Assault Plan listing actions to be taken by staff for each type of sexual assault allegation to ensure that all aspects of the response are covered and nothing is missed. Many of the facility staff involved in responding to incidents of sexual abuse are also a part of the incident review team.

The auditor reviewed the 15 investigative files which indicate staff are appropriately responding to allegations of sexual assault, including preservation and/or collection of physical evidence.

There has been one instance of reported sexual assault during this review period that required the first responder to preserve or collect physical evidence. The auditor reviewed the investigative report for this allegation and found that the staff acted promptly and in accordance with policy.

The auditor interviewed the Warden, a designated investigator, as well as the PCM, who is also an investigator, who all described the facility's coordinated response in the case of an allegation of sexual abuse or harassment. The response begins with the allegation and first responder action to protect the victim, secure the crime scene and protect any potential evidence. The initial investigation begins with the first responders and supervisors and then the facility investigators. Depending on the nature of the allegation, the investigation will either begin as administrative or criminal. In the case of a criminal investigation, the victim is treated in accordance with policy and provided a forensic exam and ancillary services, as well as advocacy services. The remainder of the investigation is dictated by the nature of the allegation. Regardless, all investigations are completed and a finding is assigned. It may be referred for criminal prosecution or handled administratively and could require medical and mental health services and monitoring for retaliation and notice to the victim about the outcome of the investigation.

All staff at LLCC that the auditor spoke with appear to be well-versed in their role and responsibilities in responding to allegations of sexual assault.

After a review, the Auditor determined the facility meets the requirements of the standard.

The LLCC has not entered into any agreement that limits the agency's ability to remove alleged staff sexual abusers from contact with inmates pending the outcome of an investigation or of a determination of whether and to what extent discipline is warranted.

The KYDOC prohibits entering into a collective bargaining agreement. The Kentucky Department of Corrections does not have any collective bargaining power therefore this standard is non-applicable.

Per memo and interview with the PREA Coordinator, the auditor verified that there is not a collective bargaining agreement in place.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7

Interviews with the following:

- PCM
- Warden

Findings:

The KYDOC's policy is written in accordance with the standard and states retaliation by or against any party, staff or offender, involved in a complaint or report of sexual abuse or sexual harassment shall be strictly prohibited. Retaliation in and of itself, shall be grounds for disciplinary action and will be investigated. Policy requires staff and inmates who report allegations of sexual abuse or harassment are protected from retaliation for making such reports. Policy and memo from the facility indicates that the PCM is designated as the staff who will be responsible for monitoring retaliation for a minimum period of 90 days. Policy states monitoring shall occur beyond ninety (90) days if the initial monitoring indicates a continuing need and monitoring shall cease if the investigation determines that the allegation is unfounded

The Auditor conducted a formal interview with the staff member responsible for monitoring retaliation. The Auditor asked the staff member how she goes about monitoring retaliation. She stated she reviews disciplinary charges and Incident Reports and any other actions related to the inmate including documents maintained in the inmate's file and his electronic record. She stated that anytime anything changes she will look at those actions. She also indicated she will make referrals to medical and mental health as needed. The monitoring will also include periodic status checks and notations made on the Retaliation Monitoring Form.

The Auditor asked the staff member the amount of time she will monitor for acts of retaliation. She stated the monitoring period would be a minimum of 90 days, and longer if necessary. She stated that she will meet with them as soon as possible and typically more frequently than every 30 days. In the event the inmate cannot be protected at the facility, the staff can and will recommend a transfer.

In the case of an offender being retaliated on by staff, the administration will discuss staff assignments with the supervisor to ensure the staff member is not placed in an area where the inmate is housed. The inmate can also be transferred, if need be, at the request of staff.

The PCM and Unit Administrators have the authority to move inmates around the facility or to request transfers to other facilities or take other protective measures to assure inmates are not retaliated against. Inmates would not be held in Special Management unless requested by the inmate.

In addition, the Warden has the authority and would intervene in any way necessary to protect employees from retaliation if they reported incidents of sexual abuse or harassment. Per memo, the LLCC has not had any instances where a staff member was monitored for retaliation within this audit period.

The auditor reviewed examples of monitoring for retaliation provided by the facility and found them to be in compliance with the standard. In addition, staff interviews confirmed their knowledge of the requirements for protection from retaliation for both inmates and staff members. The agency has prepared forms that include checklists that would assure and verify compliance with the necessary elements of the standard.

The facility reported there were no incidents of retaliation in the last 12 months.

After a review, the Auditor determined the facility meets the requirements of the standard.

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy
3. Review of all Investigative Files from the past 12 Months

Interviews with the following:

- PCM
- Staff who supervise inmates in RH

Observation of the following:

- Observation of Inmates in restrictive housing

Findings:

The KYDOC's policy is written in accordance with the standard and requires the use of segregated housing be subjected to the requirements of PREA standard 115.43. Both formal and informal interviews with staff state they would not place an inmate in segregation for reporting sexual abuse or assault. Staff indicated they would not ordinarily place a sexual assault victim in segregation unless he had requested it. Staff explained that other alternatives are explored and segregation is utilized as a last resort. The Auditor was informed of and observed several areas in the facility to place sexual abuse victims to ensure they are protected from abusers without having to place the victim in segregated housing.

The auditor reviewed all of the LLCC restrictive housing areas and through informal discussions with supervising staff, no staff indicated that inmates were assigned to restrictive housing as a result of their sexual vulnerability. Staff indicated that if an inmate that made an allegation were to be held in

restrictive housing, it would be very briefly until other housing was arranged or the initial investigation was complete.

The agency has had no incidents that have required restrictive protective custody. Interviews with the supervisory staff as well as the PCM and Unit Administrators confirmed their knowledge of their requirements to appropriately adhere to the elements of standard 115.43, after a victim's allegation of abuse.

In addition, during targeted interviews with the Unit Administrator and PCM, they both verified that there have been no instances of inmates being placed in restrictive housing as a result of the sexual victimization or vulnerability. There were no records or documentation to review regarding this standard because there were no instances of the use of restrictive housing to protect and inmate who was alleged to have suffered sexual abuse.

After a review, the Auditor determined the facility meets the requirements of the standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Review of Investigative files
4. Interviews with Staff
5. Documentation of Investigator Training
6. Certificates of Completion for Facility Investigators
7. Training Curricula for Investigative Training specific to Corrections

Findings:

The KYDOC policy is written in accordance with the standard. Policy requires that the agency conduct administrative investigations of sexual abuse and harassment. The policy stipulates criminal investigations shall be conducted by the State Police, depending on the nature of the investigation. The agency policy stipulates that they will respond to complaints that are received internally and externally by a third party. The policy requires that investigations are responded to promptly. The LLCC conducts an investigation on all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports. The policy requires administrative investigations to include efforts to determine whether staff actions or failure to act contributed to an act of sexual abuse. Investigative reports are required to include a description of physical evidence, testimonial evidence, the reason behind credibility assessments, and investigative facts and findings.

The auditor reviewed investigative reports for the 17 allegations of sexual misconduct during the past 12 months. All reports contained the required elements as dictated by the standard. The reports at LLCC were incredibly detailed, thorough and well-written. As evidenced by the investigative reports, all allegations are investigated promptly, thoroughly, and objectively. The report format is standardized

throughout the DOC and review and oversight for all allegations is completed through the PREA Coordinator's office.

If at any time during the investigation, it appears the charges are criminal in nature, the investigation will be referred to the State Police. The facility is required to maintain written investigative reports for as long as the alleged abuser is incarcerated or employed by the LLCC, plus an additional 5 years in accordance with DOC records retention schedules. Policy prohibits the termination of an investigation if an inmate is released or a staff member is terminated or terminates employment.

LLCC investigators are required by policy to cooperate with outside investigators and attempt to communicate to remain informed about the progress of a sexual abuse investigation. According to a targeted interview with one of the designated Investigators, if the State Police were to conduct an investigation of sexual abuse, the facility investigator serves as a liaison and would keep facility administrators informed of the progress of the investigation. The investigator stated that if the State Police investigate an allegation, they typically work together and share information. There has been one investigation referred for prosecution this audit period, which is still pending. The investigative report indicates collaboration between LLCC Investigators and the KSP.

At the time of the on-site audit, LLCC employs and provided training records for 23 staff members who have received specialized training to conduct sexual abuse investigations in confinement facilities. The auditor was provided training curricula and training certificates of designated investigators. The auditor reviewed and verified that each of the facility investigators had proof of receiving the specialized training required by the standard. Each investigator had received specialized training to conduct sexual abuse investigations in confinement settings. Targeted interviews with a facility investigator verified they are available to respond immediately, if necessary.

The Auditor conducted a formal interview with one of the facility's designated PREA Investigators. The Auditor asked the Investigator to describe his process when he is conducting an investigation. He stated he interviews the victim, alleged perpetrator, inmate witnesses, and staff witnesses, if applicable. He stated he reviews the scene, and preserves any evidence, if necessary. In accordance with the standard, he will gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data. He reviews criminal histories on all inmates involved, disciplinary history, incident reports, and classification actions. The investigator reviews video footage if applicable, telephone recordings, staff logs, and any other relevant items which could be considered evidence to support the determination. He will notify the PCM and facility administration of the allegation. If at any point during the investigation he determines there could be potential criminal charges involved, the investigation would be reviewed and discussed and State Police would be contacted. The facility or the LLCC can contact the Commonwealth Attorney for referral and consultation as warranted. The Investigator stated he begins the investigation immediately after receiving an allegation.

All investigative files are maintained electronically in the KOMS system with limited access. Investigative files are maintained for a minimum of five years after the abuser has been released or a staff abuser is no longer employed. In accordance with KDOC policy, an offender who alleges sexual abuse shall not be required to submit to a polygraph examination or other truth-telling device as a condition to proceed with the sexual abuse investigation.

If an allegation is reported anonymously, the Investigator stated the investigation would be handled the same as any other investigation. Staff indicate they would continue the investigation even if an inmate is released or a staff member terminates employment during the investigation.

The LLCC has had 17 incidents that required investigation during the review period. The auditor reviewed investigative reports for all 17 allegations of sexual misconduct during the past 12 months. A

review of the investigative files indicate that the investigators are conducting the investigations in accordance with the standard. The reports show evidence that the investigator is gathering evidence, interviewing witnesses, victims, perpetrators, and conducting the investigation promptly. The investigations appear to be conducted promptly, thoroughly and objectively.

There has been one allegation referred for criminal investigation and prosecution during this audit period, which was still pending at the time of the on-site review.

After a review, the Auditor determined the facility meets the requirements of the standard.

3. Review of Investigative files for the past 12 months

Interviews with the following:

- PCM
- Investigative Staff

Findings:

The KYDOC's policy is in compliance with the requirements of the standard and imposes no standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated.

A formal interview with one of the designated Investigators confirmed that the staff responsible for administrative adjudication of investigations is aware of the requirements of the evidentiary standard. The investigator was able to articulate what preponderance meant and how he arrives at the basis for his determinations. There have been 17 allegations of sexual abuse or harassment within the last 12 months for which the auditor reviewed the investigative files. The auditor reviewed examples of substantiated allegations, including the basis for the determinations. A review of all 17 files indicates that the investigations are being conducted in accordance with the standard.

After a review, the Auditor determined the facility meets the requirements of the standard.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Review of investigative files and notification to inmate

Interviews with the following:

- PCM

- PREA Coordinator
- Investigator

Findings:

The KYDOC policy is written in accordance with the standard and requires an inmate be notified when a sexual abuse allegation has been determined to be substantiated, unsubstantiated, or unfounded following an investigation. The auditor conducted targeted interviews with the PCM and Investigator. The agency is responsible for administrative investigations. There has been one allegation referred to the Kentucky State Police during this audit period. The investigation was deemed substantiated at the facility level, but is still pending with the State Police at the time of the on-site review.

Staff indicated that inmates are informed of the results of an investigation at the conclusion of the investigation. A standardized form is used throughout the department for offender notification. There is a notification form for offender allegations, as well as staff allegations.

During the past 12 months, there have been 15 allegations of sexual abuse. Per the PAQ, notification was made to 14 inmates. Two investigations are still ongoing and one investigation included two victims, both of whom were provided separate notification.

Four inmates who reported sexual abuse or harassment at LLCC were interviewed during the on-site portion of the audit for targeted interviews. The inmates reported that they had received notification of the outcome of the investigation.

The Auditor reviewed the investigative files for all reported allegations of sexual assault during the review period. The LLCC made notification to the inmates at the conclusion of the investigation as required. Interviews with a facility investigator and PCM confirmed their knowledge of their affirmative requirement to report investigative finding to inmates in custody.

After a review, the Auditor determined the facility meets the requirements of the standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 3.22
3. Interviews with Staff

Findings:

The KYDOC PREA and disciplinary policies were reviewed and are in compliance with the requirements of the standard. Staff is subject to disciplinary sanctions up to and including termination for violating the sexual abuse or sexual harassment policies. Policy requires that staff found responsible for sexual abuse of an inmate shall be terminated from employment. Employees who are found to have violated agency policy related to sexual abuse and harassment, but not actually engaging in sexual abuse shall be disciplined in a manner commensurate with the nature and circumstances or the acts as well as the previous disciplinary history of the staff and comparable to other comparable offenses by other staff with similar disciplinary histories.

According to the submitted PAQ, in the past 12 months, there were zero staff terminations or disciplinary actions related to the sexual abuse or harassment of inmates. A review of the investigative files and interviews with the staff corroborated this information.

Interviews with facility staff and administrators verified that staff consider a violation of the PREA policy to be of sufficient seriousness to warrant termination and prosecution in accordance with the law. In both formal and informal staff interviews, the staff were aware that the agency has a zero-tolerance policy regarding sexual abuse and any such incidents would be investigated and reported to the appropriate agency for prosecution, if necessary.

The Auditor interviewed facility administration regarding the facility's staff disciplinary policy. Facility administration indicated that if a staff member is terminated for violating the facility's sexual assault and harassment policy, and if the conduct is criminal in nature, it would be referred to the State Police and Commonwealth Attorney's office for possible prosecution. If an employee under investigation resigns before the investigation is complete, or resigns in lieu of termination, that does not terminate the investigation or the possibility of prosecution if the conduct is criminal in nature. The facility would still refer the case to the Commonwealth Attorney's office when a staff member terminates employment that would have otherwise been terminated for committing a criminal act of sexual abuse or sexual harassment.

After a review, the Auditor determined the facility meets the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 3.22
3. Interviews with Staff

Findings:

The KYDOC PREA and disciplinary policies were reviewed and are in compliance with the requirements of the standard. Policy stipulates that contractors and volunteers who violate the sexual abuse or sexual harassment policies are prohibited from having contact with inmates and will have their security clearance for the DOC and LLCC revoked. In the past 12 months, there have been no instances where volunteers or contractors have engaged in sexual abuse or harassment. Staff verified during targeted interviews that there had been no instances of sexual abuse or harassment by contractors or volunteers in the past 12 months. The auditor reviewed the investigative files, which corroborated this information.

A targeted interview with 5 contract staff members verified that they consider a violation of the PREA policy to be of sufficient seriousness to warrant termination from the facility. The contract staff were aware that the agency has a zero-tolerance policy regarding sexual abuse and any such incidents would be investigated and reported to the appropriate agency for prosecution, if necessary.

The Auditor interviewed facility administration regarding the disciplinary policy regarding contract staff and volunteers. Facility administration indicated that contractors and volunteers who violate the sexual abuse or sexual harassment policies will have their security clearance revoked immediately. Contract staff would most likely be terminated by the contract employer. If the conduct is criminal in nature, it will be referred to investigators, with referral to the State Police and the Commonwealth Attorney's office for possible prosecution, as well as reported to any relevant licensing bodies.

After a review, the Auditor determined the facility meets the requirements of the standard.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 15.2, 14.7
3. Inmate Handbook
4. Review of Investigative Files
5. Review of Classification Records
6. Interviews with Staff

Findings:

The KYDOC policy directs that inmates are not permitted to engage in non-coercive sexual contact and may be disciplined for such behavior. Policy dictates that staff is prohibited from disciplining an inmate who makes a report of sexual abuse in good faith and based on a reasonable belief the incident occurred, even if the investigation does not establish sufficient evidence to substantiate the allegation.

LLCC prohibits sexual activity between inmates. Inmates found to have participated in sexual activity are internally disciplined for such activity. If the sexual activity between inmates is found to be consensual, staff will not consider the sexual activity as an act of sexual abuse. Instances of sexual activity between inmates, if reported to be consensual, are still investigated and each case is taken at face value.

KYDOC policy states inmates are subject to formal disciplinary action following an administrative finding that they engaged in inmate-on-inmate sexual abuse. According to the submitted PAQ, there have been two substantiated instances of inmate-on-inmate sexual abuse. Investigative reports indicate that a substantiated report of inmate-on-inmate abuse resulted in a disciplinary charge for the perpetrator. There have been no criminal findings of guilt for inmate-on-inmate sexual abuse. The auditor reviewed the investigative files for all 17 allegations of sexual misconduct within the last 12 months.

According to policy, disciplinary action for inmates is proportional to the abuse committed as well as the history of sanctions for similar offenses by other inmates with similar histories.

Agency policy requires that staff consider whether an inmate's mental health contributed to their behavior before determining their disciplinary sanctions.

There is mental health staff on site to provide mental health services to the inmates at LLCC. Mental health staff provides an array of services, including programming, supportive counseling and crisis intervention. Mental health staff are on call for emergent needs and can transfer inmates if they need more in-depth mental health treatment. Any decision to offer counseling or therapy to offenders and the initiation of any such counseling or therapy for individuals who have committed sexual offenses would be done at the discretion of the mental health staff in conjunction with a treatment plan for the offender. Psychology staff stated that they would provide services to inmate perpetrators, if requested.

Agency policy stipulates that inmates will not be disciplined for sexual contact with staff unless it is substantiated that the staff did not consent. There were no substantiated instances of inmate on staff sexual assault during the audit period.

Agency policy prohibits disciplining inmates who make allegations in good faith with a reasonable belief that prohibited conduct occurred. Interviews with staff and inmates confirm that LLCC is adhering to the provisions of the standard.

The Auditor reviewed investigative files, classification files, inmate records and interviewed staff, including a targeted interview with the PCM. There is no evidence to suggest an inmate received a disciplinary charge for making an allegation of sexual abuse or sexual harassment in good faith.

Interviews with staff and inmates confirmed their knowledge of the policy regarding inmates engaging in non-coerced sexual activity. Furthermore, the staff and inmates were aware that the agency has an internal disciplinary process for inmates who engage in sexually abusive behavior against other inmates and knew that they could be disciplined for sexual abuse. The auditor reviewed disciplinary reports for consensual sexual behavior and found them to be in compliance with the standard.

After a review, the Auditor determined the facility meets the requirements of the standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. PREA Screening and Follow-up
4. Random Review of Files
5. Follow up mental health referral within 14 days
6. Interviews with Staff, including the following:
 - a. PCM
 - b. MH Staff
 - c. Medical Staff
7. Interviews with Inmates

Findings:

The KYDOC's policy is consistent with the requirements of the standards. The policy requires staff to offer a follow-up meeting with medical or mental health staff within 14 days of arrival at the facility for an inmate that reports sexual victimization, either in an institutional setting or in the community. It is the

policy of the KYDOC to identify, monitor and counsel inmates who are at risk of sexual victimization, as well as those who have a history of sexually assaultive behavior.

A random review of inmate files validated that the screenings were being conducted in accordance with the standards and the policy. In addition, there were several documented instances provided by the facility where inmates who were identified as needing follow up care, were offered the follow-up care within the 14-day period prescribed by the standards. An interview with medical staff and mental health staff confirms that if an inmate answers yes on the screening question that they have experienced previous victimization, it automatically triggers an alert for a referral and the inmate is offered a follow-up meeting, which is scheduled at that time. The mental health provider indicated that the 14-day follow-ups entailed a face-to-face meeting with the inmate. Staff also stated that the follow-up meetings typically occur sooner than 14 days.

Of the currently housed inmates at the time of the on-site review, there were 7 inmates identified as having reported previous sexual victimization that were interviewed during the targeted inmate interviews. The inmates all recall being offered mental health services.

The Auditor conducted a formal interview with mental health staff. The staff member indicated that inmates identified as needing follow-up care are scheduled to be seen within 14 days. When asked who this information would be shared with, the staff was clear about confidentiality and that this information would be only be shared with those who needed to know. Mental health staff confirm that services are offered to both inmates at risk of victimization, as well as inmates who have a history of sexually assaultive behavior.

This information is recorded in the KOMS electronic system and each staff member with access has an individual login and password. An interview with the PREA Coordinator and PCM confirmed that information related to sexual victimization and sexual abusiveness is kept secure and confidential with limited staff access. This information is limited access and only used to make housing, bed, work, education, and other program assignments.

KYDOC policy states that medical and mental health personnel will obtain informed consent from inmates before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the inmate is under the age of 18. Interviews with medical and mental health staff confirm that they would gain informed consent before reporting information about prior sexual victimization that did not occur in an institutional setting. The auditor reviewed examples provided by the facility of completed informed consent forms.

After a review, the Auditor determined the facility meets the requirements of the standard.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Shift Supervisor Checklist
4. Interviews with Staff, including the following:
 - a. PCM
 - b. Investigator
 - c. Medical Staff
 - d. Random Security Staff
5. Interviews with Inmates

Findings:

The KYDOC policy is written in compliance with the standard and states that all inmate victims of sexual abuse will receive timely, unimpeded access to emergency medical treatment and crisis intervention services. Interviews with medical staff confirm that victims of sexual abuse would receive timely, unimpeded access to emergency medical treatment and crisis intervention services. Contract medical staff through Wellpath provide coverage 24 hours per day, seven days a week. The staff are aware of their responsibilities with regard to protection of the victim and evidence in the case of a report of sexual assault. In addition, the contracted medical and mental health staff are available 24 hours per day in the case of emergency and/or for crisis intervention services. This was confirmed by the PCM and medical staff. For services that are outside the scope of their experience, the victim can be treated at the local emergency department. Forensic exams are conducted off-site at the University of Louisville Hospital by qualified forensic nurse examiners. An advocate from the rape crisis center, The Center for Women and Families is available at the request of the victim. The auditor verified the availability of both of these services.

There was one documented allegation of sexual abuse requiring emergency medical or mental health services during the review period. The auditor reviewed the investigative file for this allegation and found that the actions taken by staff were in compliance with the standard and the inmate was offered emergency medical treatment and crisis intervention.

KYDOC policy states that all inmate victims of sexual abuse will be offered information and access to sexually transmitted infections prophylaxis in accordance with professionally accepted standards of care, where medically appropriate. Medical staff was interviewed and confirmed the fact that they knew that they had an affirmative responsibility to provide care without regard to the ability of the victim pay for services or identify the alleged abuser, and the requirement to make a provision for STD prophylaxis if required. They confirmed that victims of sexual abuse would be offered these services either at the emergency room or as a follow-up once returned to the facility. There has been one allegation of sexual assault at the LLCC in the last 12 months requiring these services. The inmate was offered these services.

LLCC policy states that forensic examinations will be performed by Sexual Assault Forensic Examiners (SAFE's) or Sexual Assault Nurse Examiners (SANE) at a local hospital without a financial cost to the victim. The facility has an agreement with University of Louisville Hospital to perform this service. Interviews with medical staff confirm that victims of sexual abuse would not be charged for services received as a result of a sexual abuse incident. There has been one allegation of sexual assault at the LLCC in the last 12 months requiring these services. The inmate was transferred to the hospital and received services without cost.

After a review, the Auditor determined the facility meets the requirements of the standard.

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Interviews with Staff, including the following:
 - a. Mental Health Staff
 - b. Medical Staff
4. Interviews with Inmates

Findings:

The KYDOC policy is written in compliance with the standard and states that the facility will offer medical and mental health evaluation and treatment to all inmates who have been victimized by sexual abuse in any prison, jail, lockup, or juvenile facility. The evaluation and treatment of such victims will include follow up services, treatment plans, and referrals for continued care following their transfer or release. Interviews with medical and mental health staff confirm that these services would be available to inmates who have been victims of sexual abuse, and these services would be consistent with the community level of care. Interviews with medical and mental health staff reveal that they feel the care is much better than the community level of care.

Inmate victims of sexual abuse while in the facility will be offered tests for sexually transmitted infections as medically appropriate. Interviews with medical staff confirm that inmate victims of sexual abuse would be offered tests for sexually transmitted infections and emergency prophylaxis. There has been one allegation of sexual assault at the LLCC in the last 12 months requiring these services. KYDOC policy states that all treatment services for sexual abuse will be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident. Interviews with medical staff confirm that these services would be provided to the inmate at no cost. There has been one allegation of sexual assault at the LLCC in the last 12 months requiring these services. These services were provided at no cost to the inmate.

The auditor reviewed documentation provided by the facility of ongoing services and mental health care for inmates identified as victims. In addition, the facility provided documentation of mental health evaluation and follow-up of identified inmate-on-inmate abusers. In a targeted interview with the mental health staff, she stated that inmates that both high risk victims and high-risk abusers would be offered services.

Staff interviews confirmed the presence of policies and procedures consistent with the standard and also confirmed the medical and mental health staffs' knowledge of the policy and standard. Staff are well-versed in their responsibilities with respect to PREA related incidents. Interviews with inmates confirm they are generally aware of the availability of services should they request or require them. The Center for Women and Families, the local rape crisis center is available for crisis counseling and/or advocacy services and inmates can request to speak with mental health. There was one allegation of sexual assault during this review period where the inmate was transferred to the hospital. There was not a request made by the inmate for an advocate to be present.

After a review, the Auditor determined the facility meets the requirements of the standard.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Incident Reviews
4. Interviews with Staff

Findings:

The KYDOC has a policy that governs the review of all substantiated or unsubstantiated allegations of sexual abuse. Agency policy states that a sexual abuse incident review will be conducted within 30 days after the conclusion of every sexual abuse investigation unless the allegation has been determined to be unfounded. The review team will consist of upper-level management officials, supervisors, investigators, and medical/mental health personnel. During this review period there have been 17 total allegations of sexual misconduct and corresponding administrative allegations in the previous 12 months at LLCC. Of these allegations, 15 were sexual assault and 2 were sexual harassment. Excluding unfounded incidents, there were 8 criminal and/or administrative investigations of alleged sexual abuse completed at the facility. The auditor reviewed examples of the incident reviews provided by the facility. They were completed within 30 days and considered all elements as required by the standard.

In accordance with the standard, KYDOC policy states that the review team will consider a need to change policy or practice to better prevent, detect, or respond to sexual abuse; if the incident or allegation was motivated by race, ethnicity, gender identity, lesbian, gay, bisexual, transgender, or intersex identification, status, perceived status, gang affiliation; the area in the facility where the alleged incident occurred to assess whether physical barriers in the area may permit abuse; the adequacy of staffing levels in that area during different shifts; and whether monitoring technology should be deployed or augmented to supplement supervision by staff. An interview with two members of the incident review team, as well as the Warden confirms if there was an incident that required a review, all these factors would be considered. An interview with the PCM confirms that a report of the findings, including recommendations for improvement, would be completed and submitted for inclusion in the file. The Warden will review the recommendations. The PCM also stated any recommendations would be implemented, or the reasons for not doing so would be documented.

The LLCC has appointed a team that conducts incident reviews at the conclusion of any sexual assault investigations as stipulated by the standard. This was confirmed by formal interview of the Warden and PCM. A written report of the findings is prepared and maintained by the PCM. She indicated that the reviews take place within 30 days of the conclusion of the investigation.

Sexual Abuse Incident Reviews are conducted in a standardized method department wide. Team members meet to discuss the various components required by the standard and then this is documented on the Sexual Abuse Incident Review Report Form. The PREA Coordinator's office and assigned staff track the incident reviews to ensure that they are complete and require a copy be submitted to them upon completion in the required timeframe. This oversight and standardization are completed for all sexual abuse related abuse allegations.

After a review, the Auditor determined the facility meets the requirements of the standard.

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Annual Report 2021
4. Monthly Report
5. Memo
6. Interviews with Staff

Findings:

The KYDOC policy is consistent with the requirements of the standard and states that the agency will collect annually accurate, uniform data for every allegation of sexual abuse necessary to answer all questions from the most recent version of the Survey of Sexual Violence conducted by the Department of Justice and complete an annual report based upon said data. The Auditor reviewed the Annual Report available on the facility website, including aggregated sexual abuse data for calendar year 2021. (Data for 2022 was not yet available at the time of the review.)

An interview with the PREA Coordinator confirms the agency maintains, reviews, and collects data as needed from all available incident-based documents, including reports, investigation files, and sexual

abuse incident reviews. Data from the previous calendar year is supplied to the Department of Justice no later than June 30th, if requested.

The facility is collecting and aggregating sexual abuse data on an annual basis as required by the standard. The report uses a standardized set of definitions, which are available on the facility website and in the KYDOC policy.

Each KYDOC facility, completes monthly reports and submits them to the PREA Coordinator's office for review. The KYDOC collects accurate, uniform data for every PREA related allegation using a standardized instrument and set of definitions using our Kentucky Offender Management System (KOMS). Each incident is logged in the KOMS system which allows for review and accurate collection of data throughout the agency.

After a review, the Auditor determined the facility exceeds the requirements of the standard.

1. LLCC Completed PAQ with ADP
2. Statistical Report 2021
3. Annual Report 2021
4. Website with sexual abuse data
5. Interviews with Staff

Findings:

The KYDOC policy is consistent with the requirements of the standard and indicates that data collected pursuant to 115.87 will be made readily available to the public through the agency website, excluding all personal identifiers after final approval. The Auditor reviewed the Annual Reports available on the agency website, including data for calendar year 2021. Data for 2022 was not yet available at the time of the review. The reports indicate that the agency reviewed the data collected in order to assess and improve the effectiveness of its sexual abuse prevention, detection, and response policies, practices, and training. The report, entitled "Annual PREA Report" includes an overview of the facility's plan for addressing sexual abuse and aggregated data. The annual report indicates the agency's efforts to address sexual abuse include continually providing education and staff training, as well as evaluating processes and standardization. Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Evidence Relied upon to make Compliance Determination:

1. LLCC Completed PAQ
2. KYDOC Policy 14.7
3. Annual Report
4. Statistical Report
5. KYDOC Website containing sexual abuse data
5. Interviews with Staff

Findings:

The LLCC policy is consistent with the requirements of the standard, which mandates that sexual abuse data be securely maintained and indicates that data collected pursuant to 115.87 will be made readily available to the public through the agency's website, excluding all personal identifiers after final approval by the Commissioner. Policy states the agency will ensure all data collected is securely retained for at least 10 years after the date of the initial collection unless Federal, State, or local law requires otherwise. All sexual abuse data and files are maintained in the KOMS electronic system, with limited facility access, including the PCM, and senior facility management. Aggregated sexual abuse data is gathered from the investigative reports. The Auditor reviewed the agency's website, which included annual reports with aggregated sexual abuse data, as well as an analysis of the data. There were no personal identifiers contained within the report. The Auditor was informed sexual abuse and sexual harassment data is maintained for a minimum of 10 years after collection.

After a review, the Auditor determined the facility meets the requirements of the standard.

Evidence Relied upon to make Compliance Determination:

1. Previous Audit Report
2. PAQ
3. On-Site Review

Interviews with the following:

- PREA Coordinator
- Warden
- PCM
- Random and Targeted Inmates

Observation of the following:

- Observation of, and access to all areas of the LLCC during the site review

The LLCC had its last PREA Audit April 26-28, 2021. The Auditor reviewed the facility's previous PREA report. The Auditor was given full access to the facility. The facility administration was open to feedback and all recommendations were implemented immediately. The facility provided the Auditor with a detailed tour of the facility. The Auditor was able to request, review and receive all requested

documents, reports, files, video, and other information requested, including electronically stored information. All requested documentation was provided in a timely manner.

All staff at LLCC cooperated with the Auditor and allowed the Auditor to conduct interviews with staff and inmates in a private area. The auditor was permitted to conduct unimpeded private interviews with inmates at the LLCC, both informally and formally. The Auditor was given private interview rooms to interview inmates, which were convenient to inmate housing areas. The LLCC staff facilitated getting the inmates to the auditor for interviews in a timely and efficient manner. Informal interviews with inmates confirm that they were aware of the audit and the ability to communicate with the auditor.

The auditor was able to observe both inmates and staff in various settings.

Prior to the on-site review, letters were sent to the facility to be posted in all inmate living areas which included the Auditor's address. The Auditor observed notices posted in each inmate living unit that were emailed to the PREA Compliance Manager prior to the Audit. The Auditor received documentation that the notices to inmates were posted six weeks in advance of the first day of the audit. The auditor received no confidential letters from an inmate at LLCC.

KYDOC Central Office Staff completed a mock PREA audit at the facility in January 2023. This report was made available to the Auditor.

The facility had an onsite review and audit within the three-year period of the last audit and has completed the onsite review and audit process. After a review, the Auditor determined the facility meets the requirements of the standard.
